10:23:48 am

Miro Lajcak

10:24:31 am

ML

Yecch

10:26:43 am

I thought much more about your hesitancy for president. - I believe that there is some difference between that and other roles that you have considered. But in today's environment, assuming it will be politics, I think the risks are the same. Being head of council of Europe. Just means there are many countries with the same goal rather than just the Slovak parties. . more later

10:30:43 am

I think you are kidding yourself to think you are safer outside rather than in.

10:31:42 am

In fact, the resources that can be used on the outside much more powerful than in. Sorry but I've now done my homework

10:33:10 am

Miro Lajcak

So you suggest that I run?

10:33:48 am

1212 5333739

That is a very personal decision. - What I think warrants further discussion is, if you, as I believe you do, want to stay in politics. And the reason not to run is, as we have discussed, then I think it requires a cold assessment. You are under a microscope. The only question is how many eyes are looking and who's eyes are they

10:37:52 am

IT used to come down to the effort the other side was willing to make. Money time. resources. etc. now that moat is dry

10:39:22 am

Miro Lajcak

It's complicated. Would be good to sit down and talk

10:40:39 am

1212 5333739

Agreed .

10:40:51 am

Miro Lajcak

Are you in Paris? Or will you be anytime soon?

10:41:35 am

1212 5333739

I will make a schedule over the weekend and let you know

10:41:49 am

Miro Lajcak

12:10:11 pm

MBZ?

12:10:21 pm

Miro Lajcak

If it was someone else, reaction would be massive. But Trump (except for making noise) will try to go on as usually

12:11:50 pm

do you think abs should postpone the conference . Move ahead with the risk that more people pull out?

12:12:41 pm

mbs*

12:12:51 pm

Miro Lajcak

I think he should postpone. Right now there is a campaign to pull out. No way in current atmosphere he can achieve his goal

World Economic Forum

Dear Mr ,

The World Economic Forum has a long history of fostering multistakeholder dialogue and impact in the global public interest. There has been an increase in the use of the World Economic Forum brand and its derivatives for activities and events that are not organized by, supported by or associated with the World Economic Forum. As such, the Forum is in the process of taking measures to protect its brand and regrets any confusion this causes in the interim.

Please contact your Partner Engagement Manager at sadaf.hosseini@weforum.org with any questions.

Kind regards,
