He hasn't responded to any mail and haven't heard from him. Am out I guess.

Doing rockefeller fellowship for 2 years and endovascular neurosurgery every day

01:30:48 pm

I will wait a month or so and send another note

01:59:40 pm

I think he thinks this six months of abuse by larry and the team is a really nice parting gift - I don't think so in fact I don't even know if he knows how gross the team larry are/have been

02:00:31 pm

Don't know what to do but feel very small Compared to him and his machinery

02:03:54 pm

what do you want to do?

05:59:34 pm

I do not know what my choices are - he is very vindictive and petty.

Seems like at this point next best step is to give him an option to be supportive and set a time limit for his response - maybe 2 weeks or something like that.

If no response then somehow escalate. For being a total jerk.

I'm scared of doing anything beyond asking nicely for anything. I saw how he destroyed steve and Nathan and boris and ballmer and everyone he wants to destroy. Larry does his thing with the media and all his whisper campaigns across all networks. Melinda gets me fired from my academic role. He tells all his CEO buddies whatever he wants. I won't be able to catch up and it will all happen in 2 seconds behind my back and before I even knew what hit me. He's threatened to "destroy" me more than once.

11:51:17 pm

In other news though, Paul Allen's CEO and his COO both reached out to me. The COO wants to meet next week and the CEO says sometime in the coming months.

I think they are planning a really big reorganization and firing/restructuring a lot of stuff that the last leadership team had in place.

I had some ideas for them and for Paul about how to maybe turn his science stuff a little more towards the markets.

oo

Sort of like the Harrington project

Not good  
06:33:42 pm

oo

What's not good

06:36:53 pm

Harrington? It's just a way to help turn some of Paul's science research grants/bets into investments.

If academic institutions can build tech transfer units and stuff like that I suspect he can do a lot more efficiently from a private perspective.

06:39:00 pm

Ok I'm not scrubbed in I have to go talk to a patient upstairs so text and I will meet you on 9th avenue.

06:44:54 pm

oo

Oh sorry that was for the medical student

Of course what's easiest  
Me sending intro email or just giving you Email? He doesn't usually respond unless he knows the person
