ill help

09:59:28 am

which subject did you choose. make it original. it doest have to be true, . they want to understand how you organize your thoughts and use vocabulary , they do not care if it is true

o

Thank you for your help. I appreciate it very much. Can we skype later when I get home ? I tried to write on both 1st and 4th topics but still hesitating which one to pick... Unfortunatly my vocabulary is not so enriched

10:27:12 am

I think the 1st topic makes it more personal and they will appreciate it more rather then if it's invented

where?

12:03:12 pm

i told you that they want to see your thought , but again you tell me what you think they want, this is silly , stupid and a waste of time, i was not asking your opinion on things you no nothing about again, just folow directions from someone who knows something, your opinions are only valuable to you.
