Love Jack. He's like an Asian version of you minus the testosterone...
02:42:08 am

Always happy, positive super smart, doesn't drink, focused on only what matters, refuses to wear regular clothing or ties, and doesn't care about technical or esoteric things. Plus he's very very kind.
02:42:08 am

They made him wear a jacket.

Ha. The African Development Bank is using a Unit of Account which is registered as XUA as ISO 4217 standard currency code. It is not exchanged directly by individuals, it is used for accounting between state members.
