did you get your toy yet

11:57:59 am

I put promotional vibrator video on Dropbox yesterday. Not sure if better than massager but at least small.))

11:59:40 am

It was funny to do such shopping ...

12:01:44 pm

jeevacation

great job. the one you bought you can put inside you and the little end on your clit.

12:13:02 pm

Yes but I used it as massager, the one that you have which is nice is a bit big and I don't want questions in security checks 😊

12:14:57 pm

Video didn't look strange? When I watched it was a bit confusing if it looks okay.

12:15:42 pm

jeevacation

looks great. try putting it inside and though i know you will resist. play with it a bit against your ass. to wake it up.

12:17:29 pm

a bit of anal would be good for you

12:18:28 pm

it will force you to relax

12:18:39 pm

If I find where to put inside I will try. I don't think I can do something around add, when you asked if there is something I haven't told to anyone there are some bad memories about it.

12:24:34 pm

jeevacation

i understand . thats why its important to get over it. use lube just play around the area. there is something called a butt plug that they sell. but it might be too fast for you

12:25:53 pm

you need to learn to relax your ass. holding it tight makes too much tension

12:26:33 pm

and even if its your finger. this way you can't get hurt again

12:26:55 pm

I will try but I think for it to work I need brain washing or psychologist.

12:57:29 pm

jeevacation

you can do it. just smile

12:57:54 pm

push with your finger as you breath out.

01:06:04 pm

Okay, thank you for your support. I will try and eat before a lot to think less 😊 but remembering past doesn't help me to smile usually to cry and fall in depression.

01:09:45 pm

jeevacation

no need to remember past. look forward not behind. :)

01:10:20 pm

overcoming that fear, is healthy ,sorry but true. just don't break it by accident:)

01:13:35 pm

Break what?

01:14:06 pm

jeevacation

your asshole

01:14:14 pm

How is that possible?

01:14:39 pm

jeevacation

i never heard of it before but i feel confident that if there is someway to break something you'll figure it out.

01:15:13 pm

Ha ha, of course 😊 funny you.

01:15:56 pm

It is just amazing how you can make fun out of everything. No comments

01:26:10 pm

01:26:27 pm

Cutlets look nice not scary...

01:27:11 pm

jeevacation

yes for butt

01:27:20 pm

its called a butt plug

01:27:31 pm

It looks a bit big

01:27:45 pm

jeevacation

they come in sizes . tiny to your size :)

01:28:17 pm

Should I get it? Or later?

01:28:42 pm

jeevacation

so if you put the one you bought inside your puss . the little end should rest on your clit. . and then smile

01:29:08 pm

don't put it in your mouth when on. it might break your teeth?

01:29:40 pm

Why in mouth? 😬

01:29:59 pm

You know if it was about me eating everything.... it doesn't smell like food. Otherwise I don't put it in my mouth.
