I like it a lot . great fun

01:47:12 pm

I was sending to all model agencies random measurements 😊 saying that my ass is 86

04:43:19 pm

Then they measured and it is 96 😊😊😊 i was just a bit mistaken

04:44:01 pm

And you asked about where my friends work, most of them are torturing themselves or work in shops or don't have work. The ones that are happy have family business or acquaintances who just put them in good positions and gives to take over the business or these are some models which are not close friends of mine but seem to have fulfilled their lives. So if person doesn't own something you don't have time or money to live. I liked idea of modeling and acting because it is fun and if you get a bit famous you can open some business because you already have some popularity. I missed it 😊 my father expects me to open a company just not sure what, I could only have a bakery 😊 I would love it but not really earning money.

Sorry for long message, when I see you I don't answer very well, you distract me 😊 and I mean i know only about Latvia and corruption is high so whom you know means a lot. In Spain there just isn't work, hotels and waitresses.
