When I told you that I had two very young Russian speaking children coming , you told me " dashes is my friend not a children's toy . Same said to [REDACTED]

[REDACTED]

I don't understand about what I must say [REDACTED]? I mean that I can't manipulate Dasha and if she doesn't want I can't push, I mean that she has her opinion,she is not toy, for managing if she doesn't want. I told not a toy, she is a person, without "children's" toy.

09:06:46 am

Can I send my description?) I prepared it the whole night)

Yes and instead it of trying to help me and tell her it's ok you are safe yes u told me she is not a toy .

11:29:31 am

Jeffrey you know truth why do you need to take word from context? Dasha is so important for you? Why we discuss a lot about her. She have done her choice. She is enough strong for making it without me. What you want to hear about it from me?

11:56:31 am

jeevacation

it is only about you, i don't care one instant re dash , it is you that thinks she more important than helping me

12:46:58 pm

Jeffrey, you are number one in my life, you and only you. I think about you every day, every morning and evening, I never worry about someone more that about you, please. I never afraid not justify hopes more than yours. I can manipulate every person for you, but not my old friend. I asked her, she was in house, i wasn't against when you touch her it was the same. I'm enough strong for getting that she will come. But really every good friend did as she even if you made her. I do the same for she. And I'm also would feel uncomfortable in this situation. She wants to be a model and it is her choice, she chose more important things in those evening and further for she, not for me and for you. But if you want to know you more important for me than every my friend, but I can't betray her, standing on my opinion, it is unscrupulously. And if you needed a help, you could change me flight. But you was there happy, i saw your eyes. What's change? You are amazing person who I have never seen before and I think never will see. Of course I choose you.

01:10:35 pm

jeevacation

i didn't change your flight because of the poling incident. you embarrassed [REDACTED], you ignored me , and all because it was IMPORTANT to you

jeevacation

as you can tell i am very frustrated and not sure what to do? I have spent a great deal of time and effort trying to explain to you why you cannot be stubborn , and not listen to directions but feel a need to hold on to your own ideas. you live alone and i realize that takes strength. you have done a good job in life , whether asking for photos to get you to realease silly beliefs. or ask you to push a bit. you react by saying no , i don't think, I'm not ready , its wrong, its important to me. i tried to teach you to be flexible. but so far it appears that i have failed.

10:34:19 am

[REDACTED]

I got you, but what do you want to say this message?

I have not yet decided what to do. its that simple. I had great hopes but you fight me each inch. not easy for me. you take pride in being right and stubborn I understand it. , however it makes it difficult for me and others to try to teach you, as you fight to change

11:31:19 am

Jeffrey I understand your disappoint and thoughts about me, and so that you don't know what to do. Of course I hope that we can change all and I can be very good assistant for you, unfortunately you have spend more time for me than for someone. But I do my best, and am knowing you and your wishes more and more during the time, and it's not so fast, as you want. I understand it, and feel not good about it. But the whole my life is now around you. And I can find the job, if you will tell me, only after my exams, it will since 15-10 June. Now I need a little bit more money than just for tutors, for life, because now, you know, I haven't different source of money. Sorry, that I have to say it. I don't like this topic, but I haven't different choice.
