Thank you for stopping by to clarify you are referencing the misc. box (labeled out of AUSA/DOJ office) currently in ISS/DCU which contains approx.. 5 TB of data. As we discussed, this data is believed to be a copy of items listed below and included in the 1Bs. If your team confirms the same info. is already in the 1Bs, we will not submit the same data twice. If you confirm the same data is not found in the 1Bs, ISS stands ready to assist by providing an updated 1A submission including all of our 1As and the misc. 5 TB data.

Talk to you soon. We appreciate you and your team. ██████████

Apologies for the delay, I had to go through each NYC number and verify. We still have some restoring left to go, but tentatively, I do not have the following on the archives:

- #3 – NYC024324
- #5 – NYC024390
- #6- NYC024334, NYC024370, NYC024386
- #7- NYC024370
- #8- NYC027908, NYC027911, NYC027913
- Unlabeled harddrive- NYC024324, NYC024370, NYC243390, NYC024319

Please let me know if you want to hold onto those items until the restore is complete sometime next week or if you have a different plan.

Thank you,
██████████
