Subject: 50D-NY-3027571 - 1B136 (Responsive material) Review of Videos and Images

Good afternoon, Sir,

As per your request, please find attached 1B136 Excel Spreadsheet for your review.

Evidence Item **1B136** contains responsive data obtained from evidence items which were seized through sealed search warrants.

Review Summary:

- Most of the files are Internet image and video-based files, including commercial adult pornography.
- Some images are of nude, age difficult females in sexually suggestive poses, in various locations including a beach, and an apartment.
- Some images are of nude, age difficult females appeared to be located at various residences owned by Jeffrey Epstein. In these images, the women are solo, or with multiple women, and in approximately 20 images, Epstein is with the topless women.
- Some images contained identifiable CSAM possessed by Epstein, but none of the CSAM was produced by Epstein.
- None of the non-commercial videos and images with nude females have 3rd party men.
- None of the non-commercial videos and images depict adults engaging in criminal activity.
- Epstein was observed in multiple videos but not engaging in sex.

Please let me know if anything further is needed from us.

Thank you in advance.

Respectfully,
