Hi [REDACTED] - I hope you are having a great week. I'm actually trying to get back to NYC from west palm now.

I am reaching out to see if you can assist with us with the meeting next week?

Everyone [REDACTED] s C20's fabulous OST.

[REDACTED] is my current Program Manager; and [REDACTED] are at VSD. They are coordinating all logistics for the meeting. Would you mind connecting them to security? They will need to coordinate with them for the guests next week.

Please let me know if you have any questions.

Thank you in advance for your assistance!
