Hi ██████████ - I just spoke to Tom there and he is speaking to the Executive Director to see if we can pay in advance for the 6 sessions; and will get back to me. He said the price will be \$200 a session; that sliding scale is for those that make less than 50,000.

I will let you know about payment soon as he emails me.

Do you have any additional information?

Thank you ██████████!

Hi ██████████ - I am reaching out to you regarding the victim in LA in need of counseling urgently. ██████████ just spoke to the Trauma Counseling Center of Los Angeles; and they will accept credit card and can see her next week.

██████████ how should we handle this?

Thanks
