Hi Ladies - I am reaching out to update you on the Epstein case. Today the indictment has been formally dismissed due to his death; meaning that it is now an active FBI Case. I will be the POC for all victims.

The majority of all victims have attorneys; which I have been instructed that we must go through for all victim contact. If any victims reach out to you please redirect them if they have representation.

Also please let both [REDACTED] and I know of all contact/ referrals as we are being asked weekly by Executive Management.

Please let me know if you have any questions and thanks again for your assistance.
