Good afternoon, Craig,

I have gone ahead and cleaned the provided data and will send this up the chain to be added into VNS upon SA/VS approval!

I have separated the international victims, as well as the one victim who did not list any contact information, as he cannot be uploaded into VNS at this time (due to missing information).

Thank you 😊

Lexie

Hi everyone, attached is the tenth batch of victims we were hoping VOSS could upload into VNS. Once uploaded please shoot us all an email so Amina and Huda know they can send out the notification letters.

And we realize if victims don't have email addresses or physical addresses they can't be notified. Some of the people on the list might not have provided all of their information.

Thanks as always, have a great day.

Craig
