Angela-

I have spoken with [REDACTED] on multiple occasions and have referred her to SASO (sexual assault services organization) in Durango. She met with an advocate there and they have begun working with her.

Her biggest issue is that she is homeless. She also doesn't have current identification. SASO has ordered her a birth certificate so we can then get a valid ID to assist in getting employment. They also gave her food cards to the local grocery store.

She is currently refusing any housing assistance. She has a dog and she is unwilling to leave him for any reason. She is living in [REDACTED] As of right now, that is where she wants to be.

Hi Alicia - thank you so much for getting back to me and assisting. This victim just reached out to us this past Monday; but both the Case agent and myself spoke to her on Monday. She is in extreme crisis and alone there.

Her name is [REDACTED] She just left me message hoping I was connecting her there to you. I can give you more details if are free tomorrow to chat.

Let me know what you need - we really appreciate your assistance!

Angela

Hey Alicia - sorry to bother you so late! I hope all is well I haven't seen you in forever!

I just hung up with a victim is who in Durango? Can you assist or is there someone else?

Thank you so much!  
Angela
