Can you provide any details about the victim so we can loop in consular and see if they can help? A name, passport number, dob, etc.... Any details about what the person is going back for (victim interview, to provide testimony, etc)? If we can show the immediacy of the travel, maybe we can get this done.

Hi [REDACTED]

I was hoping that Consular may be able to assist with this. The victim is not an Amcit so will have to go through her own Embassy however Consular may be able to expedite the process.

Hi [REDACTED] - I am a Victim Specialist at the New York Field office. [REDACTED] Beers told me that I could reach out to you regarding a victim in South Africa. We are currently working with victims of the Jeffrey Epstein case; and just found out this week that one is located in South Africa. Victim Services Division is hosting a briefing for these victims in New York on October 23rd. This individual's attorney contacted us regarding her attendance and assistance with travel here. She does have a new born baby and is asking for assistance with Visa's ?

I am reaching out to you in hopes that you could assist us with this. The case agent is [REDACTED] Young whom I have copied here. Please let us know if you have any questions.

Your guidance is greatly appreciated!
