[REDACTED] - I think you are out the remainder of the week; but I'm wondering if we should discuss the below. She has not been interviewed and her attorney Sigrid is stating she is a victim. I am thinking we should discuss how to proceed since she is not a us citizen and payment etc. Let me know your thought on how to best proceed.

Thanks

[REDACTED],  
Has she sought victim assistance from the [REDACTED] government? [REDACTED] has some of the best medical facilities in the world. They were first to conduct a heart transplant. If she wants to speak with a psychiatrist, I'm sure her she or her attorney could identify one and VSD could pay for it. VSD would just need to transfer the money to my office.

Hi [REDACTED] - I actually have been the one in email communication with her. Since she was unable to attend the victim meeting she has been requesting referrals for trauma focused therapists.

At the victim meeting- the victims and their attorneys were told that the FBI VSD would pay up to six therapy sessions if they were not eligible for crime victims compensation. Her attorney told her this and since she has been reaching out asking for it.

Please let me know if you have any questions.

Thank you for your help!

Are you in direct contact with her? What services are you offering?

Can we help get services coordinated for her for right now? The most important thing is making sure she's being taken care of in terms of counseling, etc. We can figure out at a later date about her being interviewed.

Hi [REDACTED].

I know you've been coordinating quite a bit with [REDACTED] regarding a possible Epstein victim in [REDACTED]. We want to make sure we get her connected with services. What would you need from us to be able to help facilitate this? She hasn't yet been interviewed by us, but we've been in contact with her US based lawyer regarding some of her experiences with Epstein.

I'm happy to talk via phone if that's easier.

Thanks,
