Can we help get services coordinated for her for right now? The most important thing is making sure she's being taken care of in terms of counseling, etc. We can figure out at a later date about her being interviewed.

Hi Jennifer,

I know you've been coordinating quite a bit with Angela regarding a possible Epstein victim in South Africa. We want to make sure we get her connected with services. What would you need from us to be able to help facilitate this? She hasn't yet been interviewed by us, but we've been in contact with her US based lawyer regarding some of her experiences with Epstein.

I'm happy to talk via phone if that's easier.
