[REDACTED]

See attached letter an invoice.

I'm requesting emergency funds to reimburse SASO for expenses they paid out of pocket to assist [REDACTED].

When VS [REDACTED] informed me of this victim in my AOR, I immediately referred her to SASO for assistance as I am 6 hours away from her location. [REDACTED] most urgent need was a birth certificate so that she could get a valid ID to be able to obtain work. This also was important for her travel to Miami for the briefing. Also, because of the short notice of [REDACTED] travel to Miami and the distance from me, Ms. Demko assisted [REDACTED] so that she could actually get on the plane to Miami. We also received a call with, very short notice, that [REDACTED] did not have transportation home from the airport. The [REDACTED] airport is a ways out of town and public transportation is minimal. Also, [REDACTED] has absolutely zero income and had no money to travel. Thus SASO fronted the money for these needs. I'm requesting reimbursement to SASO in the amount of \$189. See attached letter and invoice for complete details.
