Good Morning [REDACTED],

Oh my God after you said that I searched "Epstein" and I found out that she got arrested today in New Hampshire and that she will most likely appear in federal court today!!! I just notified Keryn and she will send an email out to the group. If next week, Thursday same time 4pm, works for you let me know? Good luck today and all of this week. I'm sure you're going to be extremely busy. I hope this can definitely help the survivors as well. Be safe.

-Bruno

Good morning Bruno- I am reaching out to see if we can move my talk to next week? You may have already seen the news but I'm not going to be free much today; and if we wait I may be able to discuss a little more since things have happened today.

Let me know if next week is ok for you all?

Thanks

4pm is fine. I dont have a presentation but can do q and a. I can do an overview of my role and then talk about how I specifically worked on Epstein. We can chat before then if you would like.

No need to confirm we are aware that you will all be coming in tomorrow at 1pm. Okay so I just emailed Keryn and she is excited. We are more than happy to have you there of course!!! I do have a couple questions though just so I can clarify with her. The zoom is scheduled for 4PM on Thursday, would that work for you? If you have any time constraints we should be aware of also (like if you have 15 minutes for us, etc.). Would you be alright with general questions on being a victim advocate for the FBI? Lastly would you be presenting something or would it be just a Q&A?

No rush just get back to me whenever you can. Thanks [REDACTED].

I will be there tomorrow at 1pm. I dont need to confirm right?

Let me know what you need from me for Thursday. My work cell is [REDACTED].

Good Morning [REDACTED],

I just wanted to provide you with [REDACTED] [REDACTED] email. Her email is [REDACTED]  
I notified [REDACTED] that I would be emailing you and provide you with her email that way if you have any questions about what the Safe Harbour program does and what services they can provide, she will be best to answer them. I also wanted to see if you were available to come chime in on our weekly open discussion. As I had told you last week the discussion is among CAC staff and we are discussing the final episode of the Epstein Netflix

Documentary. I informed the girls that this is your case and that you had met with Edwards and some of the survivors too. They are all eager to ask a million questions and if you do have time to join us on our Zoom Meeting this Thursday at 4pm, please let me know so I can let Keryn know to email you the link.

Thank you again for everything [REDACTED],
