Importance: Normal

Bridget- I just spoke to her and let her know that behavior wasn't acceptable towards a person who was trying to help her. She brought it up before I was able to - she told me to tell you she is sorry. I also told her texts are discoverable and needs to watch what she sends.

I'm sorry she treated you like that. She will call these places tomorrow.

I really appreciate your help!

Thanks so much!

Angela
