The United States Department of Justice (DOJ) invites you to participate in a meeting for the purpose of providing you with information about the 2006 to 2008 federal criminal investigation conducted by the U.S. Attorney's Office for the Southern District of Florida (USAO) of Jeffrey Epstein. The meeting will include discussion of the U.S. Attorney's Office's interactions with victims. During this meeting, we will be unable to discuss any ongoing investigations, prosecutions or litigation. A Department representative will provide information verbally and will also provide a written summary. There will be an opportunity for invitees to ask questions at the conclusion of the briefing.

Important information about content of meeting:

- **Focus of meeting:** The Department of Justice will provide information on decisions made by federal prosecutors between 2006 and 2008 relating to the USAO's investigation of Jeffrey Epstein. This briefing will not focus on federal law enforcement agents or their activities, state prosecutors, or state law enforcement officials.
- **No information on ongoing investigations, prosecutions and litigation.** We will be unable to discuss or answer questions about any ongoing investigations, prosecutions, or litigation.

Information about meeting participants:

- **Meeting participants:** Meeting participants will consist solely of Department of Justice and FBI representatives, crime victims, crime victims' legal representatives, and, potentially, support persons.
- **Attorneys:** If you would like your legal representative to attend the meeting, they are welcome to do so. Please include their information on the RSVP form.
- **Support persons:** If you would like to travel with a support person, you are welcome to do so. To comply with applicable COVID-19 safety restrictions, however, the FBI will need to limit the number of people allowed access to the FBI building and the meeting. We are committed to providing a safe environment. Whether a support person will be allowed into the FBI building and the meeting will depend on the number of participants able to attend. We will inform you whether support persons will be allowed in the building and the meeting after the RSVP deadline.
- **Therapist and victim assistance specialists:** Due to the difficult subject matter, the Department plans to have a therapist and federal victim assistant professionals available for those who may choose to take a break from the conversation and may like some support.
