Hi Wendy,

I am a Unit Chief with the FBI Victim Services Division. We are not requesting victim names. We are trying to deconflict with your office on notifying victims about the release of names today. Are you available for a quick call?

Respectfully,

Cheryl L. Moores

Unit Chief | Victim Program Management Unit

I need more information. We never release victim names on any case in the Southern District of New York. If you would like to speak to me my cell is [REDACTED] before I speak to you I am going to verify with my Victims crime specialist in New York that you are with the FBI. Further requests like this should go through my FBI victim specialist.

Hello Wendy,

I hope you are doing well. We are attempting to track down any actions your office may have taken (or might be taking) related to Epstein and possible victim names being released. Could you please give me a call on my cell? [REDACTED].

Thank you,
Amanda
