Ariel,

He's a felon on parole who was just released in NYC from his ankle monitor. His probation officer had promised he would not go free, yet LV HERVEY used her "influence", as they continue to try to kill me with threats/harassment/lies/smears/releasing my home address, sharing my ss#, sharing my [REDACTED] trauma journal! They work in tandem with this current administration/Maxwell/Royal family.

NYPD/FBI refused to assist. I've begged. In fact, neither has ever assisted me even though I always assisted them.

I'm a federal and state witness for one of the biggest cases in history and not one soul has even cared if I live or die it seems. David BOIES/Sigrid McCawley have NEVER CARED. They are the liars who used me as their law partner SA multiple clients and they ignored my cries about it. BEDWARDS IS A CRIMINAL WHO IGNORED THE SODOMY OF HIS CLIENT, by his only make law partner. Jennifer and James recently lost very close relatives. So I'm all alone, fighting the world after my purpose has died. [REDACTED] was the only reason [REDACTED] [REDACTED] and I came forward. When we were told the truth about her, everything changed.

I have continued to fight all the conspiracy theorists and royals/current administration, as they abused the hero of this case. [REDACTED] WAS THE ONLY HERO IN THIS STORY, yet everyone tried to erase her or they envied her. I was her bulldog, nipping at the heels of anyone who abused her. [REDACTED] is THE ONLY REASON I used my name on that affidavit. Now my heart is simply broken.

ARIEL thank you for being so kind and noticing. ❤️

When I began exposing the lies of [REDACTED] and [REDACTED] they were so terrified that a federal prosecutor threatened me, and a judge temporarily silenced me.
