George B Tonks (felon that harasses [REDACTED]) is posting on X that Victoria Hervey has met with [REDACTED] father, [REDACTED]. He also posted that "Sigrid McCawley, David Boies and Brad Edwards contacted [REDACTED]s sister [REDACTED] hoping that she could stop her from going after her attorneys", and Tonks adds what looks to be a text conversation between [REDACTED]

I am attaching screenshots of his latest posts on X/Twitter.

This man began attacking me, when I had a public account on X, as he learned I was a supporter of [REDACTED]. He has endlessly attacked [REDACTED] (copied on the email), because she has been an influencer that questioned his narrative, and she has defended [REDACTED] at times. Tonks has posted audio of [REDACTED], in the last couple of days, and has started after her, once again.

This man has never been stopped. It's reprehensible that he and his cohorts are smearing the names of heroes, victims, attorneys, and innocent social media influencers, without any controls. While a few may not be irritated by this, or believe "all publicity is good", there are others DEEPLY impacted by such actions. It is my belief that most everyone in receipt of this email is in a position that provides them ability to DO SOMETHING to HELP victims.
