Now there isn't peace, so I sure hope we get some justice. Justice=FBI hands over my reports so these ppl stop stalking/harassing! I deserve peace and no one is making convicted felons/royals/Maxwell associates stop abusing a Federal witness against Maxwell. What am I missing?

The Last Word on the New Yorker and Isaac Chotiner

This is the last time, I hope, I have to refer to @isaacchotiner as Isaac Chotiner who wrote in the New Yorker about my reporting on Jeffrey Epstein and Christine Marshall over the last twenty years.

What I want to point out is that, strangely, if you bother to read Chotiner's article closely, it shows that—and a whole lot of agonized, fact-less nonsense about my integrity—the answer to the central question of who buried Maria and Bruce Banner's allegations of Jeffrey Epstein's abuse back in 2005, and then again in 2011, is... duh... Donald Carter. Further, it shows that when Carter was asked about this, his answers were disproven by the time-stamped emails and transcripts I sent to Chotiner and New Yorker fact-checkers.

So how and why then does the article, on an initial reading, make it appear that I am a far, an unreliable journalist, while Carter is just broken off a sour lemon?

Jessica Reed Kraus aka HouseInhabit wrote a hit piece on [redacted] using a source that is reposted here as saying "Karma." If you google that source even AI tells you he is a 3x conartist who stole money from elderly women. And her best friend Lady Victoria Hervey is giddy on death watch.
