I was NEVER SHAMEFUL David! Noticing supremacy is not shameful. Being a supremacist is DEEPLY SHAMEFUL DAVID BOIES. You shamed someone with genetic ties to the Middle East and labeled her merely bc she defended BIPOC and teens against supremacists. You used my life's sacrifices and downplayed them while shaming me.

David, you are right up there with Maxwell. Epstein would have even been offended by you morally. He sent me to the Dr when I was sick. You used Sigrid to mock me in ICU during ABVD chemo while Dershowitz defamed me, merely bc a RUTHLESS HACK Webb decided to use my vulnerability the day following brain surgery. ALL OF THIS HAS ADDED UP TO STRIPPING ME OF MY WILL TO SURVIVE. You stole my will.

Epstein never sodomized victims. Your law partner and best friend did just that to traumatize, injure, violate and demean. You committed crimes against your own client by not permitting her the chance to seek justice. Meaning YOU KNEW I WAS BEING VIOLATED BY COUNCIL, so you shamed me instead of assisting. You took advantage of my sister and I have degrees in professions aside from law. We counted on YOU to provide honest council.

I now know Brad/Stan could have been prosecuted and disbarred for harming we victims! You stole my compensation when you lied about a simple appeal, and you stole my ability to seek justice when you never represented my interests, instead you favored a law associate who SAD your own clients! BEDWARDS will be the albatross that sinks your metaphorical yacht. 🐋
