My stolen art. I guess on the island. 😞 Or maybe 66th street apartments owned by Wexner. It never ends, the great gift of my life. My paintings sold for tens of thousands and he used them to decorate for models after stealing them?! The FBI has all this art now. When do I get something returned? My art stolen, compensation for suffering stolen, safety stolen...

I knew I'd seen your beautiful artwork somewhere
I wrote my name in petals on the table
My family call me [REDACTED]
Short for [REDACTED] of course
This was 2002
There is also a book about Maxwell there
Love you 💕
