Yup! She's currently in the US. I have her travel and [REDACTED] already saved from 2000 to current. I'll put the silent hit on Kellen and send out an update when it's confirmed.

Thanks, did you run her recent records to see if she may have already traveled? As we discussed yesterday I'd like to try to put her in pocket.

Also, we should do a hit on [REDACTED] as well.
