Ok great! That's probably when we'll have the data for you.

Hi [REDACTED],

I'm available today at noon. As you may remember the computer I have to use is not the best so what would take 10 min on [REDACTED] computer may take an hour on mine. Three frequency reports shouldn't take very long but just letting you know. Pivot tables may be faster for you but I'm willing to help if I can.

Best,

[REDACTED]

Subject: Epstein/Maxwell PLX assistance tomorrow

Hi [REDACTED]!

Huge favor to ask, we have an interview next week for Epstein/Maxwell and the AUSA's asked us to prepare some information for them. We have old phone records we're working on gathering tonight and need a frequency report against three of our target numbers.

Are you available to help tomorrow? [REDACTED] is out or I would've reached out to her first.

Thanks!
