Thanks – and, for [REDACTED] – [REDACTED] and I spoke, the total for all Epstein/Maxwell cases was 116,000.
And to alleviate any potential concern of others on this email - there is no data call – this is for SES Accomplishments/Performance reviews! 😊

- Total pages processed and delivered to NARA on 6/16/25: 146
- Total pages reviewed for NARA on 7/1/25: 220

Information related to Epstein Redaction Project efforts:

- Total number of pages processed/redacted under the final DOJ scoping criteria? **84,246** pages.
- Which files does this include? The 50 and 31 case files only.

Let me know if I need to send you any of the SITREPs to help tell the story.

Thank you,

Hi [REDACTED]!

The IMD FO would have this information as they have the SitReps for these projects.

Since these were provided to DOJ and NARA via teleporter, TIS would also have an accurate page count if the FO can't locate.

I am adding [REDACTED] and [REDACTED] for response if the SitReps has this info.

Hi,

Do you have a page count for the above documents that were processed for release?

Do you have a page count for Epstein by any chance?
