Hi [REDACTED]

Yes, the HiVis email notification with various links sounds good to me. Will provide any additional feedback or questions once we see the first one.

Thanks  
[REDACTED]

**Subject:** Re: Epstein Requests

Thank you! We will move forward with coordination and start the flow through hi vis on upcoming response determinations.

As to the incoming requests, we have several that also require DO outreach to help with access to certain records or request the office conducts a search of the records. We have communicated about few specific requests that in a FOIA litigation, however we have several others in the administrative stage that need to be actioned. Many were reflected on the previous Excel attachment.

Please let me know how we can efficiently message requests that require general DO engagement. I propose an email notice to IMD FO with links to the IP/Triage dashboard once the request has been triaged internal to RIDS and FLU/OGC per our normal process. We can discuss more during the RIDS 1:1 and upcoming sync meetings. If there is a suggestion or feedback to start to consider, please let me know.

Thanks again!!

Thank you [REDACTED].

Yes, FBI (RIDS and OGC) should be lock-step with DOJ in our Epstein FOIPA requests and litigations, and coordinate with DOJ (to include OIP) on any potential actions and disseminations.

Copy on UC [REDACTED] serving as POC, and per my conversations with OGC, any actions and decisions should also include SC RIDS and SC LitS.

Appreciate you keeping IMDFO updated on these coordination discussions, and proposed actions forward. We will communicate any/all proposals as HiVis items.

**Subject:** Fw: Epstein Requests

All-

As discussed a couple of weeks ago, DOJ/OIP is seeking to coordinate across components for all Epstein related requests .

RIDS has coordinated in this way with OIP on previous subjects where there is a high probability there are overlapping requests. The IMD/RIDS POC for this iteration will be UC [REDACTED] [REDACTED].

Coordination efforts in the past generally relay the anticipated response determination of the FBI to ensure the Department is handling requests consistently and as appropriate depending on the roles and records of each component. For example, the FBI response for records may not align to the same response as OIP or another DOJ component due to the FBI mission and expected records.

Additionally, as discussed, I have engaged OGC SC [REDACTED] [REDACTED] and FLU UC [REDACTED] [REDACTED] to confirm the way forward for requests related to investigative records. OGC concurs that the FOIA responses are to proceed in normal course. UC [REDACTED] indicated he would circle back with [REDACTED] for final concurrence.

The attached spreadsheet outlines the pending requests for FBI. RIDS requests approval to provide the attached information to OIP as a start to the coordination effort. RIDS is not yet aware how OIP will facilitate the coordination but has provided two lead contacts: [REDACTED] (OIP) and [REDACTED] (OIP).

Please let me know if you have any questions.

Thank you,

**Subject:** Epstein Requests

Good morning,

I received the following from OIP:

OIP is facilitating coordination of FOIA requests regarding Jeffrey Epstein for the leadership offices. Details on the coordination process are TBD, but if your component has any Epstein-related requests please let us know that ASAP so we can take stock of what's out there. Lead POCs for this coordination topic are [REDACTED] [REDACTED] (OIP) and [REDACTED], [REDACTED] (OIP). Thank you!

I confirmed that this ask is inclusive of ALL requests (not just litigations).

Please let me know if this is something that will be coordinated through IMD and if there are POCs I can relay back to OIP for this ask?

Thank you,

[REDACTED]
