I don't need access. I will defer to [REDACTED] and [REDACTED] on who would be able to download to a thumbdrive should it be necessary. They are working to try to ascertain if that's even needed today. Thanks!

We are also sending the NY SSA into the NY office to create a shared folder for the "binder photos" and the "items/photos under seal" will be marked as such.  
Thx

Thank you [REDACTED] and I were just discussing to clearly mark the photos as under protective order from those that have been previously released.

It appears DOJ is already saying they can't download from the site, so we will need someone at HQ to have access to the folder and download to a thumb drive to be walked over to DOJ.

[REDACTED] - can you line this up?

Happy 4th Everyone!

Per the Directors request we are getting people into the office to create an electronic folder with photos from the binder that we provided OD [REDACTED] in May. We have to bring some people in from Long Island to get this done and it is already getting busy here so ETA to get this done prob won't be until late this afternoon. Well keep you all updated as the day unfolds. Also, just a reminder that there are photos in this batch that have NOT BEEN UNSEALED. We will clearly mark them in the appropriate folder.

Please advise if anything changes and we are able to waive off.

Thanks everyone.

[REDACTED]....I agree. I don't think FBI should be in the position to be selecting which photos/videos to release. This has always been a DOJ thing, if it were up to NYO we would let the thing die and move on (as you know).

That said, we will cooperate with whatever HQ and DOJ think is best.

Hi [REDACTED]

There are a few folders and sub folders in the link. Can you please confer with your leadership and identify exactly what you intend to publish. There seems to be more in there than was described to us. Also, we'll need to eventually identify for JMD the precise items FBI intends to publish.

Thank you,

Good evening:

Unfortunately, even if I zip the photos into numerous files, it is still "bigger than the server allows," and would mandate potentially hundreds of emails.

That said, another link was sent to [REDACTED] and [REDACTED]. We are hopeful the link will work on their DOJ account now. If it does not, the only viable option is another thumb drive.

Chief of Staff [REDACTED] will coordinate with Operations Director [REDACTED] to determine next steps.

Please let me know if you have any questions when you are reviewing the material.

Thank you.

Below is another link to the files on the SharePoint.

Last month, we provided DOJ a thumb drive of the photos from the shared drive but need access beyond the thumbdrive.

Can you please add [REDACTED] to the access list?
