Hello, [REDACTED] –

Please standby as we see if we can free up a JEFS license due to resources. Teleporter is the current alternative.

Kind regards,

The JEFS Team

[REDACTED]

All of the exhibits admitted at the Maxwell trial (both Government and defense) – including many sealed exhibits, as notated in the Excel index attached to this email – are available at this USAfx link: <https://usafx.box.com/s/vaskabg8qdkl3bd3j38fcz6kgfbd1ykd> (Note: The exhibits themselves do not indicate whether they are sealed, so they must be reviewed in tandem with the Excel index.)

Please let me know if you need anything else.

Thanks,

Gentlemen:

We will be asked for all the evidence used at trial.

Where they used under seal?

Thanks.
