Sorry for the late reply but phone was back in office and got stuck with [REDACTED] for awhile and he asked me the same thing. I don't recall of any sex tape

Subject: Epstein video question

Hey former Epstein case team,

Sorry I've been blowing up your phones lately. Can't promise that won't continue. But this time I'm sending a group email instead of individual calls.

I was under the impression that there was a home-made sex video of Epstein and Maxwell amongst our seized evidence.

Can anyone confirm or deny?

Much appreciated,

[REDACTED]
