Importance: Normal

- There are no third party men in the images with the girls
 - There is an image of Woody Allen by himself, but it could be from the Internet
 - Nobody knows what they are referring to in regards to the "5.7 TB of data in the hard drives." C-19 is currently reviewing 8.08 TB of video footage from MCC and is 20% done.

This is extremely helpful, and we appreciate it. We have received a request for more information. Would you be able to scope the material for the following:

- Are there images of third parties, besides Epstein, especially men?
- If there are depictions of third parties, please briefly describe them generally, based upon your review so far?
- Anything of particular interest, for example public figures (if recognizable)?
- A description of what is contained in the approximately 5.7 TB of data in the hard drives.

We realize this is a continuing heavy lift. If there is anyway to get some general information by tomorrow, that would help us.

Best,

Good morning [REDACTED] -

As requested, below is an update of the review status of the 1B material and a summary of contents. Review is ongoing.. . -----

Evidence Item 1B136 contains responsive data obtained through sealed search warrants.

Review Stats

- 23 out of 30 folders comprising of various images and videos from 1B136 have completed review.
- 62GB out of 85GB are complete.

Review Summary

- The majority of the files are Internet image and videos based files, including commercial adult pornography.
- The remaining files reviewed thus far are images of nude, age difficult females in sexually suggestive poses, in various locations including a beach, and an apartment.
- Some of those images of nude, age difficult, females appeared to be located at various residences owned by Jeffrey Epstein. In these images, the women are solo, or with multiple women, and in approximately 20 images, Epstein is with topless women.
- Some images contained identifiable CSAM possessed by Epstein, but none of the CSAM was produced by Epstein.
- Some nude images are of an adult former girlfriend of Jeffrey Epstein.

Thank you

[REDACTED], the DAG has specifically requested, and we meet with him at 9 am. Could you something for me at 8:30 am? If does not need to be complete, simply a scope of the type of images and footage that the videos contain.

Thanks,
[REDACTED]

Good afternoon [REDACTED] and [REDACTED]

Thank you for the email. The team continues to review the material in the IBs. We could provide a very high level summary of the content (not a table of content).

I have included a/SAC [REDACTED] and he will be able contact the line agents who are actively reviewing the material. We will provide a response at soonest but it will not be all inclusive as the review is ongoing.

Thank you

Hi [REDACTED]

[REDACTED] was just in my office and asked if you can please send to him an overview of the content of the videos your team is processing, in order to provide to the AG. Recognizing the videos haven't all been processed, the ask is to be able to categorize these videos to provide a summary preview -- xx videos depicting footage from home; ~ # videos depicting potential explicit content, ~ # videos with (insert general subject matter.)

He mentioned looking to provide to the AG as soon as possible (again recognizing the processing is not complete.)

Thank you,

[REDACTED]
