Hey [REDACTED]

Attached is the list we came up with. It doesn't necessarily mean that these things are missing some items we just had flagged.

For the 90C

the only thing still missing is serial 2, the other items we have but they need to be scanned into the system.

For 50D

1A59 was found in JEH transfer

For 31E

1A84 was sound in JEH transfer

Thank you so much for your help!
