Subject: Operation Leap Year (OLY)

[REDACTED]

The FBI has been ordered to produce the FBI OLY case file for in camera review by Judge Marra this Friday, July 19, 2013. This is regarding a civil suit against the United States by two or three of Mr. Epstein's victims alleging their rights were violated when the government did not discuss ahead of time a Non-Prosecution Agreement agreed upon and signed by the USAO and Mr. Epstein.

SA [REDACTED] and I were wondering if there are certain protocols and/or policies we need to follow to remove the "Brown and Whites" and associated "Red Wallets" from FBI space when providing them to the District Judge. SA [REDACTED] is the current case agent assigned to OLY and my former co-case agent. Any advice or direction would be greatly appreciated.

Thank-you,
