Marie,

Hope you are doing well. Here is the list of victims to date. If you have any questions please contact myself or Jason. We are continuing to try and locate the girls highlighted at the bottom of the list. We have not contacted any of the other girls (except [REDACTED] regarding the terms of the current agreement. We are awaiting word from you regarding the name of the Civil Attorney. I was told today by Jennifer A. (a newly identified victim) that [REDACTED] has obtained a Civil Attorney and he is attempting to reach out to Epstein's attorneys and possibly other victims. **Pls advise.** [REDACTED] and [REDACTED] have both contacted me at least twice. They see the news and they want to know updates. We have advised them that we are awaiting the name of the civil attorney and then we will be contacting everyone. They are appreciative of the job we have done but seem to be experiencing some anxiety. Both [REDACTED] have been in contact with Victim Services and are now receiving counseling. [REDACTED] has been very emotional but I believe a lot has to do with the weight of uncertainty regarding the outcome of the investigation. She as well as the others want Epstein in jail.

It does not appear that the Magician/Illusionist will escape from these chains - pending charges are kidnapping and rape. We were told early this week that his MO befriended pretty girls during the show, bringing them on stage, obtaining their phone numbers, and taking them to a private island in the Bahamas and.....The victim that came forward was kept against her will and held under water until she would remove her clothing. She was forced to engage in sexual activity and has the bruising to prove it. We have not reached out to the case agent as of yet. We obtained his name this morning and will contact him soon. We will advise of our case and see where they are heading with theirs. I know, I know maybe we could get intel if he cooperates...we'll see. FYI - Authorities have seized DC's computers and a digital camera from his warehouse in Las Vegas.

[REDACTED] where does the agreement stand? Is everything on target? Do you have any thoughts on when the hearing will be set? Please let us know if there are any problems.
