Hey!

Sorry for getting involved – but do you have a POC from C-20 that you plan to contact when the derivative evidence for [REDACTED] is complete and submitted to evidence? If not, maybe you can just shoot a note to everyone on the below email chain, if that works for you [REDACTED]

Thanks!

Hi all,

See attached for photos of items [REDACTED]. My understanding is [REDACTED] from CART is still in the process of creating the master copy / derivative evidence of [REDACTED], which will take a few days. So, we are waiting until that is complete to write the EC requesting that Evidence ship all remaining evidence items to DC next week. Let me know if anything further is needed in the meantime.

Thanks,
