Hi all,

Below is how to access the DCAP files. Let me know if you need anything further

Details on how to access the file folders

-
  1. Open DCAP
  2. Go to Review Desktop
  3. Open File Explorer

4. type in: \\█████████████████████████ (on the left, where it says "*This PC*", **don't** type in the search bar)

Respectfully,
