Regarding the Epstein/Maxwell case, why haven't you charged [REDACTED] and [REDACTED]

Is it because of the NPA Epstein signed on 9/24/07?

Wasn't one of the terms and conditions, that Epstein successfully fulfill ALL of them? Otherwise, his co-conspirators could be charged.

[REDACTED] was at the Palm Beach mansion, meeting multiple underage girls in the kitchen before escorting them upstairs, setting up the "massage" table with oils, and ordering the girls to "wait for Jeff." She called multiple victims to ask them if they wanted to "work", i.e., be molested by Epstein. She took down messages such as "I have 2 girls" for Epstein, with dates and times. And now she gets to marry [REDACTED] and get off scot-free?

[REDACTED] did a lot more than Ghislaine in terms of sexual activity with minors, in Palm Beach and the U.S.V.I., using strap-on dildos and beating them with paddles in front of Epstein. She should be sent to prison and then deported to [REDACTED]

P.S. Even if their convictions are overturned, like Cosby, at least they go to prison for 3-4 yrs. - and you have qualified immunity.

Sincerely,
R&B McConnell
