An Important Notice Concerning Cardmember Privacy

This Privacy Notice is addressed to United States holders of personal American Express® Charge Cards or accounts, Optima® Cards or accounts, other personal credit card accounts that we issue, and to United States holders of business charge and credit cards from OPEN from American Express. This Notice explains how we collect, use and safeguard information about you and how to limit the use and disclosure of your information.

In this Notice, "American Express," "we," "our," and "us" refer to American Express Travel Related Services Company, Inc., American Express Centurion Bank and American Express Bank, FSB. These entities are "Affiliates" of each other, which are companies in the American Express family that are related to each other by common ownership or control. Our Affiliates also include publishers, travelers cheque issuers, travel agents and providers of Card-related insurance services. The cards and accounts that we issue are called "Cards" or "Card accounts." Holders of those Card accounts are called "Cardmembers" or "you(r)."

What Information Do We Collect?
We obtain information about you from a variety of sources. You provide us with information about yourself, for example, by completing Card applications. This includes your name, address, social security number, and income and asset information. Your use of the Card and your other transactions with us and our Affiliates provide us with additional information, such as your spending and payment history. Other sources, such as credit reporting agencies and providers of marketing information, furnish us with additional information about your credit history, purchasing preferences, and other matters. We also obtain information about you in connection with our efforts to protect against fraud. We call all of this information "Cardmember Information."

What Do We Do with Cardmember Information?
We use Cardmember Information in connection with delivering products and services to you. To do this it is often necessary to share it with our Affiliates and other companies we work with. These include companies that manage Card accounts, offer affinity, frequent-user, and reward programs, companies that perform marketing services and other business operations for us, and companies whose products or services are provided as a benefit of your Card account. We may also share Cardmember Information with other financial institutions with whom we jointly offer products and services. And we may disclose it to other third parties as permitted by law. For example, we disclose Cardmember Information in response to subpoenas, to credit reporting agencies, and to help prevent fraud.

Information We Share with Our Affiliates
You can inform us not to share with our Affiliates credit-related information (except as permitted by law), such as your credit history as shown on a consumer report. If you make this choice, we are permitted by law to share with our Affiliates information about our transactions and experiences with you, such as your payment history.

Valuable Partner Offers
We work with carefully selected business partners, such as merchants that accept the Card, so that you may receive offers for their products and services. We use Cardmember Information to help make these offers more relevant and valuable to you. If you respond to one of these offers, the business partner will know certain information about you, such as your name, that you are a Cardmember, and that you met the qualifications established for the offer. You can inform us not to send you these offers.

Your Choices
Please let us know if you do not want us to use your Cardmember Information to communicate with you about offers, including exclusive partner offers and offers from our Affiliates, by mail, telephone and/or e-mail, or share your credit-related information with our Affiliates, by visiting us at: **www.americanexpress.com/communications** You can also inform us of your choices (except for e-mail communications) by calling us at **1-800-297-8378**. If you make these choices, you may not learn about products, services and features, including discounts and other special offers, we believe may be of interest to you and add value to your Card membership.

If you have other Card accounts with us, you will receive additional privacy notices that apply to those accounts. **Please note that any choices you make will only apply to this account.**

If you are the primary Cardmember on your Card account, any choices you make in accordance with this Notice will also apply to any other Cardmember on this account (except for e-mail communications). If you make choices not to receive offers as indicated above, we may still include notices and information about the Card and other products and services when communicating with you about your Card account and related products and services.

Information Security
We use reasonable administrative, technical and physical security measures to protect your Cardmember Information.

Former Customers
If you cancel your Card, or your Card account(s) are closed, we will continue to treat and safeguard Cardmember Information about you as described in this Notice.

For Vermont Cardmembers Only
If your Card account has a Vermont billing address, we will automatically treat your account as if you had informed us not to share your credit-related information with our Affiliates.

Billing Dispute Procedures

What To Do If You Find a Mistake on Your Statement

If you think there is an error on your statement, write to us at:

American Express
PO Box 981535
El Paso TX 79998-1535

In your letter, give us the following information:

- *Account information*: Your name and account number.
- *Dollar amount*: The dollar amount of the suspected error.
- *Description of problem*: Describe what you believe is wrong and why you believe it is a mistake.

You must contact us:

- Within 60 days after the error appeared on your statement.
- At least 3 business days before an automated payment is scheduled, if you want to stop payment on the amount you think is wrong.

You must notify us of any potential errors *in writing*. You may call us, but if you do we may not follow these procedures and you may have to pay the amount in question.

What Will Happen After We Receive Your Letter

When we receive your letter, we must do two things:

1. Within 30 days of receiving your letter, we will tell you that we received your letter. We will also tell you if we have already corrected the error.
2. We will investigate your inquiry and will either correct the error or explain to you why we believe the bill is correct.

While we investigate whether or not there has been an error:

- We will not try to collect the amount in question.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount.
- While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

After we finish our investigation, one of two things will happen:

- *If we made a mistake*: You will not have to pay the amount in question or any interest or other fees related to that amount.
- *If we do not believe there was a mistake*: You will have to pay the amount in question, along with applicable interest and fees. We will send you a statement of the amount you owe and the date payment is due. We may report you as delinquent if you do not pay the amount we think you owe.

Annual EFT Error Resolution Notice

This notice is to inform you about how you should notify us of errors or questions regarding any electronic fund transfers you initiate to or from a consumer bank account using your American Express Card, including Express Cash transactions, or electronic payments from a consumer bank account you make to American Express using Pay By Phone, Pay By Computer, or any other American Express electronic payment service.

In case of errors or questions about your Electronic Transfers, please contact us as soon as you can if you think your statement or receipt is wrong or if you need more information about a transfer listed on the statement or receipt. You can telephone us at 1-800-IPAY-AXP for Pay By Phone and Pay By Computer questions, and at 1-800-CASH-NOW for Express Cash and Automatic Payment questions. Alternatively, you may write to us at American Express, Electronic Funds Services, P.O. Box 981531, El Paso, TX 79998-1531, or contact us online at www.americanexpress.com/inquirycenter. We must hear from you no later than 60 days after we sent the FIRST statement on which the problem or error appeared or question arose. When you contact us, please provide the following information:
(1) Your name and card account number. (2) Description of the error or the transfer you are unsure about. Explain as clearly as you can why you believe it is an error or why you need more information. (3) The dollar amount of the suspected error.

If you notify us by phone, we may require that you send us your complaint or question in writing within 10 business days of the call. We will determine whether an error occurred within 10 business days and will correct any error promptly. If we need more time, however, we may take up to 45 days to investigate your complaint or question. If we decide to do this, we will credit your consumer bank account within 10 business days for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your account. For errors involving point-of-sale or foreign-initiated transactions, we may take up to 90 days to investigate your complaint or question. We will tell you the results within three business days after completing our investigation. If we decide that there was no error, we will send you a written explanation. You may ask for copies of the documents that we used in our investigation.

If we have credited your bank account and there was no error, we will tell you when we will withdraw that amount from your bank account again. You authorize us to withdraw this amount from your bank account. If your bank account does not have enough funds to cover this withdrawal, we can charge the amount to your card account or collect the amount from you. If this happens, we may cancel your right to use our electronic transfer services.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on the Pay Over Time balance if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on the Pay Over Time balance if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on the Pay Over Time balance if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Important Changes to Your Account

We want to make you aware of changes to Pay Over Time features. **These changes will go into effect on January 1, 2012**. See the chart below for more details.

Summary of Changes	
When the penalty APR will apply	The penalty APR will apply to Pay Over Time balances if you pay late 2 times in 12 billing periods (previously, this was 3 times in 12 billing periods). The penalty APR will also apply if your payment is returned by your bank.

As a reminder, we offer account management tools that can help you track spending and make payments:

- Pay online or by phone 24/7 – Login to your account online or call 1-800-I-PAY-AXP (1-800-472-9297).
- AutoPay – Have your payment automatically deducted from your bank account each month.
- Account alerts – Receive email or text alerts to track spending, balance and approaching due dates.
- Mobile services – View and manage your Card account from anywhere.

Go to **financialtools.americanexpress.com/alerts** to learn more.

Thank you for your Cardmembership.

See reverse side for the changes to your Cardmember Agreement.

Notice of Important Changes to Your Cardmember Agreement

We are making certain changes to the American Express Cardmember Agreement ("Agreement") governing your Account referenced in this notice. Any language in the Agreement contrary to or conflicting with terms amended below is replaced fully and completely. All terms of the Agreement not amended herein remain in full force and effect. We urge you and any Additional Cardmembers on your Account to read the below notice carefully and file it along with your Agreement in a safe place for future reference.

When the penalty APR will apply

Effective with billing periods beginning on or after January 1, 2012, if *Penalty APR and When It Applies* appears on page 1 of your Agreement Part 1, that section is amended by deleting "you make 3 late payments in 12 months" and replacing it with "you make 2 late payments in 12 months".

Also effective with billing periods beginning on or after January 1, 2012, *When the penalty APR will apply*, on page 2 of your Agreement Part 1, is deleted and replaced with the following:

"The penalty APR applies to Pay Over Time balances if:

- you do not pay at least the Minimum Payment Due by the Closing Date of the billing period in which it is due 2 times in 12 billing periods,
- you do not pay at least the Minimum Payment Due by the Closing Date of the billing period in which it is due and you still do not pay it by the Closing Date of the next billing period, or
- your payment is returned by your bank."

We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on the Pay Over Time balance if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on the Pay Over Time balance if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Summary of Changes

We are making changes to Card accounts and benefits. A summary of the changes to your account terms and benefits appears below. These changes will go into effect on July 1, 2012, unless otherwise noted. Detailed changes to the relevant agreements can be found after the summary chart.

Membership Rewards Reinstatement Fee	We are increasing the fee for reinstating points forfeited for late payment. The increased fee is **$35** *(previously, it was $29)*.
Statement Delivery	Effective June 1, 2012, we are making changes to your Cardmember Agreement to reflect our increased use of electronic communications with Cardmembers.
ATM Withdrawal Limit *(Green, Gold, and Executive Business Cards only)*	The limit on ATM withdrawals for Green Card accounts will be $3,000 in a 30-day period *(previously, this was $1,000 in a 7-day period)*. The limit for Gold Card and Executive Business Card accounts will be $8,500 in a 30-day period *(previously, this was $2,500 in a 7-day period)*.
Changes to Pay Over Time Features	
Minimum Due Calculation	The minimum monthly payment calculation will generally be 1% of your new balance plus finance charges, but not less than $35. The new calculation is shown in the *Minimum Due Calculation* section on the other side of this page. This change may increase your minimum monthly payment. If you make automatic payments in a fixed amount, please review your statements and adjust your payments as necessary.
When We Charge Interest	Effective on May 25, 2012, we are changing when we charge interest on Pay Over Time features. If you pay in full each month, this change will not affect you. If you pay balances over time and then pay in full, we will charge interest until the day we receive your payment. This means that you will pay more interest, because before this change we did not charge interest in the month you paid your balance in full. You can find more detail on this change on the following pages in the *When We Charge Interest* section. ***How to avoid this change**: You have the right to reject this change. If you do, your enrollment in Pay Over Time features will be cancelled and you will not be able to extend payment on any new transactions. Also if you reject, this change won't apply to your Pay Over Time balance and you'll still be able to pay it down over time. To reject this change call us at 1-855-865-1452, or from outside the U.S. or Canada call us collect at 1-623-492-3344. You must reject this change no later than 5pm Eastern time on May 24, 2012.*

Detail of Changes to Your Agreements

We are revising the agreements governing your account terms and benefits as described below. Any language in your agreements that conflicts with these changes is replaced fully and completely. Language not changed by this notice remains in full force and effect. These changes apply to existing and future balances on your account. We encourage you and any Additional Cardmembers on your account to read this notice carefully and file it in a safe place for future reference.

Membership Rewards Reinstatement Fee

Effective July 1, 2012, in Paragraph 2 of the *Point Forfeiture for Late Payment* section of the Membership Rewards Terms & Conditions, "$29" is replaced with "$35".

Statement Delivery

Effective June 1, 2012, the first sentence in the *Changing your billing address* section in Part 2 of your Cardmember Agreement is replaced with:

> You must notify us immediately if you change the:
> - mailing address, email address, telephone numbers, or fax numbers that we use to send you billing statements, notices or other communications.
> - legal entity of the Company.
> - tax identification number.

Also effective June 1, 2012, the *Sending you notices* section of your Cardmember Agreement is replaced with:

> We send you notices through the U.S. mail (postage prepaid) or electronically using the information in our records. Any notice we send you is deemed given when deposited in the U.S. mail or when sent electronically. Additionally, we may send notices and information to Additional Cardmembers at their request.

ATM Withdrawal Limit

Effective July 1, 2012, the *Limits on withdrawals* section of your Agreement for Transferring Funds Electronically is amended by replacing each instance of "$1,000 in a 7-day period" with "$3,000 in a 30-day period" and replacing each instance of "$2,500 in a 7-day period" with "$8,500 in a 30-day period".

Minimum Due Calculation

Effective July 1, 2012, the *Adjusting your Pay Over Time Minimum Due* section in Part 2 of your Cardmember Agreement is deleted and the *How we calculate your Minimum Payment Due* section is replaced with:

> The Minimum Payment Due is the Pay In Full amount plus any Pay Over Time Minimum Due. To calculate the Pay Over Time Minimum Due for each statement, we start with the *higher* of:
>
> **1)** interest charged on the statement plus 1% of the Pay Over Time New Balance (excluding interest on the statement); or
>
> **2)** $35.
>
> Then we round to the nearest dollar and add any Pay Over Time amount past due. Your Pay Over Time Minimum Due will not exceed your Pay Over Time New Balance. You may pay more than the Minimum Payment Due, up to your entire outstanding balance, at any time.

EXAMPLE: *Assume that you have a Pay Over Time New Balance of $3,000, interest of $29.57, no amounts past due, and a $400 Pay In Full amount.*
1) *$29.57 + 1% x ($3,000 - $29.57) = $59.27*
2) *$35*
The higher of (1) or (2) is $59.27, which rounds to $59.00. The Pay Over Time Minimum Due of $59.00 plus the Pay in Full amount of $400 together make up the Minimum Payment Due of $459.00.

Continued on next page

When We Charge Interest

Effective with billing periods beginning in May 2012, the *When we charge interest* subsection of the *About interest charges on Pay Over Time balances* section in Part 2 of your Cardmember Agreement is replaced with the following:

> We charge interest on these transactions beginning on their transaction date until they are paid. However, we will not charge interest on these transactions during a billing period if:
>
> - your *Pay Over Time Previous Balance* for the billing period is zero; or
> - you paid the *Account Total Previous Balance* for each of the previous two billing periods in full by the closing date shown on their respective statements.

Membership Rewards bonus points (for Rewards Plus Gold Card only)

Effective July 1, 2012, we are removing "or hotel" from the third sentence of the *Point Accrual* section of the Membership Rewards Terms & Conditions.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on the Pay Over Time balance if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

An Important Notice Concerning Cardmember Privacy

This Privacy Notice is addressed to United States holders of personal American Express® Charge Cards or accounts, Optima® Cards or accounts, other personal credit card accounts that we issue, and to United States holders of business charge and credit cards from OPEN from American Express. This Notice explains how we collect, use and safeguard information about you and how to limit the use and disclosure of your information.

In this Notice, "American Express," "we," "our," and "us" refer to American Express Travel Related Services Company, Inc., American Express Centurion Bank and American Express Bank, FSB. These entities are "Affiliates" of each other, which are companies in the American Express family that are related to each other by common ownership or control. Our Affiliates also include publishers, travelers cheque issuers, travel agents and providers of Card-related insurance services. The cards and accounts that we issue are called "Cards" or "Card accounts." Holders of those Card accounts are called "Cardmembers" or "you(r)."

What Information Do We Collect?
We obtain information about you from a variety of sources. You provide us with information about yourself, for example, by completing Card applications. This includes your name, address, social security number, and income and asset information. Your use of the Card and your other transactions with us and our Affiliates provide us with additional information, such as your spending and payment history. Other sources, such as credit reporting agencies and providers of marketing information, furnish us with additional information about your credit history, purchasing preferences, and other matters. We also obtain information about you in connection with our efforts to protect against fraud. We call all of this information "Cardmember Information."

What Do We Do with Cardmember Information?
We use Cardmember Information in connection with delivering products and services to you. To do this it is often necessary to share it with our Affiliates and other companies we work with. These include companies that manage Card accounts, offer affinity, frequent-user, and reward programs, companies that perform marketing services and other business operations for us, and companies whose products or services are provided as a benefit of your Card account. We may also share Cardmember Information with other financial institutions with whom we jointly offer products and services. And we may disclose it to other third parties as permitted by law. For example, we disclose Cardmember Information in response to subpoenas, to credit reporting agencies, and to help prevent fraud.

Information We Share with Our Affiliates
You can inform us not to share with our Affiliates credit-related information (except as permitted by law), such as your credit history as shown on a consumer report. If you make this choice, we are permitted by law to share with our Affiliates information about our transactions and experiences with you, such as your payment history.

Valuable Partner Offers
We work with carefully selected business partners, such as merchants that accept the Card, so that you may receive offers for their products and services. We use Cardmember Information to help make these offers more relevant and valuable to you. If you respond to one of these offers, the business partner will know certain information about you, such as your name, that you are a Cardmember, and that you met the qualifications established for the offer. You can inform us not to send you these offers.

Your Choices
Please let us know if you do not want us to use your Cardmember Information to communicate with you about offers, including exclusive partner offers and offers from our Affiliates, by mail, telephone and/or e-mail, or share your credit-related information with our Affiliates, by visiting us at: **www.americanexpress.com/communications** You can also inform us of your choices (except for e-mail communications) by calling us at **1-800-297-8378**. If you make these choices, you may not learn about products, services and features, including discounts and other special offers, we believe may be of interest to you and add value to your Card membership.

If you have other Card accounts with us, you will receive additional privacy notices that apply to those accounts. **Please note that any choices you make will only apply to this account.**

If you are the primary Cardmember on your Card account, any choices you make in accordance with this Notice will also apply to any other Cardmember on this account (except for e-mail communications). If you make choices not to receive offers as indicated above, we may still include notices and information about the Card and other products and services when communicating with you about your Card account and related products and services.

Information Security
We use reasonable administrative, technical and physical security measures to protect your Cardmember Information.

Former Customers
If you cancel your Card, or your Card account(s) are closed, we will continue to treat and safeguard Cardmember Information about you as described in this Notice.

For Vermont Cardmembers Only
If your Card account has a Vermont billing address, we will automatically treat your account as if you had informed us not to share your credit-related information with our Affiliates.

Billing Dispute Procedures

What To Do If You Find a Mistake on Your Statement

If you think there is an error on your statement, write to us at:

American Express
PO Box 981535
El Paso TX 79998-1535

In your letter, give us the following information:

- *Account information*: Your name and account number.
- *Dollar amount*: The dollar amount of the suspected error.
- *Description of problem*: Describe what you believe is wrong and why you believe it is a mistake.

You must contact us:

- Within 60 days after the error appeared on your statement.
- At least 3 business days before an automated payment is scheduled, if you want to stop payment on the amount you think is wrong.

You must notify us of any potential errors *in writing*. You may call us, but if you do we may not follow these procedures and you may have to pay the amount in question.

What Will Happen After We Receive Your Letter

When we receive your letter, we must do two things:

1. Within 30 days of receiving your letter, we will tell you that we received your letter. We will also tell you if we have already corrected the error.
2. We will investigate your inquiry and will either correct the error or explain to you why we believe the bill is correct.

While we investigate whether or not there has been an error:

- We will not try to collect the amount in question.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount.
- While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

After we finish our investigation, one of two things will happen:

- *If we made a mistake*: You will not have to pay the amount in question or any interest or other fees related to that amount.
- *If we do not believe there was a mistake*: You will have to pay the amount in question, along with applicable interest and fees. We will send you a statement of the amount you owe and the date payment is due. We may report you as delinquent if you do not pay the amount we think you owe.

Annual EFT Error Resolution Notice

This notice is to inform you about how you should notify us of errors or questions regarding any electronic fund transfers you initiate to or from a consumer bank account using your American Express Card, including Express Cash transactions, or electronic payments from a consumer bank account you make to American Express using Pay By Phone, Pay By Computer, or any other American Express electronic payment service.

In case of errors or questions about your Electronic Transfers, please contact us as soon as you can if you think your statement or receipt is wrong or if you need more information about a transfer listed on the statement or receipt. You can telephone us at 1-800-IPAY-AXP for Pay By Phone and Pay By Computer questions, and at 1-800-CASH-NOW for Express Cash and Automatic Payment questions. Alternatively, you may write to us at American Express, Electronic Funds Services, P.O. Box 981531, El Paso, TX 79998-1531, or contact us online at www.americanexpress.com/inquirycenter. We must hear from you no later than 60 days after we sent the FIRST statement on which the problem or error appeared or question arose. When you contact us, please provide the following information:
(1) Your name and card account number. (2) Description of the error or the transfer you are unsure about. Explain as clearly as you can why you believe it is an error or why you need more information. (3) The dollar amount of the suspected error.

If you notify us by phone, we may require that you send us your complaint or question in writing within 10 business days of the call. We will determine whether an error occurred within 10 business days and will correct any error promptly. If we need more time, however, we may take up to 45 days to investigate your complaint or question. If we decide to do this, we will credit your consumer bank account within 10 business days for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your account. For errors involving point-of-sale or foreign-initiated transactions, we may take up to 90 days to investigate your complaint or question. We will tell you the results within three business days after completing our investigation. If we decide that there was no error, we will send you a written explanation. You may ask for copies of the documents that we used in our investigation.

If we have credited your bank account and there was no error, we will tell you when we will withdraw that amount from your bank account again. You authorize us to withdraw this amount from your bank account. If your bank account does not have enough funds to cover this withdrawal, we can charge the amount to your card account or collect the amount from you. If this happens, we may cancel your right to use our electronic transfer services.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Summary of changes	
The following is a summary of changes to important terms of your account. The detailed changes to your Cardmember Agreement appear on the reverse side of this page.	
Statement Copy Fee	We are removing the fee for copies of billing statements you request. This fee was $5.00 for each statement requested, except for the three most recent statements.
Additional Cards (also referred to as Employee Cards)	We are clarifying that the terms Employee Cards and Additional Cards are used interchangeably. All provisions in the Cardmember Agreement that apply to Additional Cards also apply to Employee Cards. We are also clarifying responsibility under the Cardmember Agreement for charges made by Additional Cardmembers on the Account.

See the reverse side for the detail of changes to your Cardmember Agreement.

Important Changes to Your Account Terms

The terms of the account referenced in or with this notice are subject to change in accordance with the Cardmember Agreement governing the account (the "Agreement"). This notice formally amends the Agreement as described below. These changes apply to existing and future balances on your account. Any terms in the Agreement conflicting with these changes is replaced fully and completely. Terms not changed by this notice remain in full force and effect. We encourage you to read this notice, share it with additional Cardmembers on your account, and file it for future reference. If you have any questions about these changes, please call the number on the back of your Card.

Statement Copy Fee

In the *How Rates and Fees Work* table, in Part 1 of your Cardmember Agreement, the *Statement Copy* row is deleted.

Additional Cards

Effective immediately, the *Additional Cardmembers* row in Part 2 of your Cardmember Agreement is renamed *Additional Cardmembers (also referred to as Employee Cardmembers)* and the following is added to the end of the row:

> We may refer to *Additional Card(s)* and *Additional Cardmember(s)* as *Employee Card(s)* and *Employee Cardmember(s)*. All terms and conditions that apply to Additional Cards also apply to Employee Cards.

Effective January 1, 2013, the third sentence of the *About your Cardmember Agreement* row, in Part 2 of your Cardmember Agreement, is deleted and replaced with:

> When you or an Additional Cardmember, as defined below, use the Account (or sign or keep a card), you agree to the terms of the Agreement.

Effective January 1, 2013, the *Promise to pay* row, in Part 2 of your Cardmember Agreement, is amended by removing the last two sentences.

Changes to the Arbitration Provision

We are making changes to the process for resolving legal claims to provide more options. See the summary of our new process below and the detailed language on the following pages for more on these changes.

Summary of New Claims Resolution Provision (including Arbitration)
Effective January 1, 2013

First, if you have an issue or dispute, please contact our Customer Service Department at the number listed on the back of your card. They are able to resolve most issues and disputes.

Second, before initiating a mediation, arbitration or litigation, we ask that you send a Claim Notice to: American Express ADR c/o CT Corporation System, 111 8th Ave., New York, NY 10011. For a sample Claim Notice form, go to americanexpress.com/claim.

Third, you may now mediate your claim prior to initiating an arbitration or litigation. In mediation, a neutral mediator helps to resolve your claim.

Fourth, our Claims Resolution provision includes an arbitration provision. This means that either you or we may choose to have an arbitrator decide any claim instead of having the claim decided by a court. However, **you may reject the arbitration provision** if you notify us in writing prior to February 15, 2013.

Rejecting arbitration: If you reject the arbitration provision, it will not apply to you, except for any claims subject to litigation or arbitrations pending at the time you send your rejection notice. Also, your rejection will apply to the arbitration provision in any other American Express Card accounts you may have, except for Corporate Card accounts. It will have no other effect on your ability to use your card or the service you have with American Express.

How to reject arbitration: You must send us a rejection notice by **February 15, 2013,** that contains your:

- name
- address
- account number(s)
- signature

Mail your rejection notice to American Express, P.O. Box 981556, El Paso, TX 79908. For a sample form, go to americanexpress.com/reject. You are not required to use the sample form.

See the reverse side and subsequent pages for the detail of changes.

Important Changes to Your Account Terms

The terms of the account referenced in or with this notice are subject to change in accordance with the Cardmember Agreement governing your Account (the "Agreement"). This notice formally amends the Agreement as described below. These changes apply to existing and future balances on your Account. Any terms in the Agreement conflicting with these changes is replaced fully and completely. Terms not changed by this notice remain in full force and effect. We encourage you to read this notice, share it with Additional Cardmembers on your Account, and file it for future reference. If you have any questions about these changes, please call the number on the back of your Card.

Effective January 1, 2013, the *Arbitration* provision in the Cardmember Agreement is replaced with the following:

CLAIMS RESOLUTION

Most customer concerns can be resolved by calling our Customer Service Department at the number listed on the back of your card. In the event Customer Service is unable to resolve a complaint to your satisfaction, this section explains how claims can be resolved through mediation, arbitration or litigation. It includes an arbitration provision. **You may reject the arbitration provision by sending us written notice within 45 days after your first card purchase, or by February 15, 2013, whichever is later. See *Your Right to Reject Arbitration* below.**

For this section, ***you*** and ***us*** includes any corporate parents, subsidiaries, affiliates or related persons or entities. ***Claim*** means any current or future claim, dispute or controversy relating to your Account(s), this Agreement, or any agreement or relationship you have or had with us, except for the validity, enforceability or scope of the Arbitration provision. ***Claim*** includes but is not limited to: (1) initial claims, counterclaims, crossclaims and third-party claims; (2) claims based upon contract, tort, fraud, statute, regulation, common law and equity; (3) claims by or against any third party using or providing any product, service or benefit in connection with any account; and (4) claims that arise from or relate to (a) any account created under any of the agreements, or any balances on any such account, (b) advertisements, promotions or statements related to any accounts, goods or services financed under any accounts or terms of financing, (c) benefits and services related to card membership (including fee-based or free benefit programs, enrollment services and rewards programs) and (d) your application for any account. You may not sell, assign or transfer a claim.

Sending a Claim Notice

Before beginning a lawsuit, mediation or arbitration, you and we agree to send a written notice (a ***claim notice***) to each party against whom a claim is asserted, in order to provide an opportunity to resolve the claim informally or through mediation. Go to americanexpress.com/claim for a sample claim notice. The claim notice must describe the claim and state the specific relief demanded. Notice to you may be provided by your billing statement or sent to your billing address. Notice to us must include your name, address and Account number and be sent to American Express ADR c/o CT Corporation System, 111 8th Ave., NY, NY 10011. If the claim proceeds to arbitration, the amount of any relief demanded in a claim notice will not be disclosed to the arbitrator until after the arbitrator rules.

Mediation

In mediation, a neutral mediator helps parties resolve a claim. The mediator does not decide the claim but helps parties reach agreement.

Before beginning mediation, you or we must first send a claim notice. Within 30 days after sending or receiving a claim notice, you or we may submit the claim to JAMS (1-800-352-5267, jamsadr.com) or the American Arbitration Association ("AAA") (1-800-778-7879, adr.org) for mediation. We will pay the fees of the mediator.

All mediation-related communications are confidential, inadmissible in court and not subject to discovery. All applicable statutes of limitation will be tolled until termination of the mediation. Either you or we may terminate the mediation at any time. The submission or failure to submit a claim to mediation will not affect your or our right to elect arbitration.

Arbitration

You or we may elect to resolve any claim by individual arbitration. Claims are decided by a neutral arbitrator.

If arbitration is chosen by any party, neither you nor we will have the right to litigate that claim in court or have a jury trial on that claim. Further, you and we will not have the right to participate in a representative capacity or as a member of any class pertaining to any claim subject to arbitration. Arbitration procedures are generally simpler than the rules that apply in court, and discovery is more limited. The arbitrator's decisions are as enforceable as any court order and are subject to very limited review by a court. Except as set forth below, the arbitrator's decision will be final and binding. Other rights you or we would have in court may also not be available in arbitration.

Initiating Arbitration

Before beginning arbitration, you or we must first send a claim notice. Claims will be referred to either JAMS or AAA, as selected by the party electing arbitration. Claims will be resolved pursuant to this Arbitration provision and the selected organization's rules in effect when the claim is filed, except where those rules conflict with this Agreement. If we choose the organization, you may select the other within 30 days after receiving notice of our selection. Contact JAMS or AAA to begin an arbitration or for other information. Claims also may be referred to another arbitration organization if you and we agree in writing or to an arbitrator appointed pursuant to section 5 of the Federal Arbitration Act, 9 U.S.C. §§ 1-16 (***FAA***).

We will not elect arbitration for any claim you file in small claims court, so long as the claim is individual and pending only in that court. You or we may otherwise elect to arbitrate any claim at any time unless it has been filed in court and trial has begun or final judgment has been entered. Either you or we may delay enforcing or not exercise rights under this Arbitration provision, including the right to arbitrate a claim, without waiving the right to exercise or enforce those rights.

Limitations on Arbitration

If either party elects to resolve a claim by arbitration, that claim will be arbitrated on an individual basis. There will be no right or authority for any claims to be arbitrated on a class action basis or on bases involving claims brought in a purported representative capacity on behalf of the general public, other cardmembers or other persons similarly situated.

The arbitrator's authority is limited to claims between you and us alone. Claims may not be joined or consolidated unless you and we agree in writing. An arbitration award and any judgment confirming it will apply only to the specific case and cannot be used in any other case except to enforce the award. Notwithstanding any other provision and without waiving the right to appeal such decision, if any portion of these *Limitations on Arbitration* is deemed invalid or unenforceable, then the entire Arbitration provision (other than this sentence) will not apply.

Arbitration Procedures

This Arbitration provision is governed by the FAA. The arbitrator will apply applicable substantive law, statutes of limitations and privileges. The arbitrator will not apply any federal or state rules of civil procedure or evidence in matters relating to evidence or discovery. Subject to the *Limitations on Arbitration,* the arbitrator may otherwise award any relief available in court. The arbitration will be confidential, but you may notify any government authority of your claim.

If your claim is for $10,000 or less, you may choose whether the arbitration will be conducted solely on the basis of documents, through a telephonic hearing, or by an in-person hearing. At any party's request, the arbitrator will provide a brief written explanation of the award. The arbitrator's award will be final and binding, except for any right of appeal provided by the FAA; however, any party will have 30 days to appeal the award by notifying the arbitration organization and all parties in writing. The organization will appoint a three-arbitrator panel to decide anew, by majority vote based on written submissions, any aspect of the decision objected to. Judgment upon any award may be entered in any court having jurisdiction. At your election, arbitration hearings will take place in the federal judicial district of your residence.

Arbitration Fees and Costs
You will be responsible for paying your share of any ***arbitration fees*** (including filing, administrative, hearing or other fees), but only up to the amount of the filing fees you would have incurred if you had brought a claim in court. We will be responsible for any additional arbitration fees. At your written request, we will consider in good faith making a temporary advance of your share of any arbitration fees, or paying for the reasonable fees of an expert appointed by the arbitrator for good cause.

Additional Arbitration Awards
If the arbitrator rules in your favor for an amount greater than any final offer we made before arbitration, the arbitrator's award will include: (1) any money to which you are entitled, but in no case less than $5,000; and (2) any reasonable attorneys' fees, costs and expert and other witness fees.

Your Right to Reject Arbitration
You may reject this Arbitration provision by sending a written ***rejection notice*** to us at: American Express, P.O. Box 981556, El Paso, TX 79908. Go to americanexpress.com/reject for a sample rejection notice. Your rejection notice must be mailed within 45 days after your first card purchase, or by **February 15, 2013**, whichever is later. Your rejection notice must state that you reject the Arbitration provision and include your name, address, Account number and personal signature. No one else may sign the rejection notice. If your rejection notice complies with these requirements, this Arbitration provision and any other arbitration provisions in the cardmember agreements for any other currently open American Express accounts you have will not apply to you, except for Corporate Card accounts and any claims subject to pending litigation or arbitration at the time you send your rejection notice. Rejection of this Arbitration provision will not affect your other rights or responsibilities under this Claims Resolution section or the Agreement. Rejecting this Arbitration provision will not affect your ability to use your card or any other benefit, product or service you may have with your Account.

Continuation
This section will survive termination of your Account, voluntary payment of your Account balance, any legal proceeding to collect a debt, any bankruptcy and any sale of your Account (in the case of a sale, its terms will apply to the buyer of your Account). If any portion of this Claims Resolution section, except as otherwise provided in the *Limitations on Arbitration* subsection, is deemed invalid or unenforceable, it will not invalidate the remaining portions of this Claims Resolution section.

Notice of Change to Your Travel Accident Insurance Policy

We are making Important Changes to your insurance policies ("Policies") underwritten by AMEX Assurance Company.

Applicable for Residents of Delaware for Travel Accident Insurance:
The definition of **Covered Person** from the **DEFINITIONS** section is replaced with the following:
Covered Person means the Basic Cardmember, each Additional Cardmember, and each of these Cardmember's spouses or Domestic Partners and dependent children under 26 years of age (dependent children include: your unmarried, dependent children under 26 years of age who rely on You for support and maintenance, your unmarried dependent children 26 years or older who because of a handicap condition that occurred before the attainment of the limiting age, are incapable of self-sustaining employment and dependent upon You for lifetime care and supervision. Coverage will be extended for as long as such child is incapacitated, unmarried and dependent.). TAI-RDR1-Multi 04/10.

Applicable for Residents of Florida for Travel Accident Insurance:
The definition of **Covered Person** is hereby removed from the **DEFINITIONS** section in its entirety and replaced with the following:
Covered Person means the Basic Cardmember, each Additional Cardmember, and each of these Cardmember's spouses or Domestic Partners and dependent children under 26 years of age (dependent children include: your unmarried, dependent children under 26 years of age who rely on You for support and maintenance, your unmarried dependent children 26 years or older who because of a handicap condition that occurred before the attainment of the limiting age, are incapable of self-sustaining employment and dependent upon You for lifetime care and supervision. Coverage will be extended for as long as such child is incapacitated, unmarried and dependent.). All Covered Persons must have a Permanent Residence within the 50 United States of America, the District of Columbia, Puerto Rico, or the U.S. Virgin Islands. All other persons are not Covered Persons under the Policy. Dependent coverage will extend to the end of the calendar year when the dependent reaches age 30 when: 1. The dependent is unmarried and does not have a dependent of his or her own; 2. Is a resident of this state or a full-time or part-time student; and 3. Is not provided coverage as a named subscriber, insured, enrollee, or covered person under any other group, blanket, or franchise health insurance policy or individual health benefits plan, or is not entitled to benefits under Title XVIII of the Social Security Act. 4. If, pursuant to this section, a child is provided coverage under the parent's policy after the end of the calendar year in which the child reaches age 25 and coverage for the child is subsequently terminated, the child is not eligible to be covered under the parent's policy unless the child was continuously covered by other creditable coverage without a gap in coverage of more than 63 days. For the purposes of this subsection, the term "creditable coverage" has the same meaning as provided in Florida Insurance Code s. 627.6561(5). Dependent children include: 1. Natural, adopted and stepchildren of the insured who are chiefly financially dependent on the insured for support and maintenance; 2. An adopted child or a child in the custody of the insured pursuant to an interim court order of adoption vesting temporary care of the child in the insured, regardless of whether a final order granting adoption is ultimately issued.

All references to "dependent children under 23 years of age" throughout the document are hereby changed to "dependent children under 26 years of age". TAI-RDR1-FL 06/10

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Important Changes To Your Account

We are making changes to your Card account and benefits. A summary of the changes appears below. The detailed changes to your Cardmember Agreement and the relevant program terms can be found after the summary chart.

Summary of Changes	
Pay Over Time limit on Pay Over Time features	You may have the ability to carry a balance on your Card using a Pay Over Time feature (for example, Extended Payment Option). We are clarifying that we may increase or reduce the maximum Pay Over Time balance that you may have on your account. This amount is called Pay Over Time limit. Your Pay Over Time limit is $35,000. We will tell you if we change it. Remember, you must pay in full all charges that would cause your Pay Over Time balance to exceed your Pay Over Time limit.
Application of Payments	Effective with billing periods starting on or after May 3, 2013, we are changing how we apply payments on accounts with a Pay Over Time balance. If you have a Pay Over Time Balance, your statement will show a Minimum Payment Due. After this change, we will apply any amounts paid above your Minimum Payment Due to your highest interest rate balances first. Prior to this change, amounts paid above your Minimum Payment Due were applied to the lowest interest rate balances first and then to higher rate balances. We will continue to apply amounts paid up to the Minimum Payment Due to the lowest interest rate balances first.
Late Payment Fee	Effective June 1, 2013, we are changing how we calculate Late Payment fees. As a result of this change, the 2.99% Late Payment fee will apply only to the past due Pay In Full balance. Prior to this change, that fee also applied to the past due Pay Over Time Minimum Due.
Credit Reports	Effective immediately, we are modifying the language concerning credit reports in your Cardmember Agreement to clarify that you agree that we will obtain credit reports about you and that we will use them for any purpose, subject to applicable law.
New OPEN Savings® Benefit Option	If you are enrolled in the Membership Rewards® program, you now have the option of receiving your OPEN Savings benefit as discounts (provided as statement credits) **or** as additional Membership Rewards points. You can make your selection by going to opensavings.com or by calling the number on the back of your Card. If you do not make a selection, your OPEN Savings benefit will remain the same as when your account was opened.
OPEN Savings® Merchant Changes	Effective July 1, 2013, Courtyard by Marriott®, SpringHill Suites by Marriott®, Fairfield Inn & Suites by Marriott®, Residence Inn by Marriott®, and TownePlace Suites by Marriott® will no longer be part of the OPEN Savings benefit. Any amounts that are charged to your Card account by these properties on or after July 1 will not be eligible for the OPEN Savings benefit. Since your Card account is normally charged at the end of your stay, that means that you will not receive the OPEN Savings benefit for any stays completed on or after July 1. Effective May 16, 2013, Dun & Bradstreet Credibility Corp will no longer be part of the OPEN Savings benefit. Any amounts that are charged to your Card account by this merchant on or after this date, will not be eligible for the OPEN Savings benefit. Effective May 16, 2013, Microsoft Store will no longer be part of the OPEN Savings benefit. Any amounts that are charged to your Card account by this merchant on or after this date will not be eligible for the OPEN Savings benefit. This is an additional reminder that, effective September 1, 2012, Iron Mountain was removed as part of the OPEN Savings benefit. Any amounts charged to your Card account by this merchant or after this date, are not eligible for the OPEN Savings benefit.

Detail of Changes To Your Agreements

The terms of the account referenced in or with this notice are subject to change in accordance with the Cardmember Agreement, OPEN Savings® Benefit Terms and Membership Rewards Program Terms & Conditions governing the account (collectively, the "Agreements"). This notice formally amends the Agreements as described below. Any terms in the Agreements conflicting with these changes are replaced fully and completely. Terms not changed by this notice remain in full force and effect. We encourage you to read this notice, share it with additional Cardmembers on your account, and file it for future reference. If you have any questions about these changes, please call the number on the back of your Card.

Pay Over Time Limit on Pay Over Time Features

Effective July 1, 2013, the "**About Pay Over Time features**" section contained in Part 2 of your Agreement is deleted and replaced with the following:

"**About Pay Over Time features**

We may add features to the Account that allow you to pay certain charges over time.

If you enroll in the Extended Payment Option, we will automatically place all eligible charges into a Pay Over Time balance. A charge is eligible if it equals or is more than a certain dollar amount. We will tell you this amount when you enroll, and it is subject to change. We will tell you if we change it. Certain charges are not eligible, such as cash and similar transactions.

We assign a Pay Over Time limit to your Account. We will not place any charge into a Pay Over Time balance if it causes the total of your Pay Over Time balances to go over your Pay Over Time limit. We may increase or decrease the Pay Over Time limit. We may do so even if you pay on time and your Account is not in default. We will tell you if we change that amount. You must pay in full upon receipt of your billing statement all charges that are not placed into a Pay Over Time balance. We may change which charges are eligible to be placed into a Pay Over Time balance."

Application of Payments

Effective with billing periods starting on or after May 3, 2013, the "**How we apply payments and credits**" section contained in Part 2 of your Agreement is deleted and replaced with the following:

"**How we apply payments and credits**

If a statement includes a Pay Over Time balance, it will show a Minimum Payment Due. The Minimum Payment Due is the Pay In Full New Balance plus the Pay Over Time Minimum Due.

If you have a Pay Over Time balance, we generally apply payments--up to the Minimum Payment Due--first to the Pay Over Time Minimum Due and then to the Pay In Full New Balance. When applying a payment to the Pay Over Time Minimum Due, we apply it first to the balance with the lowest interest rate and then to balances with higher interest rates.

After the Minimum Payment Due has been paid, we apply payments to the remaining Pay Over Time balance. When we do this, we apply payments first to the balance with the highest interest rate and then to balances with lower interest rates.

In most cases, we apply a credit to the same balance as the related charge. We may apply payments and credits within balances, and among balances with the same interest rate, in any order we choose."

Late Payment Fee

Effective on June 1, 2013, the "**Penalty Fees**" section contained on Page 1 of Part 1 of your Agreement is deleted and replaced with the following:

Penalty Fees	
• Late Payment • Returned Payment	**$35** or **2.99**% of any past due Pay in Full amount, whichever is greater. **$35**

Effective on June 1, 2013, the "**Late Payment**" section contained on Page 2 of Part 1 of your Agreement is deleted and replaced with the following:

Late Payment	$35 if you do not pay the Amount Due on a billing statement before the 10th day after the next Closing Date. Also, if you do not pay that Amount Due by the following Closing Date, we may charge you an additional fee in that same billing period of the greater of $35 or 2.99% of any past due Pay In Full amounts. For each following Closing Date that an amount past due remains unpaid, we may charge a fee of the greater of $35 or 2.99% of any past due Pay In Full amounts. Your late fee will not exceed the Amount Due or any limit established by applicable law. Paying late may also result in a penalty APR. See *When the penalty APR will apply* above.

Continued on next page

Credit Reports

Effective immediately, the "**Credit Reports**" section contained in Part 2 of your Cardmember Agreement is deleted and replaced with the following:

"**Credit reports**
You agree that we will obtain credit reports about you, investigate your ability to pay, and obtain information about you from other sources. And you agree that we will use such information for any purposes, subject to applicable law.

You agree that we will give information about the Account to credit reporting agencies. We will tell a credit reporting agency if you fail to comply with any term of this Agreement. This may have a negative impact on your credit report.

If you believe information we have given to a credit reporting agency is incorrect, write to us at: American Express Credit Bureau Unit, P.O. Box 981537, El Paso, TX 79998-1537. When you write to us, tell us the specific information you believe is incorrect."

New OPEN Savings® Benefit Option

Effective immediately, the OPEN Savings benefit terms are deleted and replaced with the following:

OPEN Savings Terms and Conditions

The OPEN Savings® benefit is built in to all Business Cards from American Express OPEN. Business Cardmembers automatically get discounts of up to 10% **or** up to 4 additional Membership Rewards® points for each eligible dollar spent when they use their Business Card for payment at participating OPEN Savings merchants.

General Benefit Terms

- To take advantage of the OPEN Savings benefit, payment must be made with a Business Card from American Express OPEN.
- If your Card Account is not eligible for or enrolled in the Membership Rewards program, you will receive the OPEN Savings benefit as a discount that will be provided as a statement credit to that Card Account. If your Card Account is enrolled in the Membership Rewards program, you have the choice of receiving your OPEN Savings benefit either as a discount or as additional Membership Rewards points. See the *Benefit Selection* paragraph below for important information about how to make your choice.
- Purchases made by all Cards under a particular Card Account (including the Basic Card as well as any Additional or Employee Cards) are combined for the purposes of calculating the OPEN Savings benefit. The OPEN Savings benefit is credited to the Basic Card account holder only. Please allow up to12 weeks for your benefit to appear on your monthly statement.
- Purchases that are eligible for the OPEN Savings benefit that are returned or credited from an OPEN Savings merchant will result in a reversal of your discount or removal of additional Membership Rewards points depending on your benefit selection at the time of the return or credit. See the *How Returns Work* paragraph below for important information and examples of how returns and credits are handled in the program. Please review your monthly billing statement in order to confirm proper crediting of returns or credits. If you believe that a return or credit has not been properly credited to your account, please call the number on the back of your Card.
- **OPEN Savings offers may be subject to exclusions, benefit limits and other restrictions or limitations.** Not all OPEN Savings merchant locations may participate in the program. For a full list of current OPEN Savings merchants and benefit terms, please visit opensavings.com. The OPEN Savings benefit (including benefit terms, merchant participation and offers) is subject to change at any time without notice.

Benefit Selection

If your Card Account is enrolled in the Membership Rewards program, you can make your benefit selection by going to opensavings.com or calling the number on the back of your Card. **The relative value of the benefit options will differ depending on how you use your Membership Rewards points. The redemption value of additional points that you receive under the Membership Rewards Points Benefit may be less than the dollar value of statement credits that you receive under the Discount Benefit.** You can change your OPEN Savings benefit selection a maximum of once per calendar month. Changes normally take effect within 48 hours but may take up to 2 weeks. Any changes will be applied to all purchases and returns made on or after the date that your change becomes effective. Selections will be applied to all OPEN Savings merchants (except for Marriott® properties). Marriott® properties do not participate in the Membership Rewards benefit so you will continue to receive discounts for eligible purchases at Marriott® properties that participate in the OPEN Savings benefit regardless of your benefit selection.

Continued on next page

How Returns Work

A returned purchase or credit from an OPEN Savings merchant will result in a reversal of your discount or removal of Membership Rewards points depending on your benefit selection at the time of the return or credit. If you change your benefit selection, your new selection will apply to future returns or credits (including returns or credits relating to transactions made before the change). See the example below.

EXAMPLE

- *On May 1st, you select the Discount Benefit.*
- *On May 15th, you make a purchase from an OPEN Savings Merchant that would result in either a $5 statement credit or 200 additional MR points, depending on your selection.*
  - ***Due to your selection, you will receive a $5 statement credit.***
- *On June 1st, you change your selection to the MR Point Benefit.*
- *On June 15th, you return the purchase you made on May 15th.*
  - ***Due to your new selection, you will have 200 MR points deducted from your MR program account, instead of having the $5 statement credit reversed.***

Membership Rewards Program Terms

To receive Membership Rewards points as your OPEN Savings benefit you must have a Business Card from American Express OPEN that is enrolled in the Membership Rewards program. If you do not have a Membership Rewards account on, or linked to your Card Account, go to membershiprewards.com or call the number on the back of your Card to set up and/or link a Membership Rewards account. Allow up to 10 days to set up your Membership Rewards account. Membership Rewards® Program Terms and Conditions apply. Visit membershiprewards.com/terms or call 1-800-AXP-EARN (297-3276) for more information. Participating partners and available rewards are subject to change without notice.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Billing Dispute Procedures

What To Do If You Find a Mistake on Your Statement

If you think there is an error on your statement, write to us at:
American Express
PO Box 981535
El Paso TX 79998-1535

In your letter, give us the following information:

- *Account information:* Your name and account number.
- *Dollar amount:* The dollar amount of the suspected error.
- *Description of problem:* Describe what you believe is wrong and why you believe it is a mistake.

You must contact us:

- Within 60 days after the error appeared on your statement.
- At least 3 business days before an automated payment is scheduled, if you want to stop payment on the amount you think is wrong.

You must notify us of any potential errors *in writing*. You may call us, but if you do we may not follow these procedures and you may have to pay the amount in question.

What Will Happen After We Receive Your Letter

When we receive your letter, we will do two things:
1. Within 30 days of receiving your letter, we will tell you that we received your letter. We will also tell you if we have already corrected the error.
2. We will investigate your inquiry and will either correct the error or explain to you why we believe the bill is correct.

While we investigate whether or not there has been an error:

- We will not try to collect the amount in question.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount.
- While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

After we finish our investigation, one of two things will happen:

- *If we made a mistake:* You will not have to pay the amount in question or any interest or other fees related to that amount.
- *If we do not believe there was a mistake:* You will have to pay the amount in question, along with applicable interest and fees. We will send you a statement of the amount you owe and the date payment is due. We may report you as delinquent if you do not pay the amount we think you owe.

Annual EFT Error Resolution Notice

This notice is to inform you about how you should notify us of errors or questions regarding any electronic fund transfers you initiate to or from a consumer bank account using your American Express Card, including Express Cash transactions, or electronic payments from a consumer bank account you make to American Express using Pay By Phone, Pay By Computer, or any other American Express electronic payment service.

In case of errors or questions about your Electronic Transfers, please contact us as soon as you can if you think your statement or receipt is wrong or if you need more information about a transfer listed on the statement or receipt. You can telephone us at 1-800-IPAY-AXP for Pay By Phone and Pay By Computer questions, and at 1-800-CASH-NOW for Express Cash and Automatic Payment questions. Alternatively, you may write to us at American Express, Electronic Funds Services, P.O. Box 981531, El Paso, TX 79998-1531, or contact us online at www.americanexpress.com/inquirycenter. We must hear from you no later than 60 days after we sent the FIRST statement on which the problem or error appeared or question arose. When you contact us, please provide the following information:
(1) Your name and card account number. (2) Description of the error or the transfer you are unsure about. Explain as clearly as you can why you believe it is an error or why you need more information. (3) The dollar amount of the suspected error.

If you notify us by phone, we may require that you send us your complaint or question in writing within 10 business days of the call. We will determine whether an error occurred within 10 business days and will correct any error promptly. If we need more time, however, we may take up to 45 days to investigate your complaint or question. If we decide to do this, we will credit your consumer bank account within 10 business days for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your account. For errors involving point-of-sale or foreign-initiated transactions, we may take up to 90 days to investigate your complaint or question. We will tell you the results within three business days after completing our investigation. If we decide that there was no error, we will send you a written explanation. You may ask for copies of the documents that we used in our investigation.

If we have credited your bank account and there was no error, we will tell you when we will withdraw that amount from your bank account again. You authorize us to withdraw this amount from your bank account. If your bank account does not have enough funds to cover this withdrawal, we can charge the amount to your card account or collect the amount from you. If this happens, we may cancel your right to use our electronic transfer services.

Notice for residents of Washington State

In accordance with the Revised Code of Washington Statutes, Section 63.14.167, you are not responsible for payment of interest charges that result solely from a merchant's failure to transmit to us within seven working days a credit for goods or services accepted for return or forgiven if you have notified us of the merchant's delay in posting such credit, or our failure to post such credit to your account within three working days of our receipt of the credit.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Important Changes to the Membership Rewards® Program Terms and Conditions

A summary of the changes appears below. The detailed changes can be found after the summary chart.

Summary of Changes	
Membership Rewards Linkage Fee Removal	Effective on September 1, 2013, we will no longer charge an additional $10 annual fee to link certain OPEN Cards to a Membership Rewards account for another enrolled Card.
Membership Rewards Claims Resolution	We are making changes to the process for resolving legal claims. The following is a brief summary of the new process: **First**, if you have an issue or dispute, please contact our Customer Service Department at the number listed on the back of your card. They are able to resolve most issues and disputes. **Second**, before initiating mediation, arbitration or litigation, we ask that you send a Claim Notice to: American Express ADR c/o CT Corporation System, 111 8th Ave., New York, NY 10011. For a sample Claim Notice form, go to americanexpress.com/claim. **Third**, you may now mediate your claim prior to initiating an arbitration or litigation. In mediation, a neutral mediator helps to resolve your claim. **Fourth**, the Membership Rewards Program Terms and Conditions continue to include an arbitration provision. This means that either you or we may choose to have an arbitrator decide any claim instead of having the claim decided by a court.

See the following pages for Detailed Changes

Detail of Changes to the Membership Rewards Program Terms and Conditions

The terms and conditions of the Membership Rewards program are subject to change as stated therein. This notice formally amends the terms and conditions of the Membership Rewards program as described below. Any provisions in the terms and conditions of the Membership Rewards program conflicting with these changes are replaced fully and completely. Terms not changed by this notice remain in full force and effect. We encourage you to read this notice and file it for future reference. If you have any questions about these changes, please call the number on the back of your Card.

Linkage Fee Removal

Effective immediately, we hereby make the following revisions to Section 2 of the *About the Program* Section of the Membership Rewards Program Terms and Conditions:

1. The following language contained in the second paragraph after the chart is hereby deleted:
   "Please note that there is an additional $10 annual fee for each Business Charge or Credit Card that you link to a Membership Rewards account with other enrolled charge Cards, unless you also have one of the following Cards (which may include an Additional Card) linked to the same Membership Rewards account: Executive Business Card, Business Membership Rewards Card, Centurion Card, Platinum Card or Fidelity Platinum Card."
2. The following language contained in the third paragraph after the chart is hereby deleted:
   "If this happens, you may be charged the linkage fee in addition to any enrollment costs."

Membership Rewards Claims Resolution

Effective January 1, 2014, the *Arbitration* provision in the terms and conditions of the Membership Rewards program is replaced with the following:

CLAIMS RESOLUTION

Most customer concerns can be resolved by calling our Customer Service Department at the number listed on the back of your card. In the event Customer Service is unable to resolve a complaint to your satisfaction, this section explains how claims can be resolved through mediation, arbitration or litigation. It includes an arbitration provision.

For this section, ***you*** and ***us*** includes any corporate parents, subsidiaries, affiliates or related persons or entities. ***Claim*** means any current or future claim, dispute or controversy relating to your participation in the program, these Terms & Conditions or any prior program agreement, except for the validity, enforceability or scope of the Arbitration provision. ***Claim*** includes but is not limited to: (1) initial claims, counterclaims, crossclaims and third-party claims; (2) claims based upon contract, tort, fraud, statute, regulation, common law and equity; (3) claims by or against any third party using or providing any product, service or benefit in connection with the program; and (4) claims that arise from or relate to (a) the program account or any point balances on the program account, (b) advertisements, promotions or oral or written statements related to the program or any reward or (c) the redemption for and use of any reward. You may not sell, assign or transfer a claim.

Sending a Claim Notice

Before beginning a lawsuit, mediation or arbitration, you and we agree to send a written notice (a ***claim notice***) to each party against whom a claim is asserted, in order to provide an opportunity to resolve the claim informally or through mediation. Go to americanexpress.com/claim for a sample claim notice. The claim notice must describe the claim and state the specific relief demanded. Notice to you may be provided by your billing statement or sent to your billing address. Notice to us must include your name, address and Account number and be sent to American Express ADR c/o CT Corporation System, 111 8th Ave., NY, NY 10011. If the claim proceeds to arbitration, the amount of any relief demanded in a claim notice will not be disclosed to the arbitrator until after the arbitrator rules.

Mediation

In mediation, a neutral mediator helps parties resolve a claim. The mediator does not decide the claim but helps parties reach agreement.

Before beginning mediation, you or we must first send a claim notice. Within 30 days after sending or receiving a claim notice, you or we may submit the claim to JAMS (1-800-352-5267, jamsadr.com) or the American Arbitration Association ("AAA") (1-800-778-7879, adr.org) for mediation. We will pay the fees of the mediator.

All mediation-related communications are confidential, inadmissible in court and not subject to discovery. All applicable statutes of limitation will be tolled until termination of the mediation. Either you or we may terminate the mediation at any time. The submission or failure to submit a claim to mediation will not affect your or our right to elect arbitration.

Arbitration

You or we may elect to resolve any claim by individual arbitration. Claims are decided by a neutral arbitrator.

If arbitration is chosen by any party, neither you nor we will have the right to litigate that claim in court or have a jury trial on that claim. Further, you and we will not have the right to participate in a representative capacity or as a member of any class pertaining to any claim subject to arbitration. Arbitration procedures are generally simpler than the rules that apply in court, and discovery is more limited. The arbitrator's decisions are as enforceable as any court order and are subject to very limited review by a court. Except as set forth below, the arbitrator's decision will be final and binding. Other rights you or we would have in court may also not be available in arbitration.

Initiating Arbitration

Before beginning arbitration, you or we must first send a claim notice. Claims will be referred to either JAMS or AAA, as selected by the party electing arbitration. Claims will be resolved pursuant to this Arbitration provision and the selected organization's rules in effect when the claim is filed, except where those rules conflict with these Terms & Conditions. If we choose the organization, you may select the other within 30 days after receiving notice of our selection. Contact JAMS or AAA to begin an arbitration or for other information. Claims also may be referred to another arbitration organization if you and we agree in writing or to an arbitrator appointed pursuant to section 5 of the Federal Arbitration Act, 9 U.S.C. §§ 1-16 (***FAA***).

We will not elect arbitration for any claim you file in small claims court, so long as the claim is individual and pending only in that court. You or we may otherwise elect to arbitrate any claim at any time unless it has been filed in court and trial has begun or final judgment has been entered. Either you or we may delay enforcing or not exercise rights under this Arbitration provision, including the right to arbitrate a claim, without waiving the right to exercise or enforce those rights.

Limitations on Arbitration

If either party elects to resolve a claim by arbitration, that claim will be arbitrated on an individual basis. There will be no right or authority for any claims to be arbitrated on a class action basis or on bases involving claims brought in a purported representative capacity on behalf of the general public, other cardmembers or other persons similarly situated.

The arbitrator's authority is limited to claims between you and us alone. Claims may not be joined or consolidated unless you and we agree in writing. An arbitration award and any judgment confirming it will apply only to the specific case and cannot be used in any other case except to enforce the award. Notwithstanding any other provision and without waiving the right to appeal such decision, if any portion of these *Limitations on Arbitration* is deemed invalid or unenforceable, then the entire Arbitration provision (other than this sentence) will not apply.

Arbitration Procedures

This Arbitration provision is governed by the FAA. The arbitrator will apply applicable substantive law, statutes of limitations and privileges. The arbitrator will not apply any federal or state rules of civil procedure or evidence in matters relating to evidence or discovery. Subject to the *Limitations on Arbitration,* the arbitrator may otherwise award any relief available in court. The arbitration will be confidential, but you may notify any government authority of your claim.

If your claim is for $10,000 or less, you may choose whether the arbitration will be conducted solely on the basis of documents, through a telephonic hearing, or by an in-person hearing. At any party's request, the arbitrator will provide a brief written explanation of the award. The arbitrator's award will be final and binding, except for any right of appeal provided by the FAA; however, any party will have 30 days to appeal the award by notifying the arbitration organization and all parties in writing. The organization will appoint a three-arbitrator panel to decide anew, by majority vote based on written submissions, any aspect of the decision objected to. Judgment upon any award may be entered in any court having jurisdiction. At your election, arbitration hearings will take place in the federal judicial district of your residence.

Arbitration Fees and Costs

You will be responsible for paying your share of any ***arbitration fees*** (including filing, administrative, hearing or other fees), but only up to the amount of the filing fees you would have incurred if you had brought a claim in court. We will be responsible for any additional arbitration fees. At your written request, we will consider in good faith making a temporary advance of your share of any arbitration fees, or paying for the reasonable fees of an expert appointed by the arbitrator for good cause.

Additional Arbitration Awards

If the arbitrator rules in your favor for an amount greater than any final offer we made before arbitration, the arbitrator's award will include: (1) any money to which you are entitled, but in no case less than $5,000; and (2) any reasonable attorneys' fees, costs and expert and other witness fees.

Continuation

This section will survive termination of the program or your participation in it. If any portion of this Claims Resolution section, except as otherwise provided in the *Limitations on Arbitration* subsection, is deemed invalid or unenforceable, it will not invalidate the remaining portions of this Claims Resolution section.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Bring a smile to children in need just by dining out. Starting December 1st, when you register your Card and use it to dine out, **American Express will donate $1**, up to $1 million, to **No Kid Hungry**® every time you dine. Each $1 donated can help connect a child with up to 10 meals, so make yours count.[1]

How it works:

1. Register any eligible Business Card from American Express OPEN
2. Use your registered Card to dine out between December 1, 2013, and January 31, 2014.[2]
3. American Express will donate $1 to No Kid Hungry every time you dine.

Register now at amexnetwork.com/dineforacause

[1] This amount is based on the individual experiences of Share Our Strength's grant recipients and is provided to illustrate how community investments can be used to help end childhood hunger. Each contribution made to Share Our Strength represents a contribution to its original mission. Donations will be used to reach the highest number of children facing hunger in America. Share Our Strength is a non-profit 501(c)3 organization.

[2] To participate, you must register an eligible American Express Card at amexnetwork.com/dineforacause between 12am ET on December 1, 2013 and 12am ET on January 31, 2014. Registration will be open until donation cap has been reached, which may be sooner than January 31, 2014. In such an event, registration will end prior to January 31, 2014. Each time that a registered Card is used to make a qualifying transaction at an eligible dining establishment located in the U.S. between December 1, 2013 and January 31, 2014, American Express will donate $1 to Share Our Strength, with a maximum donation of $1,000,000. Only valid for transactions at stand-alone restaurant locations that are made directly with restaurant (e.g., if restaurant is part of a hotel and transaction is charged to the hotel bill rather than paid directly to the restaurant, such transaction would not qualify). However, transactions made at Seamless Web and Grubhub do qualify. Transactions made at restaurants that are located within other stores do not qualify (e.g., transactions made at restaurants located within a department store do not qualify). Transactions made prior to registration are not eligible. All prepaid card products (other than American Express Serve®) and Corporate Cards are not eligible. If American Express does not receive information that identifies your transaction as qualifying for the program, that transaction will not be counted for purposes of the donation. For example, your transaction will not qualify if it is made through an electronic wallet or through a third party (e.g., charge on a hotel bill) or if the merchant uses a mobile or wireless card reader to process it. If your registered Card is replaced during the promotional period or you have questions about whether your transaction qualifies, please call the customer service number on the back of your Card for assistance. Additional terms apply; see Registration Terms and Conditions. For information about Share Our Strength, visit www.nokidhungry.org.POID:ARVB:0001

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Billing Dispute Procedures

What To Do If You Find a Mistake on Your Statement

If you think there is an error on your statement, write to us at:
American Express
PO Box 981535
El Paso TX 79998-1535

In your letter, give us the following information:

- *Account information:* Your name and account number.
- *Dollar amount:* The dollar amount of the suspected error.
- *Description of problem:* Describe what you believe is wrong and why you believe it is a mistake.

You must contact us:

- Within 60 days after the error appeared on your statement.
- At least 3 business days before an automated payment is scheduled, if you want to stop payment on the amount you think is wrong.

You must notify us of any potential errors *in writing*. You may call us, but if you do we may not follow these procedures and you may have to pay the amount in question.

What Will Happen After We Receive Your Letter

When we receive your letter, we will do two things:

1. Within 30 days of receiving your letter, we will tell you that we received your letter. We will also tell you if we have already corrected the error.
2. We will investigate your inquiry and will either correct the error or explain to you why we believe the bill is correct.

While we investigate whether or not there has been an error:

- We will not try to collect the amount in question.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount.
- While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

After we finish our investigation, one of two things will happen:

- *If we made a mistake*: You will not have to pay the amount in question or any interest or other fees related to that amount.
- *If we do not believe there was a mistake*: You will have to pay the amount in question, along with applicable interest and fees. We will send you a statement of the amount you owe and the date payment is due. We may report you as delinquent if you do not pay the amount we think you owe.

Annual EFT Error Resolution Notice

This notice is to inform you about how you should notify us of errors or questions regarding any electronic fund transfers you initiate to or from a consumer bank account using your American Express Card, including Express Cash transactions, or electronic payments from a consumer bank account you make to American Express using Pay By Phone, Pay By Computer, or any other American Express electronic payment service.

In case of errors or questions about your Electronic Transfers, please contact us as soon as you can if you think your statement or receipt is wrong or if you need more information about a transfer listed on the statement or receipt. You can telephone us at 1-800-IPAY-AXP for Pay By Phone and Pay By Computer questions, and at 1-800-CASH-NOW for Express Cash and Automatic Payment questions. Alternatively, you may write to us at American Express, Electronic Funds Services, P.O. Box 981531, El Paso, TX 79998-1531, or contact us online at www.americanexpress.com/inquirycenter. We must hear from you no later than 60 days after we sent the FIRST statement on which the problem or error appeared or question arose.

When you contact us, please provide the following information:

(1) Your name and card account number.

(2) Description of the error or the transfer you are unsure about. Explain as clearly as you can why you believe it is an error or why you need more information.

(3) The dollar amount of the suspected error.

If you notify us by phone, we may require that you send us your complaint or question in writing within 10 business days of the call.

We will determine whether an error occurred within 10 business days and will correct any error promptly. If we need more time, however, we may take up to 45 days to investigate your complaint or question. If we decide to do this, we will credit your consumer bank account within 10 business days for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your account.

For errors involving point-of-sale or foreign-initiated transactions, we may take up to 90 days to investigate your complaint or question.

We will tell you the results within three business days after completing our investigation. If we decide that there was no error, we will send you a written explanation. You may ask for copies of the documents that we used in our investigation.

If we have credited your bank account and there was no error, we will tell you when we will withdraw that amount from your bank account again. You authorize us to withdraw this amount from your bank account. If your bank account does not have enough funds to cover this withdrawal, we can charge the amount to your card account or collect the amount from you. If this happens, we may cancel your right to use our electronic transfer services.

Notice for residents of Washington State

In accordance with the Revised Code of Washington Statutes, Section 63.14.167, you are not responsible for payment of interest charges that result solely from a merchant's failure to transmit to us within seven working days a credit for goods or services accepted for return or forgiven if you have notified us of the merchant's delay in posting such credit, or our failure to post such credit to your account within three working days of our receipt of the credit.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Care number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Care number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Important Changes to Your Agreement for Transferring Funds Electronically

We are making changes to Your Agreement for Transferring Funds Electronically (the "EFT Agreement"). A summary of the changes can be found in the table below.

A copy of the new EFT Agreement can be found on the following pages. This EFT Agreement replaces any previous EFT Agreement you may have received, and contains important information regarding Electronic Funds Transfers. Please take time to familiarize yourself with the EFT Agreement and retain it for future reference.

Summary of Changes	
Limits on amounts and frequency of withdrawals	We are clarifying that you can only make 7 withdrawals in a single day, regardless of the dollar amount of the withdrawals.
Express Cash activity	We are clarifying that your Express Cash activity will be shown on your card account statement.
In case of errors or questions	We are clarifying that if we need more time to investigate after you have reported an error to us, we will credit your bank account within 10 business days.

See the following pages for your new EFT Agreement

Your Agreement for Transferring Funds Electronically

This *EFT Agreement* is between American Express Travel Related Services Company, Inc. and you, once you enroll in an Electronic Funds Transfer Service of ours (*service*) such as AutoPay, Pay By Computer, or Pay By Phone. This replaces any previous agreement you may have with us for the services.

Words we use in this agreement
In this EFT Agreement, *you* and *your* mean, in addition to the Basic Cardmember, any Additional Cardmembers who have enrolled in the service. *We*, *our*, and *us* mean American Express Travel Related Services Company, Inc. Your *card account* means the American Express card account. Your *bank* is the bank, securities firm, or other financial institution that holds your bank account. Your *bank account* is the bank account you use to pay for any transactions you make through the service. *Withdraw or withdrawal* means an electronic debit or deduction of funds from your bank account. Our *business days* are Monday through Friday, excluding holidays.

How Express Cash works
Express Cash enables you to withdraw cash from your bank account at participating automated teller machines (*ATMs*). If you enroll in Express Cash, we will issue or allow you to choose a Personal Identification Number (*PIN*). You must use this PIN along with your card when withdrawing cash from an ATM. Keep your PIN confidential.

Each time you withdraw cash using Express Cash, we will charge a fee of 3% of the amount of the transaction or $5, whichever is more. The amount of the transaction is the total of the:

- amount of the withdrawal or funds transfer
- amount of goods or services received, and
- any fee charged by the ATM operator or network used for the withdrawal.

The amount of the transaction and the fee that we charge will be withdrawn from your bank account.

For each withdrawal made in a foreign currency, we charge a fee of 2.7% of the converted U.S. dollar amount of the transaction. This fee will be withdrawn from your bank account. However, we do not charge this fee for ATM withdrawals made using cards issued on U.S. Consumer or OPEN Platinum Card or Centurion Card accounts. See *Converting charges made in a foreign currency* in Part 2 of the Cardmember Agreement.

If a transaction is not honored by your bank, we will charge the amount of the transaction and a fee of $38 to your card account, or we may collect them directly from you.

Limits on amounts and frequency of withdrawals
We apply the following limits to the amount that can be withdrawn in a 30-day period. In addition, there is a limit of 7 withdrawals in a single day (regardless of the dollar amount of such withdrawals). The ATM operator may also impose limits.

Plum Card®	$3,000 in a 30-day period
Green Card	$3,000 in a 30-day period
Gold Card	$8,500 in a 30-day period
Exec. Bus. Card	$8,500 in a 30-day period
Platinum Card®	$10,000 in a 30-day period
Centurion® Card	$10,000 in a 30-day period

You can get a receipt from the ATM each time you withdraw money from your bank account using Express Cash.
Your monthly statement for your card account will show any Express Cash transactions in that billing period.

AutoPay, Pay By Computer, Pay By Phone
With these services, you can initiate electronic payments to your card account. When you do so, you allow us or our agent to draw a check on or initiate an automated clearing house (ACH) withdrawal from your bank account in the amount you authorize.

If your bank returns a check or ACH withdrawal unpaid the first time we submit it for payment, we may cancel your right to use the service. Your bank may charge you a fee if this happens.

How to stop AutoPay payments
The following terms do not apply to certain AutoPay programs and options where a business bank account is used for the transaction; and the specific terms and conditions of those programs and options will define any applicable notice and cancelation terms:
(1) If you have told us to make AutoPay payments from your bank account, you can stop any of these payments by calling us at 1-800-227-4669 or writing to American Express, Electronic Funds Services, P.O. Box 981540, El Paso, TX 79998-1540 in time for us to receive your request at least 2 business days before the payment is scheduled to be made.
(2) We will tell you, at least 10 days before each payment, when it will be made and how much it will be.
(3) If we receive your request to stop one of these payments at least 2 business days before the payment is scheduled to be made and we do not stop it, we will be liable for your losses or damages.

Unauthorized transactions
Tell us AT ONCE if you believe your card or PIN has been lost, stolen or used without your permission, or if you believe that a transaction has been made without your permission.

Calling is the best way of keeping your possible losses down. You could lose all the money in your bank account (plus your maximum overdraft line of credit, if applicable). If you tell us within 2 business days after you learn of the loss, theft or unauthorized use of your card or PIN, you can lose no more than $50 if someone used your card or PIN without your permission.

If you do NOT tell us within 2 business days after you learn of the loss or theft of your card or PIN, and we can prove we could have stopped someone from using your card or PIN without your permission if you had told us, you could lose as much as $500.

Tell us if you believe that someone has used or may use your card or PIN to use the EFT service without your permission. Call anytime at 1-800-528-4800 (or 1-336-393-1111 collect, if not in the U.S.). You may also write to us at American Express, Electronic Funds Services, P.O. Box 981532, El Paso, TX 79998-1532.

Improper transactions or payments
If we do not complete a transfer to or from your bank account on time or in the correct amount, according to this EFT Agreement, we will be liable for your losses or damages.
There are some exceptions. We are not liable:

- if, through no fault of ours, you do not have enough money in your bank account;
- if the transfer would go over the credit limit on any overdraft line you may have;
- if the ATM where you are making the transfer does not have enough cash;
- if the funds in your bank account were subject to legal process or other encumbrance that restricted the transaction;

- if circumstances beyond our control (such as fire or flood) prevented the transaction, despite our reasonable precautions; or
- if the terminal or system was not working properly and you knew about the breakdown when you started the transfer.

Privacy
We will disclose information to third parties about your transactions:

- when necessary for completing transactions;
- to comply with government agency or court orders; or
- as stated in our Privacy Notice, which covers your use of the services.

Arbitration
The *Arbitration* section, in Part 2 of the Cardmember Agreement, applies to this EFT Agreement and the services.

How to contact us about the services

You can call us at 1-800-IPAY-AXP for Pay By Phone questions, at 1-800-528-2122 for Pay By Computer questions, at 1-800-528-4800 for AutoPay questions, and at 1-800-CASH-NOW for Express Cash questions. You may also write to us at American Express, Electronic Funds Services, P.O. Box 981531, El Paso, TX 79998-1531.

In case of errors or questions
If you think your statement or receipt is wrong, or if you need more information about a transaction on your statement or receipt, call or write us as soon as you can. We must hear from you no later than 60 days after we sent the FIRST statement on which the problem or error appeared. If you do not contact us because of certain circumstances (such as you are in the hospital), we may extend the 60-day period for a reasonable time. When you contact us:

- tell us your name and account number.
- describe the error or the transaction you are unsure about. Explain as clearly as you can why you believe it is an error or why you need more information.
- tell us the amount of the suspected error.

If you tell us orally, we may require that you send us your complaint or question in writing within 10 business days after you called us. Within 10 business days after we hear from you we will determine whether an error has occurred. We will correct any error promptly. However, if we need more time, we may take up to 45 calendar days to investigate. If we do take more time, we will credit your bank account within 10 business days for the amount you think is in error so that you will have use of the funds during the time it takes to complete our investigation.

If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your bank account for the amount you question.

We will tell you the results within 3 business days after completing our investigation. If we decide that there was no error, we will send you a written explanation.

You may ask for copies of the documents that we used in our investigation. If we have credited your bank account and find no error, we will tell you when we will withdraw that amount from your bank account again. You authorize us to withdraw this amount from your bank account. If your bank account does not have enough funds to cover this withdrawal, we can charge the amount to your card account or collect the amount from you. If this happens, we may cancel your right to use a service.

We may end the services
We, or any bank or financial institution that participates in the Express Cash service, may add to or remove any ATMs from the service. We may extend or limit the services at any location without telling you ahead of time. Also, we may stop a service at any time.

We may cancel your participation in a service at any time. If we do, we will write to you, but we may not send you the notice until after we cancel. Also, we may refuse to authorize a transaction at our discretion.

We will end or suspend use of a service if:

- you do not use it for 18 months in a row,
- your card account is in default,
- your card account is cancelled or suspended,
- you cancel the authorization you gave your bank to pay for any transactions you make through the service, or
- your bank account is closed to withdrawals by us or our agents.

You may choose to stop using any service. If you do, you must write to us at American Express, Electronic Funds Services, P.O. Box 981531, El Paso, TX 79998-1531.

Assignment
We may assign this EFT Agreement to a subsidiary or affiliate at any time.

Note for Massachusetts residents General disclosure statement: Any documentation given to you which shows that an electronic funds transfer was made will be admissible as evidence of that transfer and will constitute prima facie proof that the transfer was made.

Except as explained in this EFT Agreement, if you initiate an electronic funds transfer from your bank account, you cannot stop payment of the transfer.

Unless otherwise provided in this EFT Agreement, you may not stop payment of electronic funds transfers. Therefore, do not use electronic transfers for purchases or service unless you are satisfied that you will not need to stop payment.

Disclosure of bank account information to third parties: If you give us your written authorization to disclose information about you, your bank account, or the transactions that you make to any person, that authorization will automatically expire 45 days after we receive it.

Optional limit on obtaining cash: You can ask us to limit the total amount of cash that you may get from ATMs in a single day to $50. If you choose this option, we will take all reasonable steps to comply with your request.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Care number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Care number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Notice of Important Changes to the Billing Disputes Procedure

We are making two changes to the disclosure that describes our *Billing Disputes Procedure* in the American Express Cardmember Agreement ("Agreement"). We urge you and any Additional Cardmembers on your account to read the below notice carefully and file it along with your Agreement in a safe place for future reference. See the chart below for a summary of the changes and see the following page for a more detailed description.

Summary of Changes	
What Will Happen After We Receive Your Letter	We are removing the 90 days limitation on our investigation. While we may continue to perform investigations into any inquiry regarding any potential errors, we do not have to complete that investigation within 90 days. In addition, we are removing the following language: "If we do not follow all of the rules above, you do not have to pay the first $50 of the amount you question even if your bill is correct."

Important Information about the Membership Rewards® program

The value of Membership Rewards points varies depending upon how you choose to use them. You can get information regarding the value of points for various redemption options and learn about upcoming changes going into effect on June 28, 2015 by visiting www.membershiprewards.com/pointsinfo or calling the number on the back of your Card. Redemption options and point values can change at any time. Point values listed do not include discounts or other promotional offers which may be in effect from time to time.

See reverse side for detailed changes.

Detail of Important Changes to Your Cardmember Agreement

We are making changes to the American Express Cardmember Agreement ("Agreement") governing your Account referenced in this notice. Any language in the Agreement contrary to or conflicting with terms amended below is replaced fully and completely. All terms of the Agreement not amended herein remain in full force and effect. We urge you and any Additional Cardmembers on your Account to read the below notice carefully and file it along with your Agreement in a safe place for future reference.

Billing Disputes Procedure
Effective April 1, 2015, the *Billing Disputes Procedure* section in Part 2 of the Cardmember Agreement is amended by deleting the *Billing Disputes Procedure* section and replacing it with the following:

Billing Disputes Procedure

What To Do If You Find a Mistake on Your Statement
If you think there is an error on your statement, write to us at:

American Express
PO Box 981535
El Paso TX 79998-1535

In your letter, give us the following information:

- *Account information*: Your name and account number.
- *Dollar amount*: The dollar amount of the suspected error.
- *Description of problem*: If you think there is an error on your bill, describe what you believe is wrong and why you believe it is a mistake.

You must contact us:

- Within 60 days after the error appeared on your statement.
- At least 2 business days before an automated payment is scheduled, if you want to stop payment on the amount you think is wrong.

You must notify us of any potential errors *in writing*. You may call us, but if you do we are not required to investigate any potential errors and you may have to pay the amount in question.

What Will Happen After We Receive Your Letter
When we receive your letter, we will do two things:

1. Within 30 days of receiving your letter, we will tell you that we received your letter. We will also tell you if we have already corrected the error.
2. We will investigate your inquiry and will either correct the error or explain to you why we believe the bill is correct.

While we investigate whether or not there has been an error:

- We will not try to collect the amount in question, nor report you as delinquent on that amount.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount.
- While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

After we finish our investigation, one of two things will happen:

- *If we made a mistake*: You will not have to pay the amount in question or any interest or other fees related to that amount.
- *If we do not believe there was a mistake*: You will have to pay the amount in question, along with applicable interest and fees. We will send you a statement of the amount you owe and the date payment is due. We may then report you as delinquent if you do not pay the amount we think you owe.

If you receive our explanation but still believe your bill is wrong, you must write to us within *10 days* telling us that you still refuse to pay. If you do so, we will not report you as delinquent without also reporting that you are questioning your bill. We will tell you then name of anyone to whom we reported you as delinquent, and we will let those organizations know when the matter has been settled between us.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Care number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Care number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.70% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

- *Description of problem:* Describe what you believe is wrong and why you believe it is a mistake.

You must contact us:

You must notify us of any potential errors *in writing*. You may call us, but if you do we may not follow these procedures and you may have to pay the amount in question.

What Will Happen After We Receive Your Letter

When we receive your letter, we will do two things:

1. Within 30 days of receiving your letter, we will tell you that we received your letter. We will also tell you if we have already corrected the error.
2. We will investigate your inquiry and will either correct the error or explain to you why we believe the bill is correct.

While we investigate whether or not there has been an error:

- We will not try to collect the amount in question.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount.

- We can apply any unpaid amount against your credit limit.

After we finish our investigation, one of two things will happen:

- *If we do not believe there was a mistake:* You will have to pay the amount in question, along with applicable interest and fees. We will send you a statement of the amount you owe and the date payment is due. We may report you as delinquent if you do not pay the amount we think you owe.

We will determine whether an error occurred within 10 business days and will correct any error promptly. If we need more time, however, we may take up to 45 days to investigate your complaint or question. If we decide to do this, we will credit your consumer bank account within 10 business days for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your account.

For errors involving point-of-sale or foreign-initiated transactions, we may take up to 90 days to investigate your complaint or question.

We will tell you the results within three business days after completing our investigation. If we decide that there was no error, we will send you a written explanation. You may ask for copies of the documents that we used in our investigation.

If we have credited your bank account and there was no error, we will tell you when we will withdraw that amount from your bank account again. You authorize us to withdraw this amount from your bank account. Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Care number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.70% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Care number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.70% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Care number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Care number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Care number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Care number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Care number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Notice of Important Changes to Your Account Terms

We are making changes to your account terms, which are contained in the American Express Cardmember Agreement ("Agreement") governing your Account referenced in this notice. Any language in the Agreement contrary to or conflicting with the terms amended below is deleted in its entirety to the extent of the conflict. All terms of the Agreement not amended herein remain in full force and effect. We urge you and any Additional Cardmembers on your Account to read the below notice carefully and file it along with your Agreement in a safe place for future reference. The detailed changes to your Cardmember Agreement can be found after the summary chart.

Summary of Changes, effective with billing cycles ending on or after July 1, 2016	
About Pay Over Time features	We are changing how we describe the Pay Over Time feature, to clarify that this feature may be referred to as the "Pay Over Time" feature or the "Extended Payment Option." We are also providing more detail about the type of charges that are not eligible for the Pay Over Time feature.
How we calculate your Minimum Payment Due	We are adding information about how we calculate your Minimum Payment Due if you have a Pay Over Time balance. We are changing this section to include two new tiers for calculating the Minimum Payment Due. The new tiers affect the Minimum Payment Due calculation when Cardmembers carry Pay Over Time balances over $50,000. When Cardmembers carry Pay Over Time balances under $50,000, this change will not affect the Minimum Payment Due calculation.
How we calculate interest	We are making changes to this section to align with how we describe the Pay Over Time feature above. These changes do not affect how we calculate interest.

Detail of Changes to Your Cardmember Agreement

This notice amends the Cardmember Agreement (the "Agreement") as described below. We have the right to amend as described in the Agreement. Any terms in the Agreement conflicting with this change are replaced fully and completely. Terms not changed by this notice remain in full force and effect. We encourage you to read this notice, share it with Additional Cardmembers on your account, and file it for future reference. If you have any questions about this change, please call the number on the back of your Card.

The changes below are effective with billing cycles ending on or after July 1, 2016.

About Pay Over Time features

We are amending the *About Pay Over Time features* section of Part 2 of the Cardmember Agreement as follows:

We are deleting the first sentence and replacing it with the following two sentences:

> You may be invited to enroll the Account in a feature that allows you to pay certain charges over time. We may refer to this feature as the *Pay Over Time* feature or the *Extended Payment Option*. All terms and conditions that apply to the Pay Over Time feature apply to the Extended Payment Option.

In the second paragraph, we are deleting "Extended Payment Option" and replacing it with "Pay Over Time feature."

We are deleting the last two sentences of the second paragraph and replacing them with the following two sentences:

> We will tell you if we change this amount. Certain charges are not eligible, such as cash and Express Cash, American Express® Travelers Cheques and cash equivalents, casinos and other gambling transactions, any fees owed to American Express except foreign transaction fees, and other transactions designated by us.

In the third paragraph, we are deleting "that amount" and replacing it with "your Pay Over Time limit."

How we calculate your Minimum Payment Due

We are amending the *How we calculate your Minimum Payment Due* section of Part 2 of the Cardmember Agreement by deleting the section in its entirety and replacing it with the following:

How we calculate Your Minimum Payment Due	The Minimum Payment Due is the Pay In Full New Balance plus any Pay Over Time Minimum Due. To calculate the Pay Over Time Minimum Due for each statement, we take the *higher* of (1) or (2) below, then we round that number to the nearest dollar and add any Pay Over Time amount past due: (1) $35, or (2) The amount calculated using the following steps; I. Subtract the interest charged on the statement from the Pay Over Time New Balance. This gives you a Modified Pay Over Time Balance. II. Add the following together: • 1% of the portion of the Modified Pay Over Time Balance less than or equal to $50,000) and • 5% of the portion of the Modified Pay Over Time Balance greater than $50,000 and less than or equal to $100,000 and • 10% of the portion of the Modified Pay Over Time Balance greater than $100,000 III. Divide the sum from step II by the Modified Pay Over Time Balance and round to four decimals (ex 0.1234) IV. Multiply the result from step III and the Modified Pay Over Time Balance. V. Add the interest charged on the statement to the result from step IV. Your Pay Over Time Minimum Payment Due will not exceed your Pay Over Time New Balance. You may pay more than the Minimum Payment Due, up to your entire outstanding balance, at any time. ***EXAMPLE**: Assume that you have a Pay Over Time New Balance of $75,000, interest of $749.59, no amounts past due and a $1,000 Pay In Full New Balance.* *(1) $35, or* *(2) Calculate the following:* *I. $75,000 - $749.59 = $74,250.41* *II. Add the following together:* *• 1% multiplied by $50,000 = $500* *• 5% multiplied by ($74,250.41 - $50,000) = $1,212.52* *$500 + $1,212.52 = $1,712.52* *III. $1,712.52 divided by $74,250.41 = 0.02306411* *Round to four decimals = 0.0231* *IV. 0.0231 multiplied by $74,250.41 = $1,715.18* *V. $749.59 + $1,715.18 = $2,464.77* *The higher of (1) or (2) is $2,464.77, which rounds to $2,465.00. The Pay Over Time Minimum Payment Due of $2,465.00 plus the Pay in Full New Balance of $1,000 together make up the Minimum Payment Due of $3,465.00.*

How we calculate interest

We are amending the *How we calculate interest* section of Part 2 of the Cardmember Agreement by deleting the first paragraph and replacing it with the following:

We calculate interest for a billing period by first calculating interest on each Pay Over Time balance. Pay Over Time balances may have different interest rates.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Care number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

We are making a change to your account terms, which are contained in the American Express Cardmember Agreement ("Agreement") governing your Account referenced in this notice. Any language in the Agreement contrary to or conflicting with the terms amended below is deleted in its entirety to the extent of the conflict. All terms of the Agreement not amended herein remain in full force and effect. We urge you and any Additional Cardmembers on your Account to read the below notice carefully and file it along with your Agreement in a safe place for future reference. The detailed change to your Cardmember Agreement can be found after the summary chart.

Using the card	Currently, you may arrange for merchants to store certain account information for certain purposes (for example, for recurring billing). When you arrange for merchants to store this information, you acknowledge that we may share updates to this information with these merchants. Effective August 15, 2016, we are updating your Cardmember Agreement to say that if you choose to store your account information with any third parties, we may also share updates to this information with these third parties. Please note that this only applies to third parties with whom you elect to share this information.
Converting charges made in a foreign currency	Effective August 15, 2016, we are updating your Cardmember Agreement to state that, for any charges you make in a foreign currency, AE Exposure Management Ltd. ("AEEML") will convert that charge into U.S. dollars.
Closing your Account	We are changing our policy for refunding Annual Membership fees for voluntary account cancellations taking place on or after September 1, 2016. If an Annual Membership fee applies to your Account, we will refund this fee if you notify us that you are voluntarily closing your Account within 30 days of the Closing Date of the billing statement on which that fee appears. For cancellations after this 30 day period, the Annual Membership fee is non-refundable. *For example, if your Annual Fee is charged on a billing statement on which the Closing Date is April 2, you have until May 2 to voluntarily cancel your Account and receive a full refund.* Please note that any Annual Membership fees for additional cards may appear on a different billing statement than the Annual Membership fee for the Basic Card Member's Account. This means that additional card fees may not be refunded if you cancel your Account.

Any terms in the Agreement conflicting with this change are replaced fully and completely. Terms not changed by this notice remain in full force and effect. We encourage you to read this notice, share it with Additional Cardmembers on your account, and file it for future reference. If you have any questions about this change, please call the number on the back of your Card.

Using the Card

Effective August 15, 2016, in Part 2 of the Cardmember Agreement, we are amending the *Using the card* sub-section of the *About using your card* section by deleting the fourth paragraph (including the bullet points) and the fifth paragraph in their entirety and replacing them with the following:

> You may arrange for certain merchants and third parties to store your card number and expiration date, so that, for example:
> - the merchant may charge your account at regular intervals; or
> - you may make charges using that stored card information.
>
> We may (but are not required to) tell these merchants and third parties if your expiration date or card number changes or if your account status is updated, including if your account is cancelled. You must notify the merchants and third parties directly if you want them to stop charging your Account.

Converting charges made in a foreign currency

Effective August 15, 2016, in Part 2 of the Cardmember Agreement, we are amending the *Converting charges made in a foreign currency* sub-section in the *Other important information* section by deleting the text in its entirety and replacing it with:

> If you make a charge in a foreign currency, AE Exposure Management Ltd. ("AEEML") will convert it into U.S. dollars on the date we or our agents process it, so that we bill you for the charge in U.S. dollars based upon this conversion. Unless a particular rate is required by law, AEEML will choose a conversion rate that is acceptable to us for that date. The rate AEEML uses is no more than the highest official rate published by a government agency or the highest interbank rate AEEML identifies from customary banking sources on the conversion date or the prior business day. This rate may differ from rates that are in effect on the date of your charge. We will bill charges converted by establishments (such as airlines) at the rates they use.

Closing your Account

Effective September 1, 2016, in Part 2 of the Cardmember Agreement, we are amending the *Closing your Account* sub-section in the *Other important information* section by inserting a new paragraph at the end of the sub-section:

> If an Annual Membership fee applies, we will refund this fee if you notify us that you are voluntarily closing your Account within 30 days of the Closing Date of the billing statement on which that fee appears. For cancellations after this 30 day period, the Annual Membership fee is non-refundable. If an Annual Membership fee applies to your Account, it is shown on page 1 and page 2 of Part 1 of the Cardmember Agreement.
>
> If your billing address is in the Commonwealth of Massachusetts at the time you close your account, this policy will not apply to you.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Care number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Care number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

How to Avoid Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge interest on charges added to a Pay Over Time balance if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

An Important Notice Concerning Cardmember Privacy

This Privacy Notice is addressed to United States holders of personal American Express® Charge Cards or accounts, Optima® Cards or accounts, other personal credit card accounts that we issue, and to United States holders of business charge and credit cards from OPEN from American Express. This Notice explains how we collect, use and safeguard information about you and how to limit the use and disclosure of your information.

In this Notice, "American Express," "we," "our," and "us" refer to American Express Travel Related Services Company, Inc., American Express Centurion Bank and American Express Bank, FSB. These entities are "Affiliates" of each other, which are companies in the American Express family that are related to each other by common ownership or control. Our Affiliates also include publishers, travelers cheque issuers, travel agents and providers of Card-related insurance services. The cards and accounts that we issue are called "Cards" or "Card accounts." Holders of those Card accounts are called "Cardmembers" or "you(r)."

What Information Do We Collect?
We obtain information about you from a variety of sources. You provide us with information about yourself, for example, by completing Card applications. This includes your name, address, social security number, and income and asset information. Your use of the Card and your other transactions with us and our Affiliates provide us with additional information, such as your spending and payment history. Other sources, such as credit reporting agencies and providers of marketing information, furnish us with additional information about your credit history, purchasing preferences, and other matters. We also obtain information about you in connection with our efforts to protect against fraud. We call all of this information "Cardmember Information."

What Do We Do with Cardmember Information?
We use Cardmember Information in connection with delivering products and services to you. To do this it is often necessary to share it with our Affiliates and other companies we work with. These include companies that manage Card accounts, offer affinity, frequent-user, and reward programs, companies that perform marketing services and other business operations for us, and companies whose products or services are provided as a benefit of your Card account. We may also share Cardmember Information with other financial institutions with whom we jointly offer products and services. And we may disclose it to other third parties as permitted by law. For example, we disclose Cardmember Information in response to subpoenas, to credit reporting agencies, and to help prevent fraud.

Information We Share with Our Affiliates
You can inform us not to share with our Affiliates credit-related information (except as permitted by law), such as your credit history as shown on a consumer report. If you make this choice, we are permitted by law to share with our Affiliates information about our transactions and experiences with you, such as your payment history.

Valuable Partner Offers
We work with carefully selected business partners, such as merchants that accept the Card, so that you may receive offers for their products and services. We use Cardmember Information to help make these offers more relevant and valuable to you. If you respond to one of these offers, the business partner will know certain information about you, such as your name, that you are a Cardmember, and that you met the qualifications established for the offer. You can inform us not to send you these offers.

Your Choices
Please let us know if you do not want us to use your Cardmember Information to communicate with you about offers, including exclusive partner offers and offers from our Affiliates, by mail, telephone and/or e-mail, or share your credit-related information with our Affiliates, by visiting us at: **www.americanexpress.com/communications**. You can also inform us of your choices (except for e-mail communications) by calling us at **1-800-297-8378**. If you make these choices, you may not learn about products, services and features, including discounts and other special offers, we believe may be of interest to you and add value to your Card membership.

If you have other Card accounts with us, you will receive additional privacy notices that apply to those accounts. **Please note that any choices you make will only apply to this account.**

If you are the primary Cardmember on your Card account, any choices you make in accordance with this Notice will also apply to any other Cardmember on this account (except for e-mail communications). If you make choices not to receive offers as indicated above, we may still include notices and information about the Card and other products and services when communicating with you about your Card account and related products and services.

Information Security
We use reasonable administrative, technical and physical security measures to protect your Cardmember Information.

Former Customers
If you cancel your Card, or your Card account(s) are closed, we will continue to treat and safeguard Cardmember Information about you as described in this Notice.

For Vermont Cardmembers Only
If your Card account has a Vermont billing address, we will automatically treat your account as if you had informed us not to share your credit-related information with our Affiliates.

Your Billing Rights: Keep this Document for Future Use

This notice tells you about your rights and our responsibilities under the Fair Credit Billing Act.

What To Do If You Find a Mistake on Your Statement

If you think there is an error on your statement, write to us at PO Box 981535, El Paso TX 79998-1535. In your letter, give us the following information:

- *Account information*: Your name and account number.
- *Dollar amount*: The dollar amount of the suspected error.
- *Description of problem*: If you think there is an error on your bill, describe what you believe is wrong and why you believe it is a mistake.

You must contact us:

- Within 60 days after the error appeared on your statement.
- At least 3 business days before an automated payment is scheduled, if you want to stop payment on the amount you think is wrong.

You must notify us of any potential errors *in writing*. You may call us, but if you do we are not required to investigate any potential errors and you may have to pay the amount in question.

What Will Happen After We Receive Your Letter

When we receive your letter, we must do two things:

1. Within 30 days of receiving your letter, we must tell you that we received your letter. We will also tell you if we have already corrected the error.
2. Within 90 days of receiving your letter, we must either correct the error or explain to you why we believe the bill is correct.

While we investigate whether or not there has been an error:

- We cannot try to collect the amount in question, or report you as delinquent on that amount.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount.
- While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

After we finish our investigation, one of two things will happen:

- *If we made a mistake*: You will not have to pay the amount in question or any interest or other fees related to that amount.
- *If we do not believe there was a mistake*: You will have to pay the amount in question, along with applicable interest and fees. We will send you a statement of the amount you owe and the date payment is due. We may then report you as delinquent if you do not pay the amount we think you owe.

If you receive our explanation but still believe your bill is wrong, you must write to us within *10 days* telling us that you still refuse to pay. If you do so, we cannot report you as delinquent without also reporting that you are questioning your bill. We must tell you the name of anyone to whom we reported you as delinquent, and we must let those organizations know when the matter has been settled between us.

If we do not follow all of the rules above, you do not have to pay the first $50 of the amount you question even if your bill is correct.

Your Rights If You Are Dissatisfied With Your Credit Card Purchases

If you are dissatisfied with the goods or services that you have purchased with your credit card, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the purchase.

To use this right, all of the following must be true:

1. The purchase must have been made in your home state or within 100 miles of your current mailing address, and the purchase price must have been more than $50. (Note: Neither of these are necessary if your purchase was based on an advertisement we mailed to you, or if we own the company that sold you the goods or services.)
2. You must have used your credit card for the purchase. Purchases made with cash advances from an ATM or with a check that accesses your credit card account do not qualify.
3. You must not yet have fully paid for the purchase.

If all of the criteria above are met and you are still dissatisfied with the purchase, contact us *in writing* at PO Box 981535, El Paso TX 79998-1535. While we investigate, the same rules apply to the disputed amount as discussed above.

After we finish our investigation, we will tell you our decision. At that point, if we think you owe an amount and you do not pay, we may report you as delinquent.

Annual EFT Error Resolution Notice

This notice is to inform you about how you should notify us of errors or questions regarding any electronic fund transfers you initiate using your American Express Card, including Express Cash transactions, or electronic payments you make to American Express using Pay By Phone, Pay By Computer, or any other American Express electronic payment service.

In case of errors or questions about your Electronic Transfers, please contact us as soon as you can if you think your statement or receipt is wrong or if you need more information about a transfer listed on the statement or receipt. You can telephone us at 1-800-IPAY-AXP for Pay By Phone and Pay By Computer questions, and at 1-800-CASH-NOW for Express Cash and Automatic Payment questions. Alternatively, you may write to us at American Express, Electronic Funds Services, P.O. Box 981531, El Paso, TX 79998-1531, or contact us online at www.americanexpress.com/inquirycenter. We must hear from you no later than 60 days after we sent the FIRST statement on which the problem or error appeared or question arose. When you contact us, please provide the following information:
(1) Your name and card account number. (2) Description of the error or the transfer you are unsure about. Explain as clearly as you can why you believe it is an error or why you need more information. (3) The dollar amount of the suspected error.

If you notify us by phone, we may require that you send us your complaint or question in writing within 10 business days of the call. We will determine whether an error occurred within 10 business days and will correct any error promptly. If we need more time, however, we may take up to 45 days to investigate your complaint or question. If we decide to do this, we will credit your bank account within 10 business days for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your account. For errors involving point-of-sale or foreign-initiated transactions, we may take up to 90 days to investigate your complaint or question. We will tell you the results within three business days after completing our investigation. If we decide that there was no error, we will send you a written explanation. You may ask for copies of the documents that we used in our investigation.

If we have credited your bank account and there was no error, we will tell you when we will withdraw that amount from your bank account again. You authorize us to withdraw this amount from your bank account. If your bank account does not have enough funds to cover this withdrawal, we can charge the amount to your card account or collect the amount from you. If this happens, we may cancel your right to use our electronic transfer services.

Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on charges added automatically to a Pay Over Time balance, or to charges that were added to a Pay Over Time balance at your request in prior billing periods, if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments (such as airlines) will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on charges added automatically to a Pay Over Time balance, or to charges that were added to a Pay Over Time balance at your request in prior billing periods, if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments (such as airlines) will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on charges added automatically to a Pay Over Time balance, or to charges that were added to a Pay Over Time balance at your request in prior billing periods, if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments (such as airlines) will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on charges added automatically to a Pay Over Time balance, or to charges that were added to a Pay Over Time balance at your request in prior billing periods, if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments (such as airlines) will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on charges added automatically to a Pay Over Time balance, or to charges that were added to a Pay Over Time balance at your request in prior billing periods, if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments (such as airlines) will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Dear G Maxwell,

We want to help you understand how your charge card works. This includes changes we're required to make because of new federal regulations that impact late payment fees, returned payment fees, and Penalty APRs. These changes are summarized in the table below.

We're also pleased to let you know we've rewritten your Cardmember Agreement so it's simpler and easier to use and understand. We've enclosed a copy of your new Cardmember Agreement, which includes information on:

- rates and fees for your account
- the minimum payment due and how payments are applied
- when interest charges apply, and when they don't
- other account terms

You can learn more about how to manage your card account and protect your credit with simple tips, advice, and explanations by visiting **americanexpress.com/consumerresources.**

How Rates and Fees Work

Calculating APRs and DPRs	The Annual Percentage Rate (*APR*) for variable rates is determined by adding an amount (*margin*) to the Prime Rate (see *Determining the Prime Rate* in Part 2). The Daily Periodic Rate (*DPR*) is 1/365th of the APR, rounded to one ten-thousandth of a percentage point.

Rate Description	Prime + Margin	APR	DPR
Annual Percentage Rate	Prime + 5.90%	9.15%	0.0251%
Penalty APR	Prime + 23.99%	27.24%	0.0746%

Penalty APR for new transactions	The penalty APR applies to new transactions if: • you do not pay at least the Minimum Payment Due by the Closing Date of the billing period in which it is due 3 times in 12 billing periods, • you do not pay at least the Minimum Payment Due by the Closing Date of the billing period in which it is due and you still do not pay it by the Closing Date of the next billing period, or • your payment is returned by your bank. If the Penalty APR applies to a balance, it will apply to charges added to that balance 15 or more days after we send you notice. We will review your Account every 6 months after the Penalty APR is applied. The Penalty APR will continue to apply until you have made timely payments with no returned payments during the 6 months being reviewed.
Penalty APR for existing balances	If you do not pay at least the Minimum Payment Due within 60 days after its Payment Due Date, we can apply the penalty APR to those balances it does not already apply to. After you pay on time for 6 billing periods in a row, the penalty APR will no longer apply to those balances (but it may still apply to other balances as described above).
Fees	
Initiation	This fee is on the *Rates and Fees Table* on page 1 of Part 1. This fee is a finance charge.
Annual Membership	This fee is on the *Rates and Fees Table* on page 1 of Part 1. We will charge $1,500 for each additional Centurion Card, $175 for up to 3 additional Platinum Cards, $175 for each additional Platinum Card after the first 3, $45 for up to 5 additional Gold Cards, and $45 for each additional Gold Card thereafter.
Late Payment	Up to $35 or 2.99% of the amount past due. If you do not pay the Amount Due on a billing statement before the 20th day after the next Closing Date, the fee is $25. If this happens again within the next 6 billing periods, the fee is $35 instead. In both cases, if you do not pay the amount past due by the following Closing Date, we will charge, in that same billing period, the greater of $35 or 2.99% of the amount past due. For each subsequent billing period that an amount past due remains unpaid, the fee is the greater of $35 or 2.99% of any amount past due. However, the late fee will not exceed the Minimum Payment Due. Paying late may also result in a Penalty APR. See *Penalty APR for new transactions* and *Penalty APR for existing balances* above.
Returned Payment	Up to $35. If your payment is returned unpaid the first time we present it to your bank, the fee is $25. If this happens again within the next 6 billing periods, the fee is $35. However, the returned payment fee will not exceed the Minimum Payment Due on the last Payment Due Date before the payment is returned. A returned payment may also result in a Penalty APR. See *Penalty APR for new transactions* above.
Returned Check	$38 if you use your card to cash a check at one of our approved locations and the check is returned unpaid. We will also charge you the unpaid amount.
Statement Copy	$5 for each statement you request, except for the 3 most recent billing periods.
Account Re-opening	$25 if your Account is cancelled, you ask us to re-open it, and we do so.
Foreign Transaction	2.7% of the converted U.S. dollar amount. This fee is a finance charge. See *Converting charges made in a foreign currency* in Part 2.

Part 1, Part 2 and any supplements or amendments make up your Cardmember Agreement.

Cardmember Agreement: Part 2 of 2

CD 27737

Introduction

About your Cardmember Agreement

This document together with Part 1 make up the Cardmember Agreement *(Agreement)* for the *Account* identified on page 1 of Part 1. Any supplements or amendments are also part of the Agreement. When you use the Account (or you sign or keep the card), you agree to the terms of the Agreement.

Changing the Agreement

We may change this Agreement, subject to applicable law. We may do this in response to the business, legal or competitive environment.

We cannot increase the interest rate on existing balances except in limited circumstances. Changes to some terms may require 45 days advance notice, and we will tell you in the notice if you have the right to reject a change. We cannot change certain terms during the first year of your Cardmembership.

Words we use in the Agreement

We, ***us***, and ***our*** mean the issuer shown on page 1 of Part 1. ***You*** and ***your*** mean the person who applied for this Account and for whom we opened the Account. You and your also mean anyone who agrees to pay for this Account. You are the ***Basic Cardmember***. You may request a card for an ***Additional Cardmember*** (see *About Additional Cardmembers* in Part 2).

Card means any card or other device that we issue to access your Account. A ***charge*** is any amount added to your Account, such as purchases, fees and interest charges. A ***purchase*** is a charge for goods or services.

To ***pay*** by a certain date means to send your payment so that we receive it and credit it to your Account by that date (see *About your payments* in Part 2).

About using your card

Using the card

You may use the card to make purchases. You may also use the card at an ATM to get cash from a checking account you designate.

We decide whether to approve a charge based on how you spend and pay on this Account and other accounts you have with us and our affiliates. We also consider your credit history and your personal resources that we know about.

You may arrange for certain merchants to charge your Account at regular intervals. We may (but are not required to) tell these merchants about your Account status or changes to your card number or expiration date. You must notify the merchants directly if you want them to stop charging your Account.

Keep your card safe and don't let anyone else use it. If your card is lost or stolen or your Account is being used without your permission, contact us right away. You may not use your Account for illegal activities.

Promise to pay

You promise to pay all charges, including:

- charges you make, even if you do not present your card or sign for the transaction,
- charges that other people make if you let them use your Account, and
- charges that Additional Cardmembers make or permit others to make.

Declined transactions

We may decline to authorize a charge. Reasons we may do this include suspected fraud and our assessment of your creditworthiness. This may occur even if your Account is not in default.

We are not responsible for any losses you incur if we do not authorize a charge. And we are not responsible if any merchant refuses to accept the card.

About Pay Over Time features

We may add *features* to your Account that allow you to pay certain charges over time. These features include Select & Pay Later, Sign & Travel® and the Extended Payment Option.

Select & Pay Later lets you pay a charge over time in two ways. You may ask a travel industry merchant at the time you make the charge, or ask us after the charge appears on your statement. If we approve your request, we will place the charge into a Pay Over Time balance. If we decline your request, you must pay the charge in full upon receipt of your billing statement.

If you enroll in Sign & Travel, we will automatically place eligible travel-related charges into a Pay Over Time balance. Some examples are airline and cruise ship tickets, hotels, car rentals and charges made outside the U.S. If you enroll in the Extended Payment Option, we will automatically place all eligible charges into a Pay Over Time balance. A charge is eligible if it equals or is more than a certain dollar amount. We will tell you this amount when you enroll, and it is subject to change. We will tell you if we change it. Certain charges are not eligible, such as cash and similar transactions.

We will not place any charge into a Pay Over Time balance if it causes the total of your Pay Over Time balances to go over $35,000. We will tell you if we change that amount. You must pay in full all charges that are not placed into a Pay Over Time balance upon receipt of your billing statement. We may change which charges are eligible to be placed into a Pay Over Time balance.

About your payments

When you must pay

Payment of the New Balance is due upon receipt of your statement. If a statement includes a Pay Over Time balance, it will show a Minimum Payment Due. In this case, you must pay at least the Minimum Payment Due by the Payment Due Date. Each statement also states the time and manner by which you must make your payment for it to be credited as of the same day it is received.

Each statement also shows a Closing Date. The Closing Date is the last day of the billing period covered by the statement. Each Closing Date is about 30 days after the previous statement's Closing Date.

How to make payments

Make payments to us in U.S. dollars with:

- a single check drawn on a U.S. bank, or
- a single negotiable instrument clearable through the U.S. banking system, for example a money order, or
- an electronic payment that can be cleared through the U.S. banking system.

When making a payment by mail:

- make a separate payment for each account,
- mail your payment to the address shown on the payment coupon on your billing statement, and
- write your Account number on your check or negotiable instrument and include the payment coupon.

If your payment meets the above requirements, we will credit it to your Account as of the day we receive it, as long as we receive it by the time disclosed in your billing statement. If we receive it after that time, we will credit the payment on the day after we receive it.

If your payment does not meet the above requirements, there may be a delay in crediting your Account. This may result in late fees and additional interest charges (see *How Rates and Fees Work* on page 2 of Part 1).

If we decide to accept a payment made in a foreign currency, we will choose a rate to convert your payment into U.S. dollars, unless the law requires us to use a particular rate.

If we process a late payment, a partial payment or a payment marked with any restrictive language, that will have no effect on our rights and will not change this Agreement.

How we apply payments and credits

If a statement includes a Pay Over Time balance, it will show a Minimum Payment Due. The Minimum Payment Due is the Pay In Full New Balance plus the Pay Over Time Minimum Due.

If you have a Pay Over Time balance, we generally apply payments—up to the Minimum Payment Due—first to the Pay Over Time Minimum Due and then to the Pay In Full New Balance. When applying a payment to the Pay Over Time Minimum Due, we apply it first to the balance with the lowest interest rate and then to balances with higher interest rates.

After the Minimum Payment Due has been paid, we apply payments to the remaining Pay Over Time balance. When we do this, we apply payments first to the balance with the highest interest rate and then to balances with lower interest rates.

In most cases, we apply a credit to the same balance as the related charge. We may apply payments and credits within balances, and among balances with the same interest rate, in any order we choose.

About your Minimum Payment Due

How we calculate your Minimum Payment Due

The Minimum Payment Due is the Pay In Full amount plus any Pay Over Time Minimum Due.

To calculate the Pay Over Time Minimum Due for each statement, we start with the ***highest*** of the following three amounts:

(1) 2% of the Pay Over Time New Balance; ***or***
(2) interest charged on the statement plus 1% of the Pay Over Time New Balance (excluding interest on the statement), not to exceed 4% of the Pay Over Time New Balance; ***or***
(3) $20.

Then we round to the nearest dollar. After that, we add any Pay Over Time amount past due.

However, your Pay Over Time Minimum Due will not exceed your Pay Over Time New Balance.

EXAMPLE: Pay Over Time Minimum Due

Assume that your Pay Over Time New Balance is $3,000, interest is $29.57 (see the example on the next page), and you have no Pay Over Time amounts past due.

(1) *2% x $3,000 = $60.00*
(2) *$29.57 + 1% x ($3,000 - $29.57) = $59.27*
(3) *$20.00*

*The **highest** of the three amounts is $60.00.*

*So the **Pay Over Time Minimum Due** is $60.00.*

Adjusting your Pay Over Time Minimum Due

If you regularly pay more than the Minimum Payment Due described above, we may adjust the Pay Over Time Minimum Due in future billing periods. This may let you make a smaller minimum payment from time to time. But if you then do not regularly pay more than the Minimum Payment Due described above, we will stop making the adjustment and return to the formula above. If we start or stop making the adjustment, we will do so for at least six billing periods in a row. To adjust the Pay Over Time Minimum Due, we will not add 1% of the Pay Over Time New Balance in **(2)**. Then, if **(2)** is the highest (but less than 4% of the Pay Over Time New Balance), we will add $15.

continued on next page...

...continued from previous page

We will do this if over six billing periods the sum of payments credited to your Pay Over Time balance is more than the sum of the Pay Over Time Minimum Dues (not adjusted, except any Pay Over Time amount past due is counted only in the first of those six periods). We will also make the adjustment if over six billing periods the sum of the Pay Over Time Minimum Dues (not adjusted) is not more than $120 and equals the sum of payments credited to your Pay Over Time balance. However, we will not make the adjustment if the sum of the Pay Over Time Minimum Dues is zero and we did not adjust the Pay Over Time Minimum Due the last time it was not zero.

About interest charges on Pay Over Time balances

When we charge interest

For charges added at your request
We charge interest on charges that are added at your request to a Pay Over Time balance as of the date the charge is added. If you pay the Account Total New Balance on a statement by the Closing Date on the next statement, then on that next statement we will not charge interest on any Pay Over Time portion of that Account Total New Balance.

For charges added automatically
We charge interest on charges that are added automatically to a Pay Over Time balance beginning on the transaction date. However, you can avoid paying interest on those charges as described below.

If you pay the Account Total New Balance on a statement by the Closing Date shown on the next statement, then on that next statement we will not charge interest on those charges.

If you paid the Account Total Previous Balance on a statement by its Closing Date, and you pay less than the Account Total New Balance on that statement by the Closing Date of the next statement, then we will not charge interest on the portion of automatically added charges that we apply your payment to. But we will charge interest on the remaining portion of those charges.

Also, we will not charge interest on automatically added charges shown on a statement if the Account Total Previous Balance on that statement is zero or a credit balance.

How we calculate interest

We calculate interest for a billing period by first figuring the interest on each balance. Balances within each feature—such as Select & Pay Later, Sign & Travel and Extended Payment Option—may have different interest rates.

We use the **Average Daily Balance method (including new transactions)** to figure interest charges for each balance. The total interest charged for a billing period is the sum of the interest charged on each balance.

Interest
The interest charged for a balance in a billing period, except for variations caused by rounding, equals:
- Average Daily Balance (*ADB*) ***x***
- Daily Periodic Rate (*DPR*) ***x***
- number of days the DPR was in effect.

ADB
To get the ADB for a balance, we add up its *daily balances*. Then we divide the result by the number of days the DPR for that balance was in effect. If the daily balance is negative, we treat it as zero.

DPR
A DPR is 1/365th of an APR, rounded to one ten-thousandth of a percentage point. Your DPRs are shown in *How Rates and Fees Work* on page 2 of Part 1.

EXAMPLE: Calculating Interest

Assume that you have a single interest rate of 15.99%, your ADB is $2,250 and there are 30 days in the billing period.

*The **DPR** is 15.99% ÷ 365 days = 0.0438%*

***Interest** is $2,250 x 0.0438% x 30 days = $29.57*

Daily Balance
For each day a DPR is in effect, we figure the daily balance by:
- taking the *beginning balance* for the day,
- adding any new charges,
- subtracting any payments or credits; and
- making any appropriate adjustments.

We add a new charge to a daily balance as of its transaction date.

Beginning balance
For the first day of a billing period, the beginning balance is the ending balance for the prior billing period, including unpaid interest. For the rest of the billing period, the beginning balance is the previous day's daily balance *plus an amount of interest equal to the previous day's daily balance multiplied by the DPR for that balance. This method of figuring the beginning balance results in daily compounding of interest.*

When an interest rate changes, the new DPR may come into effect during—not just at the beginning of—the billing period. When this happens, we will create a new balance and apply the new DPR to it. To get the beginning balance on the first day for this new balance, we multiply the previous day's daily balance by the old DPR and add the result to that day's daily balance.

Other methods
To figure the ADB and interest charges, we may use other formulas or methods that produce equivalent results. Also, we may choose not to charge interest on certain types of charges.

Determining the Prime Rate	We use the Prime Rate from the Money Rates section (or successor section) of *The Wall Street Journal*. The Prime Rate for each billing period is the Prime Rate published in *The Wall Street Journal* 2 days before the Closing Date of the billing period. *The Wall Street Journal* may not publish the Prime Rate on that day. If it does not, we will use the Prime Rate from the previous day it was published. If *The Wall Street Journal* is no longer published, we may	use the Prime Rate from any other newspaper of general circulation in New York, New York. Or we may choose to use a similar published rate. If the Prime Rate increases, variable APRs (and corresponding DPRs) will increase. In that case, you may pay more interest and may have a higher Minimum Payment Due. When the Prime Rate changes, the resulting changes to variable APRs take effect as of the first day of the billing period.

Other important information

About Additional Cardmembers	At your request, we may issue cards to Additional Cardmembers. They do not have accounts with us but they can use your Account subject to the terms of this Agreement. You are responsible for all use of your Account by Additional Cardmembers and anyone they allow to use your Account. You must pay for all charges they make.	You authorize us to give Additional Cardmembers information about your Account and to discuss it with them. If you want to cancel an Additional Cardmember's right to use your Account (and cancel their card) you must tell us.
Converting charges made in a foreign currency	If you make a charge in a foreign currency, we will convert it into U.S. dollars on the date we or our agents process it. Unless a particular rate is required by law, we will choose a conversion rate that is acceptable to us for that date. The rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we	identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates that are in effect on the date of your charge. We will bill charges converted by establishments (such as airlines) at the rates they use.
Changing your billing address	You must notify us immediately if you change the: • mailing address where we send billing statements; or • e-mail address to which we send notice that your billing statement is available online.	If you have more than one account, you need to notify us separately for each account. We may update your billing address if we receive information that it has changed or is incorrect.
Closing your Account	You may close your Account by calling us or writing to us.	
Cancelling or suspending your Account	We may: • cancel your Account, • suspend the ability to make charges, • cancel or suspend any feature on your Account, and • notify merchants that your Account has been cancelled or suspended. If we do any of these, you must still pay us for all charges under the terms of this Agreement.	We may do any of these things at our discretion, even if you pay on time and your Account is not in default. If your Account is cancelled, you must destroy your cards. We may agree to reinstate your Account after a cancellation. If we do this, we may: • reinstate any additional cards issued on your Account, • charge you any applicable annual fees, and • charge you a fee for reinstating the Account.
About default	We may consider your Account to be in default if: • you violate a provision of this Agreement, • you give us false information, • you file for bankruptcy, • you default under another agreement you have with us or an affiliate, • you become incapacitated or die, or • we believe you are unable or unwilling to pay your debts when due.	If we consider your Account in default, we may: • suspend your ability to make charges, • cancel or suspend any feature on your Account, • require you to pay more than your Minimum Payment Due immediately, and • require you to pay your Account balance immediately.
Credit reports	You agree that we may obtain credit reports about you, investigate your ability to pay, and obtain information about you from other sources. And you agree that we may use such information for any purposes, subject to applicable law. You agree that we may give information about your Account to credit reporting agencies. We may tell a credit reporting agency if you fail to comply with any	term of this Agreement. This may have a negative impact on your credit record. If you believe information we have given to a credit reporting agency is incorrect, write to us at: American Express Credit Bureau Unit, P.O. Box 981537, El Paso, TX 79998-1537. When you write to us, tell us the specific information you believe is incorrect.

We may contact you	From time to time, we may contact you about topics ranging from servicing to marketing offers to collecting amounts you owe. We may monitor and record phone calls between you (or any Additional Cardmembers on your Account) and us. We do this	to ensure the quality of customer service or when it is required by law. You can choose to not receive marketing offers from us. To do this, call us at 1-800-297-8378 or log on to www.americanexpress.com/communications

One of our affiliates may act on behalf of a provider of these products. The affiliate may be compensated for this. The insurance products are not offered or sold by us or on our behalf. Our affiliates may get additional compensation when Amex Assurance Company or	another affiliate is the insurer or reinsurer. Compensation may influence what products and providers we or our affiliates tell you about. We may share information about you with our affiliates so they can identify products that may interest you. We may be compensated for this information.
How we handle electronic debits from your checking account	When you pay us by check, you authorize us to electronically deduct the amount from your bank or other asset account. We may process the check electronically by transmitting to your financial institution: • the amount, • the routing number, • the account number, and • the check serial number.	If we do this, your payment may be deducted from your bank or other asset account on the same day we receive your check. Also, you will not receive that cancelled check with your bank or asset account billing statement. If we cannot collect the funds electronically, we may issue a draft against your bank or other asset account for the amount of the check.
ExpressPay	Cards issued on your Account may be equipped with ExpressPay. ExpressPay enables you to make charges without having the card swiped or imprinted. You can call us to deactivate ExpressPay at any time. Also, we may deactivate ExpressPay at any time.	
Privacy Act of 1974 notice	Some federal agencies may accept the card under authority of statute. When you make charges at these agencies, we collect certain charge information. That information may be put to routine uses, such as processing, billing and collections. It may also be aggregated for reporting, analysis and marketing use. Other routine uses by agencies may be published in the Federal Register.	
Changing benefits	We have the right to add, modify or delete any benefit or service of your Account at our discretion.	
Assigning the Agreement	We may sell, transfer or assign this Agreement and your Account. We may do so at any time without notifying you. You may not sell, assign or transfer your Account or any of your obligations under this Agreement.	
Assigning claims	If you dispute a charge with a merchant, we may credit the Account for all or part of the disputed charge. If we do so, you assign and transfer to us all rights and claims (excluding tort claims) against the merchant.	You agree that you will not pursue any claim against the merchant for the credited amount. And you must cooperate with us if we decide to do so.
We do not waive our rights	We may choose to delay enforcing or to not exercise rights under this Agreement. If we do this, we do not waive our rights to exercise or enforce them on any other occasion.	
Governing law	Utah law and federal law govern this Agreement and your Account. They govern without regard to internal principles of conflicts of law.	We are located in Utah. We hold your Account in Utah. We entered into this Agreement with you in Utah.

Arbitration

This Arbitration provision sets forth the circumstances and procedures under which claims may be arbitrated instead of litigated in court.

Definitions

As used in this Arbitration provision, the term *claim* means any claim, dispute or controversy between you and us arising from or relating to your Account, this Agreement, the Electronic Funds Transfer Services Agreement, and any other related or prior agreement that you may have had with us, or the relationships resulting from any of the above *agreements*, except for the validity, enforceability or scope of this Arbitration provision. For purposes of this Arbitration provision, *you* and *us* also includes any corporate parent, or wholly or majority owned subsidiaries, affiliates, any licensees, predecessors, successors, assigns, any purchaser of any accounts, all agents, employees, directors and representatives of any of the foregoing, and other persons referred to below in the definition of claims. *Claim* includes claims of every kind and

...continued from previous page

nature, including but not limited to, initial claims, counterclaims, cross-claims and third-party claims and claims based upon contract, tort, fraud and other intentional torts, statutes, regulations, common law and equity. *Claim* also includes claims by or against any third party using or providing any product, service or benefit in connection with any account (including, but not limited to, credit bureaus, third parties who accept the card, third parties who use, provide or participate in fee-based or free benefit programs, enrollment services and rewards programs, credit insurance companies, debt collectors and all of their agents, employees, directors and representatives) if and only if, such third party is a party in connection with the claim. The term claim is to be given the broadest possible meaning that will be enforced and includes, by way of example and without limitation, any claim, dispute or controversy that arises from or relates to (a) any of the accounts created under any of the agreements, or any balances on any such accounts, (b) advertisements, promotions or oral or written statements related to any such accounts, goods or services financed under any of the accounts or the terms of financing, (c) the benefits and services related to Cardmembership (including fee-based or free benefit programs, enrollment services and rewards programs), and (d) your application for any account. We shall not elect to use arbitration under this Arbitration provision for any claim that you properly file and pursue in a small claims court of your state or municipality so long as the claim is individual and pending only in that court.

Initiation of Arbitration
Any claim shall be resolved, upon the election by you or us, by arbitration pursuant to this Arbitration provision and the code of procedures of the arbitration organization to which the claim is referred in effect at the time the claim is filed (*code*), except to the extent the code conflicts with this Agreement. Claims shall be referred to either JAMS or the American Arbitration Association (*AAA*), as selected by the party electing to use arbitration. If our selection of either of these organizations is unacceptable to you, you may select the other organization within 30 days after you receive notice of our selection. For a copy of the code, to file a claim or for other information, contact either: JAMS (1920 Main St #300, Irvine, CA 92614 or jamsadr.com) or AAA (335 Madison Ave, New York, NY 10017 or adr.org).

In addition to the organizations listed above, claims may be referred to any other arbitration organization that is mutually agreed upon in writing by you and us, or to an arbitration organization or arbitrator(s) appointed pursuant to § 5 of the Federal Arbitration Act, 9 U.S.C. §§ 1-16, as it may be amended below. (*FAA*), provided that any such organization and arbitrator(s) will enforce the terms of the Restrictions on Arbitration subsection set forth below.

Significance of Arbitration
IF ARBITRATION IS CHOSEN BY ANY PARTY WITH RESPECT TO A CLAIM, NEITHER YOU NOR WE WILL HAVE THE RIGHT TO LITIGATE THAT CLAIM IN COURT OR HAVE A JURY TRIAL ON THAT CLAIM. FURTHER, YOU AND WE WILL NOT HAVE THE RIGHT TO PARTICIPATE IN A REPRESENTATIVE CAPACITY OR AS A MEMBER OF ANY CLASS OF CLAIMANTS PERTAINING TO ANY CLAIM SUBJECT TO ARBITRATION. EXCEPT AS SET FORTH BELOW, THE ARBITRATOR'S DECISION WILL BE FINAL AND BINDING. NOTE THAT OTHER RIGHTS THAT YOU OR WE WOULD HAVE IF YOU WENT TO COURT ALSO MAY NOT BE AVAILABLE IN ARBITRATION.

Restrictions on Arbitration
IF EITHER PARTY ELECTS TO RESOLVE A CLAIM BY ARBITRATION, THAT CLAIM SHALL BE ARBITRATED ON AN INDIVIDUAL BASIS. THERE SHALL BE NO RIGHT OR AUTHORITY FOR ANY CLAIMS TO BE ARBITRATED ON A CLASS ACTION BASIS OR ON BASES INVOLVING CLAIMS BROUGHT IN A PURPORTED REPRESENTATIVE CAPACITY ON BEHALF OF THE GENERAL PUBLIC, OTHER CARDMEMBERS OR OTHER PERSONS SIMILARLY SITUATED. The arbitrator's authority to resolve claims is limited to claims between you and us alone, and the arbitrator's authority to make awards is limited to awards to you and us alone. Furthermore, claims brought by you against us, or by us against you, may not be joined or consolidated in arbitration with claims brought by or against someone other than you, unless agreed to in writing by all parties. No arbitration award or decision will have any preclusive effect as to issues or claims in any dispute with anyone who is not a named party to the arbitration. Notwithstanding any other provision of this Agreement (including but not limited to the Continuation subsection below) and without waiving either party's right to appeal such decision, should any portion of this Restrictions on Arbitration subsection be deemed invalid or unenforceable, then the entire Arbitration provision (other than this sentence) shall not apply.

Arbitration Procedures
This Arbitration provision is made pursuant to transactions involving interstate commerce and shall be governed by the FAA. The arbitration shall be governed by the applicable code, except that this Agreement shall apply if there are any conflicts. The arbitrator shall apply applicable substantive law consistent with the FAA and applicable statutes of limitations, shall honor claims of privilege recognized at law, and, at the timely request of either party, shall provide a brief written explanation of the basis for the decision.

The arbitration proceeding shall not be governed by any federal or state rules of civil procedure or rules of evidence. Any party may request that the arbitrator expand the scope of discovery by doing so in writing and copying any other parties, who shall have 15 days to make objections. The arbitrator will notify the parties of his/her decision within 20 days of any objecting party's submission. The arbitrator shall take reasonable steps to preserve privacy. The arbitrator's award shall be final and binding, except for any right of appeal provided by the FAA; however, either party shall have 30 days to appeal that decision by notifying the arbitration organization and any other parties in writing. The organization will then appoint a three-arbitrator panel which shall consider anew any aspect of the decision objected to by the appealing party. The panel shall issue its decision, by majority vote, within 120 days of the appealing party's written notice. Judgment upon any award rendered by the arbitrator or panel may be entered in any court having jurisdiction.

Location of Arbitration
Arbitration hearings you attend shall take place in the federal judicial district of your residence.

Payment of Fees
You will be responsible for paying your share, if any, of the arbitration fees (including filing, administrative, hearing and/or other fees), but only up to the amount of the filing fees you would have incurred if you had brought a claim in the state or federal court closest to your billing address that would have had jurisdiction. We will be responsible for any additional arbitration fees. At your written request, we will consider in good faith making a temporary advance of all or part of your share of any arbitration fees. You will not be assessed any arbitration fees in excess of your share if you do not prevail in any arbitration with us.

Continuation
This Arbitration provision shall survive termination of your Account; voluntary payment of the Account balance in full by you; any legal proceeding by you or us to collect a debt owed by the other; any bankruptcy by you or us; and any sale by us of your Account (in the case of a sale, its terms shall apply to the buyer of your Account). If any portion of this Arbitration provision, except as otherwise provided in the Restrictions on Arbitration subsection, is deemed invalid or unenforceable, it shall not invalidate the remaining portions of this provision.

Your Billing Rights: Keep this Document for Future Use

This notice tells you about your rights and our responsibilities under the Fair Credit Billing Act.

What To Do If You Find a Mistake on Your Statement

If you think there is an error on your statement, write to us at:

American Express
PO Box 981535
El Paso TX 79998-1535

In your letter, give us the following information:

- *Account information*: Your name and account number.
- *Dollar amount*: The dollar amount of the suspected error.
- *Description of problem*: If you think there is an error on your bill, describe what you believe is wrong and why you believe it is a mistake.

You must contact us:

- Within 60 days after the error appeared on your statement.
- At least 3 business days before an automated payment is scheduled, if you want to stop payment on the amount you think is wrong.

You must notify us of any potential errors *in writing*. You may call us, but if you do we are not required to investigate any potential errors and you may have to pay the amount in question.

What Will Happen After We Receive Your Letter

When we receive your letter, we must do two things:

1. Within 30 days of receiving your letter, we must tell you that we received your letter. We will also tell you if we have already corrected the error.
2. Within 90 days of receiving your letter, we must either correct the error or explain to you why we believe the bill is correct.

While we investigate whether or not there has been an error:

- We cannot try to collect the amount in question, or report you as delinquent on that amount.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount.
- While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

After we finish our investigation, one of two things will happen:

- *If we made a mistake*: You will not have to pay the amount in question or any interest or other fees related to that amount.
- *If we do not believe there was a mistake*: You will have to pay the amount in question, along with applicable interest and fees. We will send you a statement of the amount you owe and the date payment is due. We may then report you as delinquent if you do not pay the amount we think you owe.

If you receive our explanation but still believe your bill is wrong, you must write to us within *10 days* telling us that you still refuse to pay. If you do so, we cannot report you as delinquent without also reporting that you are questioning your bill. We must tell you the name of anyone to whom we reported you as delinquent, and we must let those organizations know when the matter has been settled between us.

If we do not follow all of the rules above, you do not have to pay the first $50 of the amount you question even if your bill is correct.

Your Rights If You Are Dissatisfied With Your Credit Card Purchases

If you are dissatisfied with the goods or services that you have purchased with your credit card, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the purchase.

To use this right, all of the following must be true:

1. The purchase must have been made in your home state or within 100 miles of your current mailing address, and the purchase price must have been more than $50. (Note: Neither of these are necessary if your purchase was based on an advertisement we mailed to you, or if we own the company that sold you the goods or services.)
2. You must have used your credit card for the purchase. Purchases made with cash advances from an ATM or with a check that accesses your credit card account do not qualify.
3. You must not yet have fully paid for the purchase.

If all of the criteria above are met and you are still dissatisfied with the purchase, contact us *in writing* at:

American Express
PO Box 981535
El Paso TX 79998-1535

While we investigate, the same rules apply to the disputed amount as discussed above. After we finish our investigation, we will tell you our decision. At that point, if we think you owe an amount and you do not pay, we may report you as delinquent.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on charges added automatically to a Pay Over Time balance, or to charges that were added to a Pay Over Time balance at your request in prior billing periods, if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments (such as airlines) will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

To receive statement credits of up to $200 a year toward incidental air travel fees, Card member must enroll and choose a qualifying airline at www.americanexpress.com/CenturionAirlineChoice. Only the Basic Card member or Authorized Account Manager(s) on the Card account can enroll and select the qualifying airline. Card members who have not chosen a qualifying airline will be able to do so at any time. It can take up to 48 hours post enrollment and airline choice for the benefit to be effective. Card members who have already selected a qualifying airline will not be able to change their choice until December of each calendar year at which time they may change their airline choice for the following calendar year. Card members who do not change their airline selection will remain with their current airline. **Statement Credits**: Incidental air travel fees must be charged on the enrolled Card account for the benefit to apply. Incidental air travel fees must be separate charges from airline ticket charges. Fees that do not qualify for statement credits are wireless internet and fees incurred with airline alliance partners (incidental transactions must be charged by the Card member's airline choice). The airline must submit the incidental air travel fees under the appropriate merchant code, industry code, or required service or product identifier for the charge to be eligible. Purchases made by both the Basic and Additional Card members on the enrolled Card account are eligible for statement credits. Each Card Account is eligible for up to a total of $200 a year in statement credits, regardless of the number of Cards on the Account. Please allow 2-4 weeks after the qualifying incidental air travel fee is charged to your Card account for statement credit(s) to be posted to the account. Card members can call the number on the back of the Card if statement credits have not posted after 4 weeks from the date of purchase. Card members are responsible for payment of all charges until the statement credit(s) posts to the account. To be eligible for this benefit, Card account(s) must be active and not in default at the time of statement credit fulfillment. If a charge for any incidental air travel fee is included in a Pay Over Time feature balance on your Card account (for example, Sign & Travel), the statement credit associated with that charge will not be applied to that Pay Over Time feature balance. Instead, the statement credit will be applied to your Pay In Full balance.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on charges added automatically to a Pay Over Time balance, or to charges that were added to a Pay Over Time balance at your request in prior billing periods, if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.7% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments (such as airlines) will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on charges added automatically to a Pay Over Time balance, or to charges that were added to a Pay Over Time balance at your request in prior billing periods, if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on charges added automatically to a Pay Over Time balance, or to charges that were added to a Pay Over Time balance at your request in prior billing periods, if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Notice of Changes to Your Cardmember Agreement

The terms of your account are subject to change in accordance with the Cardmember Agreement ("Agreement") governing your account referenced in or with this notice. Any language in the Agreement contrary to or conflicting with terms amended herein is replaced fully and completely. All terms of the Agreement not amended herein remain in full force and effect. We urge you and any Additional Cardmembers on your account to read this notice carefully and file it along with your Agreement in a safe place for future reference.

Pay Over Time Minimum Due

We are changing how we calculate your Pay Over Time Minimum Due. Your Pay Over Time Minimum Due will be at least $35. However, it will not exceed the Pay Over Time New Balance shown on the statement.

Effective August 1, 2011, line "(3)" of the *How we calculate your Minimum Payment Due* section in Part 2 of your Cardmember Agreement is deleted and replaced with "(3) $35." The same change applies to the EXAMPLE: Pay Over Time Minimum Due shown in that section.

Also effective August 1, 2011, the dollar amount shown in the last paragraph of *Adjusting your Pay Over Time Minimum Due* is deleted and replaced with "$210."

Returned Payment Fee

We are not making any changes to the Returned Payment Fee, however, we have made some clarifications to the language. We are including the revised section for your convenience.

Effective immediately, the *Returned Payment Fee* section on Page 2 of Part 1 of your Cardmember Agreement is deleted and replaced with the following:

> "Up to $35. If you make a payment that is returned unpaid the first time we present it to your bank, the fee is $25. If you do this again within the same billing period or the next 6 billing periods, the fee is $35. However, the returned payment fee will not exceed the applicable Minimum Payment Due. A returned payment may also result in a Penalty APR. See Penalty APR for new transactions above."

Late Payment Fee

We are not making any changes to the Late Payment Fee, however, we have made some clarifications to the language. We are including the revised section for your convenience.

Effective immediately, the *Late Payment Fee* section on Page 2 of Part 1 of your Cardmember Agreement is deleted and replaced with the following:

> "Up to $35 or 2.99% of the amount past due. If you do not pay the Amount Due on a billing statement before the 20th day after the next Closing Date, you will be charged a late payment fee. This fee will be $25, or $35 for a subsequent late payment in the next 6 billing periods. In addition, if you do not pay an Amount Due for two billing periods in a row, we will charge the greater of $35 or 2.99% of the amount past due. The late fee will not exceed the Minimum Payment Due. Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on charges added automatically to a Pay Over Time balance, or to charges that were added to a Pay Over Time balance at your request in prior billing periods, if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Notice of Changes to Your Membership Rewards First® Program Account
Effective October 1, 2011, Continental Airlines will no longer be a point transfer airline partner in the Membership Rewards First program. Any Membership Rewards point transfer redemptions for Continental OnePass® miles must be made by September 30, 2011. These redemptions will be considered final, non-refundable, and subject to the Continental OnePass® program terms and conditions.

As always, you can redeem points for flights on Continental Airlines before or after September 30, 2011 using Membership Rewards Pay with Points. With Pay with Points, you can fly any airline without seat restrictions or blackout dates, and pay for all or part of your trip with points. In addition, as a Centurion member or Business Centurion member, you get 20% of those points back towards your next trip -- every time.[1] You can also transfer points into more than 20 frequent flyer and guest programs, including Star Alliance airlines such as Air Canada, ANA, and Singapore Airlines or redeem Membership Rewards points for airline and hotel travel certificates.

Points will be debited from Membership Rewards account, and credit for corresponding dollar amount will be issued to Card account used. Consumer and Business Centurion Card members will receive 1 bonus point for every 5 points you redeem for a Pay with Points transaction. To be eligible to earn bonus points, Card account(s) must be active and not in default at the time of bonus points fulfillment. Transactions charged to a Corporate Card are excluded. An Important Notice Concerning Cardmember Privacy

This Privacy Notice is addressed to United States holders of personal American Express® Charge Cards or accounts, Optima® Cards or accounts, other personal credit card accounts that we issue, and to United States holders of business charge and credit cards from OPEN from American Express. This Notice explains how we collect, use and safeguard information about you and how to limit the use and disclosure of your information.

In this Notice, "American Express," "we," "our," and "us" refer to American Express Travel Related Services Company, Inc., American Express Centurion Bank and American Express Bank, FSB. These entities are "Affiliates" of each other, which are companies in the American Express family that are related to each other by common ownership or control. Our Affiliates also include publishers, travelers cheque issuers, travel agents and providers of Card-related insurance services. The cards and accounts that we issue are called "Cards" or "Card accounts." Holders of those Card accounts are called "Cardmembers" or "you(r)."

What Information Do We Collect?
We obtain information about you from a variety of sources. You provide us with information about yourself, for example, by completing Card applications. This includes your name, address, social security number, and income and asset information. Your use of the Card and your other transactions with us and our Affiliates provide us with additional information, such as your spending and payment history. Other sources, such as credit reporting agencies and providers of marketing information, furnish us with additional information about your credit history, purchasing preferences, and other matters. We also obtain information about you in connection with our efforts to protect against fraud. We call all of this information "Cardmember Information."

What Do We Do with Cardmember Information?
We use Cardmember Information in connection with delivering products and services to you. To do this it is often necessary to share it with our Affiliates and other companies we work with. These include companies that manage Card accounts, offer affinity, frequent-user, and reward programs, companies that perform marketing services and other business operations for us, and companies whose products or services are provided as a benefit of your Card account. We may also share Cardmember Information with other financial institutions with whom we jointly offer products and services. And we may disclose it to other third parties as permitted by law. For example, we disclose Cardmember Information in response to subpoenas, to credit reporting agencies, and to help prevent fraud.

Information We Share with Our Affiliates
You can inform us not to share with our Affiliates credit-related information (except as permitted by law), such as your credit history as shown on a consumer report. If you make this choice, we are permitted by law to share with our Affiliates information about our transactions and experiences with you, such as your payment history.

Valuable Partner Offers
We work with carefully selected business partners, such as merchants that accept the Card, so that you may receive offers for their products and services. We use Cardmember Information to help make these offers more relevant and valuable to you. If you respond to one of these offers, the business partner will know certain information about you, such as your name, that you are a Cardmember, and that you met the qualifications established for the offer. You can inform us not to send you these offers.

Your Choices
Please let us know if you do not want us to use your Cardmember Information to communicate with you about offers, including exclusive partner offers and offers from our Affiliates, by mail, telephone and/or e-mail, or share your credit-related information with our Affiliates, by visiting us at: **www.americanexpress.com/communications**. You can also inform us of your choices (except for e-mail communications) by calling us at **1-800-297-8378**. If you make these choices, you may not learn about products, services and features, including discounts and other special offers, we believe may be of interest to you and add value to your Card membership.

If you have other Card accounts with us, you will receive additional privacy notices that apply to those accounts. **Please note that any choices you make will only apply to this account.**

If you are the primary Cardmember on your Card account, any choices you make in accordance with this Notice will also apply to any other Cardmember on this account (except for e-mail communications). If you make choices not to receive offers as indicated above, we may still include notices and information about the Card and other products and services when communicating with you about your Card account and related products and services.

Information Security
We use reasonable administrative, technical and physical security measures to protect your Cardmember Information.

Former Customers
If you cancel your Card, or your Card account(s) are closed, we will continue to treat and safeguard Cardmember Information about you as described in this Notice.

For Vermont Cardmembers Only
If your Card account has a Vermont billing address, we will automatically treat your account as if you had informed us not to share your credit-related information with our Affiliates.

Your Billing Rights: Keep this Document for Future Use

This notice tells you about your rights and our responsibilities under the Fair Credit Billing Act.

What To Do If You Find a Mistake on Your Statement

If you think there is an error on your statement, write to us at PO Box 981535, El Paso TX 79998-1535. In your letter, give us the following information:

- *Account information*: Your name and account number.
- *Dollar amount*: The dollar amount of the suspected error.
- *Description of problem*: If you think there is an error on your bill, describe what you believe is wrong and why you believe it is a mistake.

You must contact us:

- Within 60 days after the error appeared on your statement.
- At least 3 business days before an automated payment is scheduled, if you want to stop payment on the amount you think is wrong.

You must notify us of any potential errors *in writing*. You may call us, but if you do we are not required to investigate any potential errors and you may have to pay the amount in question.

What Will Happen After We Receive Your Letter

When we receive your letter, we must do two things:

1. Within 30 days of receiving your letter, we must tell you that we received your letter. We will also tell you if we have already corrected the error.
2. Within 90 days of receiving your letter, we must either correct the error or explain to you why we believe the bill is correct.

While we investigate whether or not there has been an error:

- We cannot try to collect the amount in question, or report you as delinquent on that amount.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount.
- While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

After we finish our investigation, one of two things will happen:

- *If we made a mistake*: You will not have to pay the amount in question or any interest or other fees related to that amount.
- *If we do not believe there was a mistake*: You will have to pay the amount in question, along with applicable interest and fees. We will send you a statement of the amount you owe and the date payment is due. We may then report you as delinquent if you do not pay the amount we think you owe.

If you receive our explanation but still believe your bill is wrong, you must write to us within *10 days* telling us that you still refuse to pay. If you do so, we cannot report you as delinquent without also reporting that you are questioning your bill. We must tell you the name of anyone to whom we reported you as delinquent, and we must let those organizations know when the matter has been settled between us.

If we do not follow all of the rules above, you do not have to pay the first $50 of the amount you question even if your bill is correct.

Your Rights If You Are Dissatisfied With Your Credit Card Purchases

If you are dissatisfied with the goods or services that you have purchased with your credit card, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the purchase.

To use this right, all of the following must be true:

1. The purchase must have been made in your home state or within 100 miles of your current mailing address, and the purchase price must have been more than $50. (Note: Neither of these are necessary if your purchase was based on an advertisement we mailed to you, or if we own the company that sold you the goods or services.)
2. You must have used your credit card for the purchase. Purchases made with cash advances from an ATM or with a check that accesses your credit card account do not qualify.
3. You must not yet have fully paid for the purchase.

If all of the criteria above are met and you are still dissatisfied with the purchase, contact us *in writing* at PO Box 981535, El Paso TX 79998-1535. While we investigate, the same rules apply to the disputed amount as discussed above.

After we finish our investigation, we will tell you our decision. At that point, if we think you owe an amount and you do not pay, we may report you as delinquent.

Annual EFT Error Resolution Notice

This notice is to inform you about how you should notify us of errors or questions regarding any electronic fund transfers you initiate using your American Express Card, including Express Cash transactions, or electronic payments you make to American Express using Pay By Phone, Pay By Computer, or any other American Express electronic payment service.

In case of errors or questions about your Electronic Transfers, please contact us as soon as you can if you think your statement or receipt is wrong or if you need more information about a transfer listed on the statement or receipt. You can telephone us at 1-800-IPAY-AXP for Pay By Phone and Pay By Computer questions, and at 1-800-CASH-NOW for Express Cash and Automatic Payment questions. Alternatively, you may write to us at American Express, Electronic Funds Services, P.O. Box 981531, El Paso, TX 79998-1531, or contact us online at www.americanexpress.com/inquirycenter. We must hear from you no later than 60 days after we sent the FIRST statement on which the problem or error appeared or question arose. When you contact us, please provide the following information:
(1) Your name and card account number. (2) Description of the error or the transfer you are unsure about. Explain as clearly as you can why you believe it is an error or why you need more information. (3) The dollar amount of the suspected error.

If you notify us by phone, we may require that you send us your complaint or question in writing within 10 business days of the call. We will determine whether an error occurred within 10 business days and will correct any error promptly. If we need more time, however, we may take up to 45 days to investigate your complaint or question. If we decide to do this, we will credit your bank account within 10 business days for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your account. For errors involving point-of-sale or foreign-initiated transactions, we may take up to 90 days to investigate your complaint or question. We will tell you the results within three business days after completing our investigation. If we decide that there was no error, we will send you a written explanation. You may ask for copies of the documents that we used in our investigation.

If we have credited your bank account and there was no error, we will tell you when we will withdraw that amount from your bank account again. You authorize us to withdraw this amount from your bank account. If your bank account does not have enough funds to cover this withdrawal, we can charge the amount to your card account or collect the amount from you. If this happens, we may cancel your right to use our electronic transfer services.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on charges added automatically to a Pay Over Time balance, or to charges that were added to a Pay Over Time balance at your request in prior billing periods, if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on charges added automatically to a Pay Over Time balance, or to charges that were added to a Pay Over Time balance at your request in prior billing periods, if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on charges added automatically to a Pay Over Time balance, or to charges that were added to a Pay Over Time balance at your request in prior billing periods, if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Important Change to the $200 Airline Fee Credit Benefit

We're writing to tell you about a change to the $200 Airline Fee Credit benefit. This is an annual benefit that can apply to a variety of incidental airline fees including baggage fees, itinerary change fees, in-flight food, and airport lounge day passes. To get this benefit you must enroll and select your airline of choice. ***If after enrolling you want to change your airline choice for a calendar year, you must now do so during January of that year.*** To enroll in this benefit, make or change your airline choice, or get more information, visit **americanexpress.com/CenturionAirlineChoice**. No action is needed if you are enrolled and don't want to change your airline choice.

The Importance of Paying on Time

We'd also like to share information to help you manage your account and to emphasize the importance of paying on time each month.

Paying late has consequences, including:

- If you pay late, you will be charged a late fee of up to $35 or 2.99% of the past due amount.
- Your account will be reported as past due to credit reporting agencies if you fail to pay the minimum amount due for two billing periods in a row.
- If you use a pay over time feature, paying late can trigger the penalty APR.
- Paying late can result in restrictions on earning and redeeming rewards.

To help you make payments on time, every time, we offer a suite of account management tools:

- Pay online or by phone 24/7 – Login to your account online or call 1-800-I-PAY-AXP (1-800-472-9297).
- AutoPay – Have your payment automatically deducted from your bank account each month.
- Account alerts – Get email or text alerts when your payment due date is approaching.
- Mobile services – View and manage your Card account from anywhere.

Go to **financialtools.americanexpress.com/alerts** to learn more.

We hope you find this information helpful. Thank you.

See reverse side for the changes to Terms and Conditions.

Notice of Important Changes to the $200 Airline Fee Credit Terms and Conditions

We are making certain changes to the Terms and Conditions governing the $200 Airline Fee Credit benefit. Any language in the Terms and Conditions contrary to or conflicting with terms amended below is replaced fully and completely. All terms of the Terms and Conditions not amended herein remain in full force and effect. We urge you and any Additional Cardmembers on your Account to read the below notice carefully and file it in a safe place for future reference.

$200 Airline Fee Credit Benefit

Effective immediately, the reference to "December" in the sixth sentence of the Terms and Conditions is deleted and replaced with "January." The revised Terms and Conditions are shown below in their entirety with this change highlighted in bold for clarity.

"Benefit is available to Consumer and Business Platinum Card® and Centurion® members only. To receive statement credits of up to $200 a year toward incidental air travel fees, Card member must enroll and choose a qualifying airline at www.americanexpress.com/CenturionAirlineChoice. Only the Basic Card member or Authorized Account Manager(s) on the Card account can enroll and select the qualifying airline. Card members who have not chosen a qualifying airline will be able to do so at any time. It can take up to 48 hours post enrollment and airline choice for the benefit to be effective. Card members who have already selected a qualifying airline will not be able to change their choice until **January** of each calendar year at which time they may change their airline choice for that calendar year. Card members who do not change their airline selection will remain with their current airline. Statement Credits: Incidental air travel fees must be charged on the enrolled Card account for the benefit to apply. Incidental air travel fees must be separate charges from airline ticket charges. Fees not charged by the Card member's airline of choice (e.g. wireless internet and fees incurred with airline alliance partners) do not qualify for statement credits. Upgrade charges are not deemed to be incidental fees. The airline must submit the incidental air travel fees under the appropriate merchant code, industry code, or required service or product identifier for the charge to be eligible. Purchases made by both the Basic and Additional Card members on the enrolled Card account are eligible for statement credits. Each Card Account is eligible for up to a total of $200 a year in statement credits, regardless of the number of Cards on the Account. Please allow 2-4 weeks after the qualifying incidental air travel fee is charged to your Card account for statement credit(s) to be posted to the account. Card members can call the number on the back of the Card if statement credits have not posted after 4 weeks from the date of purchase. Card members are responsible for payment of all charges until the statement credit(s) posts to the account. To be eligible for this benefit, Card account(s) must be active and not in default at the time of statement credit fulfillment. If a charge for any incidental air travel fee is included in a Pay Over Time feature balance on your Card account (for example, Sign & Travel), the statement credit associated with that charge will not be applied to that Pay Over Time feature balance. Instead, the statement credit will be applied to your Pay In Full balance. For additional information about this benefit, call the number on the back of your Card."

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on charges added automatically to a Pay Over Time balance, or to charges that were added to a Pay Over Time balance at your request in prior billing periods, if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on charges added automatically to a Pay Over Time balance, or to charges that were added to a Pay Over Time balance at your request in prior billing periods, if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on charges added automatically to a Pay Over Time balance, or to charges that were added to a Pay Over Time balance at your request in prior billing periods, if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on charges added automatically to a Pay Over Time balance, or to charges that were added to a Pay Over Time balance at your request in prior billing periods, if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on charges added automatically to a Pay Over Time balance, or to charges that were added to a Pay Over Time balance at your request in prior billing periods, if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Summary of Changes

We're making changes to how some American Express cards and benefits work.

Important Changes to Your Account Terms

The following is a summary of changes to important terms of your account. The detailed changes to your Cardmember Agreement appear on the reverse side of this page.

How to avoid the change to Paying Interest on Pay Over Time features: You have the right to reject this change. If you do, your enrollment in these features will be cancelled and you will not be able to extend payment on any new transactions. If you reject this change, it won't apply to your Pay Over Time balance and you'll still be able to pay it down over time. To reject this change call us at 1-855-865-1451, or from outside the U.S. or Canada call us collect at 1-336-393-1111. **You must reject this change no later than 5pm Eastern time on May 18, 2012.**

Revised term effective May 19, 2012	
Paying Interest *(on Pay Over Time Features)*	If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will begin charging interest on transactions added to a Pay Over Time balance as of the date they are added. However, we will not charge interest on charges added to a Pay Over Time balance automatically (for example, *Sign & Travel* and *Extended Payment Option*) if you pay the Account Total New Balance by the due date each month.

Additional information about the change to Paying Interest: We are changing when we charge interest on Pay Over Time features. If you pay in full each month, this change will not affect you. If you pay balances over time and then pay in full, we will charge interest until the day we receive your payment. Previously, we would not have charged interest (except for new Select & Pay Later transactions) in the month you paid your balance in full. This means you will pay more interest on Pay Over Time balances.

Revised term effective July 1, 2012	
Minimum Monthly Payment *(for Pay Over Time Features)*	The minimum amount due for Pay Over Time features will generally be 1% of your Pay Over Time New Balance plus finance charges, but not less than $35. The new calculation is shown in the *Minimum Monthly Payment* section on the reverse side. This change may increase your minimum monthly payment. If you make automatic payments in a fixed amount, please review your statements and adjust your payments as necessary.

Additional changes to your terms and benefits effective July 1, 2012	
ATM Withdrawals *(Zync, Green, Gold Cards only)*	The limit on ATM withdrawals for Zync and Green Card accounts will be $3,000 in a 30-day period *(previously, $1,000 in a 7-day period)*. The limit for Gold Card accounts will be $8,500 in a 30-day period *(previously, $2,500 in a 7-day period)*.
Membership Rewards Reinstatement Fee *(Program enrollees only)*	We will charge $35 to reinstate points forfeited for late payment *(previously, $29)*.
Membership Rewards Bonus Points *(Rewards Plus Gold only)*	Rewards Plus Gold Cardmembers will earn 1 point for every dollar spent at a hotel with a frequent guest program that participates in Membership Rewards *(previously, it was 2 points in the first year of Cardmembership and 1.5 points thereafter)*.
State Law Changes	We're making some amendments to address various state laws.

See the reverse side for the Detail of Changes to Your Agreements.

Detail of Changes to Your Agreements

We're revising agreements governing your account terms and benefits as described below. Any language in your agreements that conflicts with these changes is replaced fully and completely. Language not changed by this notice remains in full force and effect. These changes apply to existing and future balances on your account. We encourage you to read this notice, share it with additional cardmembers on your account, and file it for future reference.

Paying Interest

As of the effective date shown on the preceding page, the *When we charge interest* subsection of the *About interest charges on Pay Over Time balances* section in Part 2 of your Cardmember Agreement is replaced with the following:

For transactions added to pay over time balances at your request (for example, *Select & Pay Later*), we charge interest from the date they are added to a pay over time balance until they are paid.

For transactions added automatically to a pay over time balance (for example, *Sign & Travel* and *Extended Payment Option*), we charge interest from the transaction date until they are paid. However, we will not charge interest on these transactions if:

- your *Pay Over Time Previous Balance* for the billing period is zero; or
- you paid the *Account Total Previous Balance* for each of the previous two billing periods in full by the closing date shown on their respective statements.

Minimum Monthly Payment

Effective July 1, 2012, the *Adjusting your Pay Over Time Minimum Due* section in Part 2 of your Cardmember Agreement is deleted and the *How we calculate your Minimum Payment Due* section is replaced with:

The Minimum Payment Due is the Pay In Full amount plus any Pay Over Time Minimum Due. To calculate the Pay Over Time Minimum Due for each statement, we start with the *higher* of:

1) interest charged on the statement plus 1% of the Pay Over Time New Balance (excluding interest on the statement); or

2) $35.

Then we round to the nearest dollar and add any Pay Over Time amount past due. Your Pay Over Time Minimum Due will not exceed your Pay Over Time New Balance. You may pay more than the Minimum Payment Due, up to your entire outstanding balance, at any time.

EXAMPLE: *Assume that you have a Pay Over Time New Balance of $3,000, interest of $29.57, no amounts past due, and a $400 Pay In Full amount.*

1) *$29.57 + 1% x ($3,000 - $29.57) = $59.27*

2) *$35*

The higher of (1) or (2) is $59.27, which rounds to $59.00. The Pay Over Time Minimum Due of $59.00 plus the Pay in Full amount of $400 together make up the Minimum Payment Due of $459.00.

ATM Withdrawals

Effective July 1, 2012, the *Limits on withdrawals* section of your Agreement for Transferring Funds Electronically is amended by replacing each instance of "$1,000 in a 7-day period" with "$3,000 in a 30-day period" and replacing each instance of "$2,500 in a 7-day period" with "$8,500 in a 30-day period".

Membership Rewards Reinstatement Fee

Effective July 1, 2012, in Paragraph 2 of the *Point Forfeiture for Late Payment* section of the Membership Rewards Terms & Conditions, "$29" is replaced with "$35".

Membership Rewards Bonus Points

Rewards Plus Gold Cardmembers will earn 1 point for every dollar spent at a hotel with a frequent guest program that participates in Membership Rewards *(previously, it was 2 points in the first year of Cardmembership and 1.5 points thereafter).* Accordingly, effective July 1, 2012, we're removing "or hotel" from the third sentence of the *Point Accrual* section of the Membership Rewards Terms & Conditions.

State Law Changes

Effective July 1, 2012, we're adding "to the extent permitted by federal and applicable state law" immediately after "we may" in the second sentence of the *About default* subsection in Part 2 of your Cardmember Agreement. We're also adding the following sentence to the end of the first paragraph of the *Governing Law* subsection: "In addition, if your billing address is in the State of Maryland, to the extent, if any, that Maryland law applies to your account, we elect to offer your card account pursuant to Title 12, Subtitle 9 of the Maryland Commercial Law Article."

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will not charge you interest on charges added automatically to a Pay Over Time balance, or to charges that were added to a Pay Over Time balance at your request in prior billing periods, if you pay the Account Total New Balance by the next Closing Date.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the New York Banking Department to obtain a comparative listing of credit card rates, fees and grace periods by calling 1-800-518-8866.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will begin charging interest on transactions added to a Pay Over Time balance as of the date they are added. However, we will not charge interest on charges added to a Pay Over Time balance automatically *(for example, Sign & Travel and Extended Payment Option)* if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the NY Banking Dept. for a comparative listing of credit card rates, fees and grace periods at 1-800-518-8866.

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will begin charging interest on transactions added to a Pay Over Time balance as of the date they are added. Summary of Changes

We're making changes to how some American Express cards and benefits work. The table below summarizes changes that affect your card account. See the reverse side of this page for changes to your Cardmember Agreement.

Summary of changes to your account terms	
Additional Cardmembers	Effective September 1, 2012, we are increasing the annual fee for each Additional Centurion Card to $2,500 *(previously, $1,500)* and we are also limiting the number of Additional Centurion Cards you may have on your account to 2. If you already have more than 2 Additional Centurion Cards on your account, you will not lose those Cards because of this limit. However, if any of your Additional Centurion Cards are cancelled for any reason, you will not be able to replace or reinstate those Cards or add other Additional Centurion Cards if that would bring your number of Additional Centurion Cards to more than 2.
We May Contact You	We are clarifying the ways we may contact you for account servicing and collections. We will continue to honor any communication preferences that you have previously indicated regarding marketing offers.

See the reverse side for the Detail of Changes to Your Cardmember Agreement.

We encourage you to read this notice, share it with additional Cardmembers on your account, and file it for future reference. If you have any questions about these changes, please call the number on the back of your Card.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will begin charging interest on transactions added to a Pay Over Time balance as of the date they are added. However, we will not charge interest on charges added to a Pay Over Time balance automatically *(for example, Sign & Travel and Extended Payment Option)* if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the NY Banking Dept. for a comparative listing of credit card rates, fees and grace periods at 1-800-518-8866.

An Important Notice Concerning Cardmember Privacy

This Privacy Notice is addressed to United States holders of personal American Express® Charge Cards or accounts, Optima® Cards or accounts, other personal credit card accounts that we issue, and to United States holders of business charge and credit cards from OPEN from American Express. This Notice explains how we collect, use and safeguard information about you and how to limit the use and disclosure of your information.

In this Notice, "American Express," "we," "our," and "us" refer to American Express Travel Related Services Company, Inc., American Express Centurion Bank and American Express Bank, FSB. These entities are "Affiliates" of each other, which are companies in the American Express family that are related to each other by common ownership or control. Our Affiliates also include publishers, travelers cheque issuers, travel agents and providers of Card-related insurance services. The cards and accounts that we issue are called "Cards" or "Card accounts." Holders of those Card accounts are called "Cardmembers" or "you(r)."

What Information Do We Collect?
We obtain information about you from a variety of sources. You provide us with information about yourself, for example, by completing Card applications. This includes your name, address, social security number, and income and asset information. Your use of the Card and your other transactions with us and our Affiliates provide us with additional information, such as your spending and payment history. Other sources, such as credit reporting agencies and providers of marketing information, furnish us with additional information about your credit history, purchasing preferences, and other matters. We also obtain information about you in connection with our efforts to protect against fraud. We call all of this information "Cardmember Information."

What Do We Do with Cardmember Information?
We use Cardmember Information in connection with delivering products and services to you. To do this it is often necessary to share it with our Affiliates and other companies we work with. These include companies that manage Card accounts, offer affinity, frequent-user, and reward programs, companies that perform marketing services and other business operations for us, and companies whose products or services are provided as a benefit of your Card account. We may also share Cardmember Information with other financial institutions with whom we jointly offer products and services. And we may disclose it to other third parties as permitted by law. For example, we disclose Cardmember Information in response to subpoenas, to credit reporting agencies, and to help prevent fraud.

Information We Share with Our Affiliates
You can inform us not to share with our Affiliates credit-related information (except as permitted by law), such as your credit history as shown on a consumer report. If you make this choice, we are permitted by law to share with our Affiliates information about our transactions and experiences with you, such as your payment history.

Valuable Partner Offers
We work with carefully selected business partners, such as merchants that accept the Card, so that you may receive offers for their products and services. We use Cardmember Information to help make these offers more relevant and valuable to you. If you respond to one of these offers, the business partner will know certain information about you, such as your name, that you are a Cardmember, and that you met the qualifications established for the offer. You can inform us not to send you these offers.

Your Choices
Please let us know if you do not want us to use your Cardmember Information to communicate with you about offers, including exclusive partner offers and offers from our Affiliates, by mail, telephone and/or e-mail, or share your credit-related information with our Affiliates, by visiting us at: **www.americanexpress.com/communications** You can also inform us of your choices (except for e-mail communications) by calling us at **1-800-297-8378**. If you make these choices, you may not learn about products, services and features, including discounts and other special offers, we believe may be of interest to you and add value to your Card membership.

If you have other Card accounts with us, you will receive additional privacy notices that apply to those accounts. **Please note that any choices you make will only apply to this account.**

If you are the primary Cardmember on your Card account, any choices you make in accordance with this Notice will also apply to any other Cardmember on this account (except for e-mail communications). If you make choices not to receive offers as indicated above, we may still include notices and information about the Card and other products and services when communicating with you about your Card account and related products and services.

Information Security
We use reasonable administrative, technical and physical security measures to protect your Cardmember Information.

Former Customers
If you cancel your Card, or your Card account(s) are closed, we will continue to treat and safeguard Cardmember Information about you as described in this Notice.

For Vermont Cardmembers Only
If your Card account has a Vermont billing address, we will automatically treat your account as if you had informed us not to share your credit-related information with our Affiliates.

Your Billing Rights: Keep this Document for Future Use

This notice tells you about your rights and our responsibilities under the Fair Credit Billing Act.

What To Do If You Find a Mistake on Your Statement

If you think there is an error on your statement, write to us at PO Box 981535, El Paso TX 79998-1535. In your letter, give us the following information:

- *Account information*: Your name and account number.
- *Dollar amount*: The dollar amount of the suspected error.
- *Description of problem*: If you think there is an error on your bill, describe what you believe is wrong and why you believe it is a mistake.

You must contact us:

- Within 60 days after the error appeared on your statement.
- At least 3 business days before an automated payment is scheduled, if you want to stop payment on the amount you think is wrong.

You must notify us of any potential errors *in writing*. You may call us, but if you do we are not required to investigate any potential errors and you may have to pay the amount in question.

What Will Happen After We Receive Your Letter

When we receive your letter, we must do two things:

1. Within 30 days of receiving your letter, we must tell you that we received your letter. We will also tell you if we have already corrected the error.
2. Within 90 days of receiving your letter, we must either correct the error or explain to you why we believe the bill is correct.

While we investigate whether or not there has been an error:

- We cannot try to collect the amount in question, or report you as delinquent on that amount.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount.
- While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

After we finish our investigation, one of two things will happen:

- *If we made a mistake*: You will not have to pay the amount in question or any interest or other fees related to that amount.
- *If we do not believe there was a mistake*: You will have to pay the amount in question, along with applicable interest and fees. We will send you a statement of the amount you owe and the date payment is due. We may then report you as delinquent if you do not pay the amount we think you owe.

If you receive our explanation but still believe your bill is wrong, you must write to us within *10 days* telling us that you still refuse to pay. If you do so, we cannot report you as delinquent without also reporting that you are questioning your bill. We must tell you the name of anyone to whom we reported you as delinquent, and we must let those organizations know when the matter has been settled between us.

If we do not follow all of the rules above, you do not have to pay the first $50 of the amount you question even if your bill is correct.

Your Rights If You Are Dissatisfied With Your Credit Card Purchases

If you are dissatisfied with the goods or services that you have purchased with your credit card, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the purchase.

To use this right, all of the following must be true:

1. The purchase must have been made in your home state or within 100 miles of your current mailing address, and the purchase price must have been more than $50. (Note: Neither of these are necessary if your purchase was based on an advertisement we mailed to you, or if we own the company that sold you the goods or services.)
2. You must have used your credit card for the purchase. Purchases made with cash advances from an ATM or with a check that accesses your credit card account do not qualify.
3. You must not yet have fully paid for the purchase.

If all of the criteria above are met and you are still dissatisfied with the purchase, contact us *in writing* at PO Box 981535, El Paso TX 79998-1535. While we investigate, the same rules apply to the disputed amount as discussed above.

After we finish our investigation, we will tell you our decision. At that point, if we think you owe an amount and you do not pay, we may report you as delinquent.

Annual EFT Error Resolution Notice

This notice is to inform you about how you should notify us of errors or questions regarding any electronic fund transfers you initiate using your American Express Card, including Express Cash transactions, or electronic payments you make to American Express using Pay By Phone, Pay By Computer, or any other American Express electronic payment service.

In case of errors or questions about your Electronic Transfers, please contact us as soon as you can if you think your statement or receipt is wrong or if you need more information about a transfer listed on the statement or receipt. You can telephone us at 1-800-IPAY-AXP for Pay By Phone and Pay By Computer questions, and at 1-800-CASH-NOW for Express Cash and Automatic Payment questions. Alternatively, you may write to us at American Express, Electronic Funds Services, P.O. Box 981531, El Paso, TX 79998-1531, or contact us online at www.americanexpress.com/inquirycenter. We must hear from you no later than 60 days after we sent the FIRST statement on which the problem or error appeared or question arose. When you contact us, please provide the following information:
(1) Your name and card account number. (2) Description of the error or the transfer you are unsure about. Explain as clearly as you can why you believe it is an error or why you need more information. (3) The dollar amount of the suspected error.

If you notify us by phone, we may require that you send us your complaint or question in writing within 10 business days of the call. We will determine whether an error occurred within 10 business days and will correct any error promptly. If we need more time, however, we may take up to 45 days to investigate your complaint or question. If we decide to do this, we will credit your bank account within 10 business days for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your account. For errors involving point-of-sale or foreign-initiated transactions, we may take up to 90 days to investigate your complaint or question. We will tell you the results within three business days after completing our investigation. If we decide that there was no error, we will send you a written explanation. You may ask for copies of the documents that we used in our investigation.

If we have credited your bank account and there was no error, we will tell you when we will withdraw that amount from your bank account again. You authorize us to withdraw this amount from your bank account. If your bank account does not have enough funds to cover this withdrawal, we can charge the amount to your card account or collect the amount from you. If this happens, we may cancel your right to use our electronic transfer services.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will begin charging interest on transactions added to a Pay Over Time balance as of the date they are added. However, we will not charge interest on charges added to a Pay Over Time balance automatically *(for example, Sign & Travel and Extended Payment Option)* if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the NY Banking Dept. for a comparative listing of credit card rates, fees and grace periods at 1-800-518-8866.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will begin charging interest on transactions added to a Pay Over Time balance as of the date they are added. However, we will not charge interest on charges added to a Pay Over Time balance automatically *(for example, Sign & Travel and Extended Payment Option)* if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the NY Banking Dept. for a comparative listing of credit card rates, fees and grace periods at 1-800-518-8866.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will begin charging interest on transactions added to a Pay Over Time balance as of the date they are added. However, we will not charge interest on charges added to a Pay Over Time balance automatically *(for example, Sign & Travel and Extended Payment Option)* if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

New York residents may contact the NY Banking Dept. for a comparative listing of credit card rates, fees and grace periods at 1-800-518-8866.

Summary of Changes

We're making changes to how some American Express cards work.

Important Changes to Your Account Terms

The following is a summary changes to important terms to your account. The detailed changes to your Cardmember Agreement appear on the reverse side of this page.

Revised Term effective January 18, 2013	
Late Payment	Up to **$35**. However, if your account does not have a Pay Over Time feature or balance and you do not pay for two billing periods in a row, your fee will be **$35 or 2.99%** of the past due amount, whichever is greater.

Additional change to your terms effective January 1, 2013	
About Pay Over Time Limit	You may have the ability to carry a balance on your Card using the Pay Over Time feature. We are clarifying that we may increase or reduce the maximum Pay Over Time balance you may have on your account. This amount is called Pay Over Time limit. Your Pay Over Time limit is $35,000, unless it's been previously reduced or increased. We will tell you if we change your Pay Over Time limit. You must pay in full all charges that would cause your Pay Over Time balance to exceed your Pay Over Time limit.

Additional change to your terms effective immediately	
Statement Copy Fee	We are removing the fee for copies of billing statements you request. This fee was $5.00 for each statement requested, except for the three most recent statements.

See the reverse side for the detail of changes to your Cardmember Agreement.

Important Changes to Your Account Terms

The terms of the account referenced in or with this notice are subject to change in accordance with the Cardmember Agreement governing the account (the "Agreement"). This notice formally amends the Agreement as described below. Any terms in the Agreement conflicting with these changes are replaced fully and completely. Terms not changed by this notice remain in full force and effect. We encourage you to read this notice, share it with additional Cardmembers on your account, and file it for future reference. If you have any questions about these changes, please call the number on the back of your Card.

Late Payment Fee

We are clarifying how late payment fees work on your account:

- If your account has a Pay Over Time feature or balance, your late fee will be up to **$35**.
- If your account does not have a Pay Over Time feature or balance, your late fee will be up to **$35**. However, if you do not pay for two billing periods in a row, your late fee will be **$35** or **2.99%** of the past due amount, whichever is greater.

Effective January 18, 2013, the *How Rates and Fees Work* section of Part 1 of the Cardmember Agreement is amended by deleting the *Late Payment* row and replacing it with the following:

Late Payment	Accounts without a Pay Over Time Feature or Balance: Up to **$35**. However, if you do not pay the Amount Due for two billing periods in a row, your late fee will be **$35** or **2.99%** of the past due amount, whichever is greater. • Your first late fee is **$25**. This late fee will be charged if you do not pay the Amount Due on your billing statement before the 20th day after the Closing Date shown on your next billing statement. If you do this again within the next 6 billing periods, your late fee is **$35** instead. • However, if you do not pay the Amount Due for two or more billing periods in a row, your late fee will be **$35** or **2.99%** of the past due amount, whichever is greater. This late fee will be charged on the Closing Date of the second consecutive billing period, and, if the Amount Due remains unpaid, on each Closing Date after that. • Your late fee will never exceed the Amount Due. Accounts with a Pay Over Time Feature or Balance: Up to **$35**. • Your first late fee is **$25**. If you pay late again within the next 6 billing periods, your late fee is **$35** instead. However, your late fee will never exceed the Minimum Payment Due. • The applicable late fee will be charged if you do not pay the Minimum Payment Due on your billing statement before the 20th day after the Closing Date shown on your next billing statement, and, if the Minimum Payment Due remains unpaid, on each Closing Date after that. • Paying late may also result in a Penalty APR. See *Penalty APR for new transactions and Penalty APR for existing balances* above. In certain circumstances, because of the timing of the late fee charges described above, a billing statement may reflect two late fees, each one charged with respect to a different billing period.

About Pay Over Time Features

Effective January 1, 2013, the fourth paragraph of the *About Pay Over Time features* section is deleted and replaced with:

We assign a Pay Over Time limit to your Account. We will not place any charge into a Pay Over Time balance if it causes the total of your Pay Over Time balances to go over your Pay Over Time limit. We may reduce or increase this amount. We may do so even if you pay on time and your Account is not in default. We will tell you if we change that amount. You must pay in full upon receipt of your billing statement all charges that are not placed into a Pay Over Time balance. We may change which charges are eligible to be placed into a Pay Over Time balance.

Statement Copy Fee

In the *How Rates and Fees Work* table, in Part 1 of your Cardmember Agreement, the *Statement Copy* row is deleted.

Changes to the Arbitration Provision

We are making changes to the process for resolving legal claims to provide more options. See the summary of our new process below and the detailed language on the following pages for more on these changes.

Summary of New Claims Resolution Provision (including Arbitration)
Effective January 1, 2013

First, if you have an issue or dispute, please contact our Customer Service Department at the number listed on the back of your card. They are able to resolve most issues and disputes.

Second, before initiating a mediation, arbitration or litigation, we ask that you send a Claim Notice to: American Express ADR c/o CT Corporation System, 111 8th Ave., New York, NY 10011. For a sample Claim Notice form, go to americanexpress.com/claim.

Third, you may now mediate your claim prior to initiating an arbitration or litigation. In mediation, a neutral mediator helps to resolve your claim.

Fourth, our Claims Resolution provision includes an arbitration provision. This means that either you or we may choose to have an arbitrator decide any claim instead of having the claim decided by a court. However, **you may reject the arbitration provision** if you notify us in writing prior to February 15, 2013.

Rejecting arbitration: If you reject the arbitration provision, it will not apply to you, except for any claims subject to litigation or arbitrations pending at the time you send your rejection notice. Also, your rejection will apply to the arbitration provision in any other American Express Card accounts you may have, except for Corporate Card accounts. It will have no other effect on your ability to use your card or the service you have with American Express.

How to reject arbitration: You must send us a rejection notice by **February 15, 2013,** that contains your:

- name
- address
- account number(s)
- signature

Mail your rejection notice to American Express, P.O. Box 981556, El Paso, TX 79908. For a sample form, go to americanexpress.com/reject. You are not required to use the sample form.

See the reverse side and subsequent pages for the detail of changes.

Important Changes to Your Account Terms

The terms of the account referenced in or with this notice are subject to change in accordance with the Cardmember Agreement governing your Account (the "Agreement"). This notice formally amends the Agreement as described below. These changes apply to existing and future balances on your Account. Any terms in the Agreement conflicting with these changes is replaced fully and completely. Terms not changed by this notice remain in full force and effect. We encourage you to read this notice, share it with Additional Cardmembers on your Account, and file it for future reference. If you have any questions about these changes, please call the number on the back of your Card.

Effective January 1, 2013, the *Arbitration* provision in the Cardmember Agreement is replaced with the following:

CLAIMS RESOLUTION

Most customer concerns can be resolved by calling our Customer Service Department at the number listed on the back of your card. In the event Customer Service is unable to resolve a complaint to your satisfaction, this section explains how claims can be resolved through mediation, arbitration or litigation. It includes an arbitration provision. **You may reject the arbitration provision by sending us written notice within 45 days after your first card purchase, or by February 15, 2013, whichever is later. See *Your Right to Reject Arbitration* below.**

For this section, ***you*** and ***us*** includes any corporate parents, subsidiaries, affiliates or related persons or entities. ***Claim*** means any current or future claim, dispute or controversy relating to your Account(s), this Agreement, or any agreement or relationship you have or had with us, except for the validity, enforceability or scope of the Arbitration provision. ***Claim*** includes but is not limited to: (1) initial claims, counterclaims, crossclaims and third-party claims; (2) claims based upon contract, tort, fraud, statute, regulation, common law and equity; (3) claims by or against any third party using or providing any product, service or benefit in connection with any account; and (4) claims that arise from or relate to (a) any account created under any of the agreements, or any balances on any such account, (b) advertisements, promotions or statements related to any accounts, goods or services financed under any accounts or terms of financing, (c) benefits and services related to card membership (including fee-based or free benefit programs, enrollment services and rewards programs) and (d) your application for any account. You may not sell, assign or transfer a claim.

Sending a Claim Notice

Before beginning a lawsuit, mediation or arbitration, you and we agree to send a written notice (a ***claim notice***) to each party against whom a claim is asserted, in order to provide an opportunity to resolve the claim informally or through mediation. Go to americanexpress.com/claim for a sample claim notice. The claim notice must describe the claim and state the specific relief demanded. Notice to you may be provided by your billing statement or sent to your billing address. Notice to us must include your name, address and Account number and be sent to American Express ADR c/o CT Corporation System, 111 8th Ave., NY, NY 10011. If the claim proceeds to arbitration, the amount of any relief demanded in a claim notice will not be disclosed to the arbitrator until after the arbitrator rules.

Mediation

In mediation, a neutral mediator helps parties resolve a claim. The mediator does not decide the claim but helps parties reach agreement.

Before beginning mediation, you or we must first send a claim notice. Within 30 days after sending or receiving a claim notice, you or we may submit the claim to JAMS (1-800-352-5267, jamsadr.com) or the American Arbitration Association ("AAA") (1-800-778-7879, adr.org) for mediation. We will pay the fees of the mediator.

All mediation-related communications are confidential, inadmissible in court and not subject to discovery. All applicable statutes of limitation will be tolled until termination of the mediation. Either you or we may terminate the mediation at any time. The submission or failure to submit a claim to mediation will not affect your or our right to elect arbitration.

Arbitration

You or we may elect to resolve any claim by individual arbitration. Claims are decided by a neutral arbitrator.

If arbitration is chosen by any party, neither you nor we will have the right to litigate that claim in court or have a jury trial on that claim. Further, you and we will not have the right to participate in a representative capacity or as a member of any class pertaining to any claim subject to arbitration. Arbitration procedures are generally simpler than the rules that apply in court, and discovery is more limited. The arbitrator's decisions are as enforceable as any court order and are subject to very limited review by a court. Except as set forth below, the arbitrator's decision will be final and binding. Other rights you or we would have in court may also not be available in arbitration.

Initiating Arbitration

Before beginning arbitration, you or we must first send a claim notice. Claims will be referred to either JAMS or AAA, as selected by the party electing arbitration. Claims will be resolved pursuant to this Arbitration provision and the selected organization's rules in effect when the claim is filed, except where those rules conflict with this Agreement. If we choose the organization, you may select the other within 30 days after receiving notice of our selection. Contact JAMS or AAA to begin an arbitration or for other information. Claims also may be referred to another arbitration organization if you and we agree in writing or to an arbitrator appointed pursuant to section 5 of the Federal Arbitration Act, 9 U.S.C. §§ 1-16 (***FAA***).

We will not elect arbitration for any claim you file in small claims court, so long as the claim is individual and pending only in that court. You or we may otherwise elect to arbitrate any claim at any time unless it has been filed in court and trial has begun or final judgment has been entered. Either you or we may delay enforcing or not exercise rights under this Arbitration provision, including the right to arbitrate a claim, without waiving the right to exercise or enforce those rights.

Limitations on Arbitration

If either party elects to resolve a claim by arbitration, that claim will be arbitrated on an individual basis. There will be no right or authority for any claims to be arbitrated on a class action basis or on bases involving claims brought in a purported representative capacity on behalf of the general public, other cardmembers or other persons similarly situated.

The arbitrator's authority is limited to claims between you and us alone. Claims may not be joined or consolidated unless you and we agree in writing. An arbitration award and any judgment confirming it will apply only to the specific case and cannot be used in any other case except to enforce the award. Notwithstanding any other provision and without waiving the right to appeal such decision, if any portion of these *Limitations on Arbitration* is deemed invalid or unenforceable, then the entire Arbitration provision (other than this sentence) will not apply.

Arbitration Procedures

This Arbitration provision is governed by the FAA. The arbitrator will apply applicable substantive law, statutes of limitations and privileges. The arbitrator will not apply any federal or state rules of civil procedure or evidence in matters relating to evidence or discovery. Subject to the *Limitations on Arbitration,* the arbitrator may otherwise award any relief available in court. The arbitration will be confidential, but you may notify any government authority of your claim.

If your claim is for $10,000 or less, you may choose whether the arbitration will be conducted solely on the basis of documents, through a telephonic hearing, or by an in-person hearing. At any party's request, the arbitrator will provide a brief written explanation of the award. The arbitrator's award will be final and binding, except for any right of appeal provided by the FAA; however, any party will have 30 days to appeal the award by notifying the arbitration organization and all parties in writing. The organization will appoint a three-arbitrator panel to decide anew, by majority vote based on written submissions, any aspect of the decision objected to. Judgment upon any award may be entered in any court having jurisdiction. At your election, arbitration hearings will take place in the federal judicial district of your residence.

Arbitration Fees and Costs
You will be responsible for paying your share of any ***arbitration fees*** (including filing, administrative, hearing or other fees), but only up to the amount of the filing fees you would have incurred if you had brought a claim in court. We will be responsible for any additional arbitration fees. At your written request, we will consider in good faith making a temporary advance of your share of any arbitration fees, or paying for the reasonable fees of an expert appointed by the arbitrator for good cause.

Additional Arbitration Awards
If the arbitrator rules in your favor for an amount greater than any final offer we made before arbitration, the arbitrator's award will include: (1) any money to which you are entitled, but in no case less than $5,000; and (2) any reasonable attorneys' fees, costs and expert and other witness fees.

Your Right to Reject Arbitration
You may reject this Arbitration provision by sending a written ***rejection notice*** to us at: American Express, P.O. Box 981556, El Paso, TX 79908. Go to americanexpress.com/reject for a sample rejection notice. Your rejection notice must be mailed within 45 days after your first card purchase, or by **February 15, 2013**, whichever is later. Your rejection notice must state that you reject the Arbitration provision and include your name, address, Account number and personal signature. No one else may sign the rejection notice. If your rejection notice complies with these requirements, this Arbitration provision and any other arbitration provisions in the cardmember agreements for any other currently open American Express accounts you have will not apply to you, except for Corporate Card accounts and any claims subject to pending litigation or arbitration at the time you send your rejection notice. Rejection of this Arbitration provision will not affect your other rights or responsibilities under this Claims Resolution section or the Agreement. Rejecting this Arbitration provision will not affect your ability to use your card or any other benefit, product or service you may have with your Account.

Continuation
This section will survive termination of your Account, voluntary payment of your Account balance, any legal proceeding to collect a debt, any bankruptcy and any sale of your Account (in the case of a sale, its terms will apply to the buyer of your Account). If any portion of this Claims Resolution section, except as otherwise provided in the *Limitations on Arbitration* subsection, is deemed invalid or unenforceable, it will not invalidate the remaining portions of this Claims Resolution section.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will begin charging interest on transactions added to a Pay Over Time balance as of the date they are added. However, we will not charge interest on charges added to a Pay Over Time balance automatically *(for example, Sign & Travel and Extended Payment Option)* if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Notice of Change to Your Travel Accident Insurance Policy

We are making Important Changes to your insurance policies ("Policies") underwritten by AMEX Assurance Company.

Applicable for Residents of Delaware for Travel Accident Insurance:
The definition of **Covered Person** from the **DEFINITIONS** section is replaced with the following:
Covered Person means the Basic Cardmember, each Additional Cardmember, and each of these Cardmember's spouses or Domestic Partners and dependent children under 26 years of age (dependent children include: your unmarried, dependent children under 26 years of age who rely on You for support and maintenance, your unmarried dependent children 26 years or older who because of a handicap condition that occurred before the attainment of the limiting age, are incapable of self-sustaining employment and dependent upon You for lifetime care and supervision. Coverage will be extended for as long as such child is incapacitated, unmarried and dependent.). TAI-RDR1-Multi 04/10.

Applicable for Residents of Florida for Travel Accident Insurance:
The definition of **Covered Person** is hereby removed from the **DEFINITIONS** section in its entirety and replaced with the following:
Covered Person means the Basic Cardmember, each Additional Cardmember, and each of these Cardmember's spouses or Domestic Partners and dependent children under 26 years of age (dependent children include: your unmarried, dependent children under 26 years of age who rely on You for support and maintenance, your unmarried dependent children 26 years or older who because of a handicap condition that occurred before the attainment of the limiting age, are incapable of self-sustaining employment and dependent upon You for lifetime care and supervision. Coverage will be extended for as long as such child is incapacitated, unmarried and dependent.). All Covered Persons must have a Permanent Residence within the 50 United States of America, the District of Columbia, Puerto Rico, or the U.S. Virgin Islands. All other persons are not Covered Persons under the Policy. Dependent coverage will extend to the end of the calendar year when the dependent reaches age 30 when: 1. The dependent is unmarried and does not have a dependent of his or her own; 2. Is a resident of this state or a full-time or part-time student; and 3. Is not provided coverage as a named subscriber, insured, enrollee, or covered person under any other group, blanket, or franchise health insurance policy or individual health benefits plan, or is not entitled to benefits under Title XVIII of the Social Security Act. 4. If, pursuant to this section, a child is provided coverage under the parent's policy after the end of the calendar year in which the child reaches age 25 and coverage for the child is subsequently terminated, the child is not eligible to be covered under the parent's policy unless the child was continuously covered by other creditable coverage without a gap in coverage of more than 63 days. For the purposes of this subsection, the term "creditable coverage" has the same meaning as provided in Florida Insurance Code s. 627.6561(5). Dependent children include: 1. Natural, adopted and stepchildren of the insured who are chiefly financially dependent on the insured for support and maintenance; 2. An adopted child or a child in the custody of the insured pursuant to an interim court order of adoption vesting temporary care of the child in the insured, regardless of whether a final order granting adoption is ultimately issued.

All references to "dependent children under 23 years of age" throughout the document are hereby changed to "dependent children under 26 years of age". TAI-RDR1-FL 06/10

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will begin charging interest on transactions added to a Pay Over Time balance as of the date they are added. However, we will not charge interest on charges added to a Pay Over Time balance automatically *(for example, Sign & Travel and Extended Payment Option)* if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Interest Charges on Pay Over Time Balances
We'd like to remind you of ways to help minimize interest charges on Pay Over Time balances. If you pay the balance on your account in full each month, you will not incur any interest on transactions added automatically to a Pay Over Time balance. However, if you choose to carry a Pay Over Time balance past your next closing date, you will be charged interest on that balance until the total account balance is paid in full. The sooner you pay off a Pay Over Time balance, the less interest you will incur.

Your payment of $10,664.31 will be debited from your account on 02/02/13. Any inquiry to American Express concerning this debit should be made by 01/31/13. If your AutoPay payment is less than your New Balance, we must receive an additional payment for at least the difference by your next Closing Date.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will begin charging interest on transactions added to a Pay Over Time balance as of the date they are added. However, we will not charge interest on charges added to a Pay Over Time balance automatically *(for example, Sign & Travel and Extended Payment Option)* if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will begin charging interest on transactions added to a Pay Over Time balance as of the date they are added. However, we will not charge interest on charges added to a Pay Over Time balance automatically *(for example, Sign & Travel and Extended Payment Option)* if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will begin charging interest on transactions added to a Pay Over Time balance as of the date they are added. However, we will not charge interest on charges added to a Pay Over Time balance automatically *(for example, Sign & Travel and Extended Payment Option)* if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will begin charging interest on transactions added to a Pay Over Time balance as of the date they are added. However, we will not charge interest on charges added to a Pay Over Time balance automatically *(for example, Sign & Travel and Extended Payment Option)* if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will begin charging interest on transactions added to a Pay Over Time balance as of the date they are added. However, we will not charge interest on charges added to a Pay Over Time balance automatically *(for example, Sign & Travel and Extended Payment Option)* if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will begin charging interest on transactions added to a Pay Over Time balance as of the date they are added. However, we will not charge interest on charges added to a Pay Over Time balance automatically *(for example, Sign & Travel and Extended Payment Option)* if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will begin charging interest on transactions added to a Pay Over Time balance as of the date they are added. However, we will not charge interest on charges added to a Pay Over Time balance automatically *(for example, Sign & Travel and Extended Payment Option)* if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Important Changes To Your Account Terms

We are making changes to your Card account. A summary of the changes appears below. The detailed changes to your Cardmember Agreement can be found after the summary.

Summary of Changes	
Pay Over Time Features	Effective October 1, 2013, you will no longer be able to ask a travel industry merchant to place a charge in your Pay Over Time balance. You will continue to have the option to contact us directly to request that a charge be placed in your Pay Over Time balance.

Detail of Changes To Your Agreement

The terms of the account referenced in or with this notice are subject to change in accordance with the Cardmember Agreement, (the "Agreement"). This notice formally amends the Agreement as described below. Any terms in the Agreement conflicting with these changes are replaced fully and completely. Terms not changed by this notice remain in full force and effect. We encourage you to read this notice, share it with additional Cardmembers on your account, and file it for future reference. If you have any questions about these changes, please call the number on the back of your Card.

Pay Over Time Features

We are changing the section of your Cardmember Agreement entitled *About Pay Over Time features* by revising the second paragraph which describes the ability to ask a travel industry merchant to place a charge in your Pay Over Time balance. Effective October 1, 2013, the second paragraph of the *About Pay Over Time features* section of your Cardmember Agreement is deleted and replaced with:

> Select & Pay Later allows you to request that eligible purchases be moved to your Pay Over Time balance after the charge appears on your statement. If we approve your request, we will place the charge in your Pay Over Time balance. If we decline your request, you must pay the charge in full upon receipt of your billing statement.

Pay Over Time Eligible Charges

Effective October 1, 2013, charges for premium payments to insurance providers (other than affiliates of American Express) are eligible Pay Over Time charges. We will no longer prevent these charges from being placed in any Pay Over Time balance.

Your Billing Rights: Keep this Document for Future Use

This notice tells you about your rights and our responsibilities under the Fair Credit Billing Act.

What To Do If You Find a Mistake on Your Statement

If you think there is an error on your statement, write to us at PO Box 981535, El Paso TX 79998-1535. In your letter, give us the following information:

- *Account information:* Your name and account number.
- *Dollar amount:* The dollar amount of the suspected error.
- *Description of problem:* If you think there is an error on your bill, describe what you believe is wrong and why you believe it is a mistake.

You must contact us:

- Within 60 days after the error appeared on your statement.
- At least 3 business days before an automated payment is scheduled, if you want to stop payment on the amount you think is wrong.

You must notify us of any potential errors *in writing*. You may call us, but if you do we are not required to investigate any potential errors and you may have to pay the amount in question.

What Will Happen After We Receive Your Letter

When we receive your letter, we must do two things:

1. Within 30 days of receiving your letter, we must tell you that we received your letter. We will also tell you if we have already corrected the error.
2. Within 90 days of receiving your letter, we must either correct the error or explain to you why we believe the bill is correct.

While we investigate whether or not there has been an error:

- We cannot try to collect the amount in question, or report you as delinquent on that amount.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount.
- While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

After we finish our investigation, one of two things will happen:

- *If we made a mistake:* You will not have to pay the amount in question or any interest or other fees related to that amount.
- *If we do not believe there was a mistake:* You will have to pay the amount in question, along with applicable interest and fees. We will send you a statement of the amount you owe and the date payment is due. We may then report you as delinquent if you do not pay the amount we think you owe.

If you receive our explanation but still believe your bill is wrong, you must write to us within *10 days* telling us that you still refuse to pay. If you do so, we cannot report you as delinquent without also reporting that you are questioning your bill. We must tell you the name of anyone to whom we reported you as delinquent, and we must let those organizations know when the matter has been settled between us.

If we do not follow all of the rules above, you do not have to pay the first $50 of the amount you question even if your bill is correct.

Your Rights If You Are Dissatisfied With Your Credit Card Purchases

If you are dissatisfied with the goods or services that you have purchased with your credit card, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the purchase.

To use this right, all of the following must be true:

1. The purchase must have been made in your home state or within 100 miles of your current mailing address, and the purchase price must have been more than $50. (Note: Neither of these are necessary if your purchase was based on an advertisement we mailed to you, or if we own the company that sold you the goods or services.)
2. You must have used your credit card for the purchase. Purchases made with cash advances from an ATM or with a check that accesses your credit card account do not qualify.
3. You must not yet have fully paid for the purchase.

If all of the criteria above are met and you are still dissatisfied with the purchase, contact us *in writing* at PO Box 981535, El Paso TX 79998-1535. While we investigate, the same rules apply to the disputed amount as discussed above.

After we finish our investigation, we will tell you our decision. At that point, if we think you owe an amount and you do not pay, we may report you as delinquent.

Annual EFT Error Resolution Notice

This notice is to inform you about how you should notify us of errors or questions regarding any electronic fund transfers you initiate using your American Express Card, including Express Cash transactions, or electronic payments you make to American Express using Pay By Phone, Pay By Computer, or any other American Express electronic payment service.

In case of errors or questions about your Electronic Transfers, please contact us as soon as you can if you think your statement or receipt is wrong or if you need more information about a transfer listed on the statement or receipt. You can telephone us at 1-800-IPAY-AXP for Pay By Phone and Pay By Computer questions, and at 1-800-CASH-NOW for Express Cash and Automatic Payment questions. Alternatively, you may write to us at American Express, Electronic Funds Services, P.O. Box 981531, El Paso, TX 79998-1531, or contact us online at www.americanexpress.com/inquirycenter. We must hear from you no later than 60 days after we sent the FIRST statement on which the problem or error appeared or question arose. When you contact us, please provide the following information:

(1) Your name and card account number. (2) Description of the error or the transfer you are unsure about. Explain as clearly as you can why you believe it is an error or why you need more information. (3) The dollar amount of the suspected error.

If you notify us by phone, we may require that you send us your complaint or question in writing within 10 business days of the call. We will determine whether an error occurred within 10 business days and will correct any error promptly. If we need more time, however, we may take up to 45 days to investigate your complaint or question. If we decide to do this, we will credit your bank account within 10 business days for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your account. For errors involving point-of-sale or foreign-initiated transactions, we may take up to 90 days to investigate your complaint or question. We will tell you the results within three business days after completing our investigation. If we decide that there was no error, we will send you a written explanation. You may ask for copies of the documents that we used in our investigation.

If we have credited your bank account and there was no error, we will tell you when we will withdraw that amount from your bank account again. You authorize us to withdraw this amount from your bank account. If your bank account does not have enough funds to cover this withdrawal, we can charge the amount to your card account or collect the amount from you. If this happens, we may cancel your right to use our electronic transfer services.

Notice for residents of Washington State

In accordance with the Revised Code of Washington Statutes, Section 63.14.167, you are not responsible for payment of interest charges that result solely from a merchant's failure to transmit to us within seven working days a credit for goods or services accepted for return or forgiven if you have notified us of the merchant's delay in posting such credit, or our failure to post such credit to your account within three working days of our receipt of the credit.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will begin charging interest on transactions added to a Pay Over Time balance as of the date they are added. However, we will not charge interest on charges added to a Pay Over Time balance automatically *(for example, Sign & Travel and Extended Payment Option)* if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Important Changes to the Membership Rewards® Program Terms and Conditions

A summary of the changes appears below. The detailed changes can be found after the summary chart.

Summary of Changes	
Membership Rewards Linkage Fee Removal	Effective on September 1, 2013, we will no longer charge an additional $10 annual fee to link certain OPEN Cards to a Membership Rewards account for another enrolled Card.
Membership Rewards Claims Resolution	We are making changes to the process for resolving legal claims. The following is a brief summary of the new process: **First**, if you have an issue or dispute, please contact our Customer Service Department at the number listed on the back of your card. They are able to resolve most issues and disputes. **Second**, before initiating mediation, arbitration or litigation, we ask that you send a Claim Notice to: American Express ADR c/o CT Corporation System, 111 8th Ave., New York, NY 10011. For a sample Claim Notice form, go to americanexpress.com/claim. **Third**, you may now mediate your claim prior to initiating an arbitration or litigation. In mediation, a neutral mediator helps to resolve your claim. **Fourth**, the Membership Rewards Program Terms and Conditions continue to include an arbitration provision. This means that either you or we may choose to have an arbitrator decide any claim instead of having the claim decided by a court.

See the following pages for Detailed Changes

Detail of Changes to the Membership Rewards Program Terms and Conditions

The terms and conditions of the Membership Rewards program are subject to change as stated therein. This notice formally amends the terms and conditions of the Membership Rewards program as described below. Any provisions in the terms and conditions of the Membership Rewards program conflicting with these changes are replaced fully and completely. Terms not changed by this notice remain in full force and effect. We encourage you to read this notice and file it for future reference. If you have any questions about these changes, please call the number on the back of your Card.

Linkage Fee Removal

Effective immediately, we hereby make the following revisions to Section 2 of the *About the Program* Section of the Membership Rewards Program Terms and Conditions:

1. The following language contained in the second paragraph after the chart is hereby deleted:
   "Please note that there is an additional $10 annual fee for each Business Charge or Credit Card that you link to a Membership Rewards account with other enrolled charge Cards, unless you also have one of the following Cards (which may include an Additional Card) linked to the same Membership Rewards account: Executive Business Card, Business Membership Rewards Card, Centurion Card, Platinum Card or Fidelity Platinum Card."
2. The following language contained in the third paragraph after the chart is hereby deleted:
   "If this happens, you may be charged the linkage fee in addition to any enrollment costs."

Membership Rewards Claims Resolution

Effective January 1, 2014, the *Arbitration* provision in the terms and conditions of the Membership Rewards program is replaced with the following:

CLAIMS RESOLUTION

Most customer concerns can be resolved by calling our Customer Service Department at the number listed on the back of your card. In the event Customer Service is unable to resolve a complaint to your satisfaction, this section explains how claims can be resolved through mediation, arbitration or litigation. It includes an arbitration provision.

For this section, ***you*** and ***us*** includes any corporate parents, subsidiaries, affiliates or related persons or entities. ***Claim*** means any current or future claim, dispute or controversy relating to your participation in the program, these Terms & Conditions or any prior program agreement, except for the validity, enforceability or scope of the Arbitration provision. ***Claim*** includes but is not limited to: (1) initial claims, counterclaims, crossclaims and third-party claims; (2) claims based upon contract, tort, fraud, statute, regulation, common law and equity; (3) claims by or against any third party using or providing any product, service or benefit in connection with the program; and (4) claims that arise from or relate to (a) the program account or any point balances on the program account, (b) advertisements, promotions or oral or written statements related to the program or any reward or (c) the redemption for and use of any reward. You may not sell, assign or transfer a claim.

Sending a Claim Notice

Before beginning a lawsuit, mediation or arbitration, you and we agree to send a written notice (a ***claim notice***) to each party against whom a claim is asserted, in order to provide an opportunity to resolve the claim informally or through mediation. Go to americanexpress.com/claim for a sample claim notice. The claim notice must describe the claim and state the specific relief demanded. Notice to you may be provided by your billing statement or sent to your billing address. Notice to us must include your name, address and Account number and be sent to American Express ADR c/o CT Corporation System, 111 8th Ave., NY, NY 10011. If the claim proceeds to arbitration, the amount of any relief demanded in a claim notice will not be disclosed to the arbitrator until after the arbitrator rules.

Mediation

In mediation, a neutral mediator helps parties resolve a claim. The mediator does not decide the claim but helps parties reach agreement.

Before beginning mediation, you or we must first send a claim notice. Within 30 days after sending or receiving a claim notice, you or we may submit the claim to JAMS (1-800-352-5267, jamsadr.com) or the American Arbitration Association ("AAA") (1-800-778-7879, adr.org) for mediation. We will pay the fees of the mediator.

All mediation-related communications are confidential, inadmissible in court and not subject to discovery. All applicable statutes of limitation will be tolled until termination of the mediation. Either you or we may terminate the mediation at any time. The submission or failure to submit a claim to mediation will not affect your or our right to elect arbitration.

Arbitration

You or we may elect to resolve any claim by individual arbitration. Claims are decided by a neutral arbitrator.

If arbitration is chosen by any party, neither you nor we will have the right to litigate that claim in court or have a jury trial on that claim. Further, you and we will not have the right to participate in a representative capacity or as a member of any class pertaining to any claim subject to arbitration. Arbitration procedures are generally simpler than the rules that apply in court, and discovery is more limited. The arbitrator's decisions are as enforceable as any court order and are subject to very limited review by a court. Except as set forth below, the arbitrator's decision will be final and binding. Other rights you or we would have in court may also not be available in arbitration.

Initiating Arbitration

Before beginning arbitration, you or we must first send a claim notice. Claims will be referred to either JAMS or AAA, as selected by the party electing arbitration. Claims will be resolved pursuant to this Arbitration provision and the selected organization's rules in effect when the claim is filed, except where those rules conflict with these Terms & Conditions. If we choose the organization, you may select the other within 30 days after receiving notice of our selection. Contact JAMS or AAA to begin an arbitration or for other information. Claims also may be referred to another arbitration organization if you and we agree in writing or to an arbitrator appointed pursuant to section 5 of the Federal Arbitration Act, 9 U.S.C. §§ 1-16 (***FAA***).

We will not elect arbitration for any claim you file in small claims court, so long as the claim is individual and pending only in that court. You or we may otherwise elect to arbitrate any claim at any time unless it has been filed in court and trial has begun or final judgment has been entered. Either you or we may delay enforcing or not exercise rights under this Arbitration provision, including the right to arbitrate a claim, without waiving the right to exercise or enforce those rights.

Limitations on Arbitration

If either party elects to resolve a claim by arbitration, that claim will be arbitrated on an individual basis. There will be no right or authority for any claims to be arbitrated on a class action basis or on bases involving claims brought in a purported representative capacity on behalf of the general public, other cardmembers or other persons similarly situated.

The arbitrator's authority is limited to claims between you and us alone. Claims may not be joined or consolidated unless you and we agree in writing. An arbitration award and any judgment confirming it will apply only to the specific case and cannot be used in any other case except to enforce the award. Notwithstanding any other provision and without waiving the right to appeal such decision, if any portion of these *Limitations on Arbitration* is deemed invalid or unenforceable, then the entire Arbitration provision (other than this sentence) will not apply.

Arbitration Procedures

This Arbitration provision is governed by the FAA. The arbitrator will apply applicable substantive law, statutes of limitations and privileges. The arbitrator will not apply any federal or state rules of civil procedure or evidence in matters relating to evidence or discovery. Subject to the *Limitations on Arbitration,* the arbitrator may otherwise award any relief available in court. The arbitration will be confidential, but you may notify any government authority of your claim.

If your claim is for $10,000 or less, you may choose whether the arbitration will be conducted solely on the basis of documents, through a telephonic hearing, or by an in-person hearing. At any party's request, the arbitrator will provide a brief written explanation of the award. The arbitrator's award will be final and binding, except for any right of appeal provided by the FAA; however, any party will have 30 days to appeal the award by notifying the arbitration organization and all parties in writing. The organization will appoint a three-arbitrator panel to decide anew, by majority vote based on written submissions, any aspect of the decision objected to. Judgment upon any award may be entered in any court having jurisdiction. At your election, arbitration hearings will take place in the federal judicial district of your residence.

Arbitration Fees and Costs

You will be responsible for paying your share of any ***arbitration fees*** (including filing, administrative, hearing or other fees), but only up to the amount of the filing fees you would have incurred if you had brought a claim in court. We will be responsible for any additional arbitration fees. At your written request, we will consider in good faith making a temporary advance of your share of any arbitration fees, or paying for the reasonable fees of an expert appointed by the arbitrator for good cause.

Additional Arbitration Awards

If the arbitrator rules in your favor for an amount greater than any final offer we made before arbitration, the arbitrator's award will include: (1) any money to which you are entitled, but in no case less than $5,000; and (2) any reasonable attorneys' fees, costs and expert and other witness fees.

Continuation

This section will survive termination of the program or your participation in it. If any portion of this Claims Resolution section, except as otherwise provided in the *Limitations on Arbitration* subsection, is deemed invalid or unenforceable, it will not invalidate the remaining portions of this Claims Resolution section.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will begin charging interest on transactions added to a Pay Over Time balance as of the date they are added. However, we will not charge interest on charges added to a Pay Over Time balance automatically *(for example, Sign & Travel and Extended Payment Option)* if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will begin charging interest on transactions added to a Pay Over Time balance as of the date they are added. However, we will not charge interest on charges added to a Pay Over Time balance automatically *(for example, Sign & Travel and Extended Payment Option)* if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will begin charging interest on transactions added to a Pay Over Time balance as of the date they are added. However, we will not charge interest on charges added to a Pay Over Time balance automatically *(for example, Sign & Travel and Extended Payment Option)* if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

In addition, personal and Business Centurion Members will no longer receive US Airways Dividend Miles Platinum Preferred status as a benefit of Centurion Membership[1].

Personal and Business Centurion Members who qualify for Admirals Club access under American Airlines' access policies and/or those who qualify for US Airways Club access under US Airways' access policies will continue to receive such access in accordance with those policies.

Personal and Business Centurion Members who are enrolled in US Airways Platinum Preferred Status prior to March 22, 2014, will be able to access Platinum Preferred Status benefits through the end of their current Platinum Preferred Status membership period. Members can check their membership status by calling the Dividend Miles Preferred program at 800-428-4322, or checking the membership date on your US Airways Platinum Preferred Status membership card. Personal and Business Centurion Members who qualify for US Airways Platinum Preferred status based on US Airways' requirements will continue to receive status under those policies.

You will continue to have complimentary access to Delta Sky Club®[2] locations and Airspace Lounges™[3], as well as access to more than 600 clubs worldwide with Priority Pass Select™[4]. You also have unlimited, complimentary access to the The Centurion℠ Lounge, located at Dallas/Fort Worth International Airport and McCarran International Airport in Las Vegas. The Centurion Lounges are premier airport lounge spaces designed exclusively for American Express® Card Members and feature complimentary gourmet meals, fine wines, American Express Member Services, and other amenities.[5]

In addition, we would like to remind you about the $200 Airline Fee Credit[6] benefit.* You may select American Airlines, US Airways or one of eight other eligible domestic airlines to receive up to $200 in statement credits annually for incidental fees charged to your Card including lounge day passes, baggage fees and flight-change fees. Every January, you can update your airline selection at americanexpress.com/airlinechoice. However for this year only, we are extending the annual selection period through February 28th, 2014 to allow you more time to make any revisions based on the above change in access policies.

*American Express relies on accurate airline transaction data to identify incidental fee purchases. If you do not see a credit for a qualifying incidental purchase on your enrolled Card after 4 weeks, simply call the number on the back of your Card. See terms & conditions for more details.

[6] **$200 Airline Fee Credit** Benefit is available to personal and Business Platinum Card® and Centurion® Members only. To receive statement credits of up to $200 a year toward incidental air travel fees, Card Member must enroll and choose a qualifying airline at www.americanexpress.com/airlinechoice. Only the Basic Card Member or Authorized Account Manager(s) on the Card Account can enroll and select the qualifying airline. Card Members who have not chosen a qualifying airline will be able to do so at any time. Card Members who have already selected a qualifying airline will be able to change their choice one time each year in January at www.americanexpress.com/airlinechoice or by calling the number on the back of the Card. **For 2014 only, Card Members may update their airline selection one additional time starting on 1/15/2014 through 2/28/2014 at www.americanexpress.com/airlinechoice or by calling the number on the back of the Card.** Card Members who do not change their airline selection will remain with their current airline. **Statement Credits:** Incidental air travel fees must be charged on the enrolled Card Account for the benefit to apply. Purchases made by both the Basic and Additional Card Members on the enrolled Card Account are eligible for statement credits. However, each Card Account is eligible for up to a total of $200 a year in statement credits across all Cards on the Account. Incidental air travel fees must be separate charges from airline ticket charges. Fees not charged by the Card Member's airline of choice (e.g. wireless internet and fees incurred with airline alliance partners) do not qualify for statement credits. Incidental air travel fees charged prior to enrollment in this benefit are not eligible for statement credits. Airline tickets, upgrades, mileage points purchases, mileage points transfer fees, gift cards, duty free purchases, and award tickets are not deemed to be incidental fees. The airline must submit the incidental air travel fees under the appropriate merchant code, industry code, or required service or product identifier for the charge to be identified. Please allow 2-4 weeks after the qualifying incidental air travel fee is charged to your Card Account for statement credit(s) to be posted to the Account. We rely on airlines to submit the correct information on airline transactions, so please call the number on the back of the Card if statement credits have not posted after 4 weeks from the date of purchase. Card Members remain responsible for timely payment of all charges. To be eligible for this benefit, Card Account(s) must be active and not in default at the time of statement credit fulfillment. If a charge for any incidental air travel fee is included in a Pay Over Time feature balance on your Card Account (for example, Sign & Travel), the statement credit associated with that charge will not be applied to that Pay Over Time feature balance. Instead, the statement credit will be applied to your Pay In Full balance. For additional information about this benefit, call the number on the back of your Card.

Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. If we accept payment in a foreign currency, we will convert it into US dollars at a conversion rate that is acceptable to us, unless a particular rate is required by law. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest for Pay Over Time balances on your Account. Call the Customer Service number listed below for more information about this balance computation method and how resulting interest charges are determined. *The method we use to figure the ADB and interest results in daily compounding of interest.*

Paying Interest: If you have a Pay Over Time balance, your due date is at least 25 days after the close of each billing period. We will begin charging interest on transactions added to a Pay Over Time balance as of the date they are added. However, we will not charge interest on charges added to a Pay Over Time balance automatically *(for example, Sign & Travel and Extended Payment Option)* if you pay the Account Total New Balance by the due date each month.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more. To request a refund, contact us at the address or phone number as noted below for Customer Care & Billing Inquiries.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.
