Hello Miami! Give me a "C". Give me an "A". Give me an "N". Give me an "E". Give me an "S". What's that spell? CANES! You got it. It's football time again. Miami. What a city for football. The University of Miami Hurricanes. The Miami Dolphins. The FIU Golden Panthers. One of the mags said the Panthers are the worst football team in Division 1 football. Anyone want to bet they're wrong? We're betting the Golden Panthers are going to surprise a few teams out there. We're going to bet the Dolphins with new coach will be vastly improved this year. We're betting the Canes will be Number 1 and competing for the national championship.

Miami is a great city. Anyone lucky enough to score tickets for the MTV Video Music Awards? If you didn't, don't feel bad, Xcitement didn't make the guest list either.

Now that summer is over, it's time to take our gentlemen's clubs seriously again. No question about it, when it comes to all nude entertainment Miami is number 1 all the way. From one end of the town to the other, from *Scores* and *Solid Gold* in the north end to *Goldrush* in downtown to *Playpen South*, *Pony Tails* and *Goldfinger* when down south; from *Madonna* on South Beach to *Stonewall* in Hialeah and the *Pink Pony* west of the airport everyone takes it all off! We've also got *Bare Necessity*, *Bottom's Up*, *Porky's*, *The Alley Cat*, *Nice 'N Naughty* and a whole bunch more. What a city! Of course we're number 1.

We wrapped up the summer by attending anniversary parties at *Stir Crazy Cabaret* and *BT's Gentlemen's Club* on back to back nights. What a fantastic weekend that was! Then the Monday after we hopped on the jet plane to Las Vegas for the annual Exotic Dancer Expo. You can read all about the Expo and the parties in next month's Xcitement.

We have a new club in town. The name is *Hottie's Cabaret* and it's located on the Palmetto Expressway at 5325 NW 77th Ave. They'll be bringing in superstar Savanna Samson - but don't wait, check them out tonight!

Tootsie's Cabaret continues with it's never ending lineup of feature entertainers with a new one coming to town each and every Monday. You all know Tootsie's is moving on up to a bigger and better location. Everyone one asks us when. The best advice we can give you is to go to Tootsie's and find out. Besides, you don't want to miss out on the original Tootsie's. We wonder what Tootsie's has planned for the final night? What a party that could be! We get all Xcited just thinking about it!

Are you ready for some football ?!?! Finally football season is back and that gives all just one more reason to party at the many gentlemen's clubs in Palm Beach. The Dolphins have a new coach and hopefully they'll get back on track this year and judging by the these pics, the dancers in Palm Beach are already in top form!

The **Cheetah Palm Beach** just held it's Charter Member VIP party and it was tremendous as always. They are going to be throwing an NFL Kickoff party on Sept. 8th with Lexxus & Josh Cohen from WZZR's Home Team. You're going to want to be there. Cheetah PB is located at 3342 Shawnee Ave. #561.687.0600.

Diamonds Cabaret is now booking features to perform at the club every week and we had the pleasure of catching the lovely Brittany Love last month. The club has full liquor, full nudity and a huge stage for the features so everyone has a great view. Check out Diamonds Cabaret at 1000 N. Congress Ave. #561.687.4444.

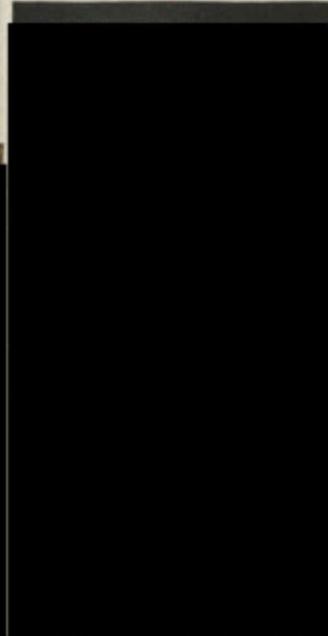

T's Lounge has long been the place to catch the top names in the adult industry. They have 18 feature shows every week Tuesday through Saturday. Their Bike Show/Poker Run will be held Sunday, October 9th so get the Bikes looking as good as you can! You might just win some \$\$\$\$. Check out the newly renovated T's Lounge at 312 S. Congress Ave. #561.471.9530.

Platinum Gold just held it's VIP Party last month to show their appreciation to all of their regular customers and if you like the NFL on a huge screen TV with buckets of beer and beautiful dancers, then get down to Boynton's premiere adult nightclub. Even better, if you're partying on Atlantic Ave. look for the Platinum Gold limo for a free ride to the club, free admission and a free drink! Platinum Gold is located 1.5 miles north of Atlantic Ave on US1. #561.369.0733.

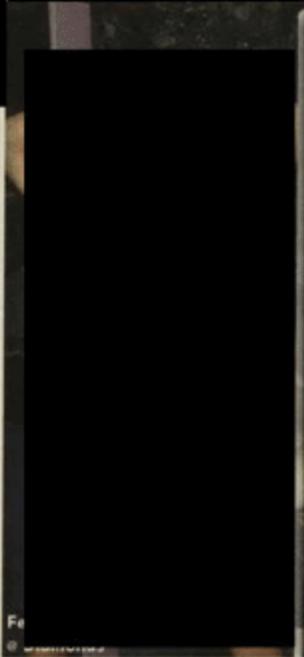

Platinum Showgirls is looking better than ever and if you haven't been there in a while, you're going to like what you see. The club features some very lovely dancers, great drink specials and a daily buffet. Day or night there's a good crowd on hand to take in the sights and when you get there, you'll understand why. Platinum Showgirls is located at 1115 N. Federal Hwy (US1) in Boynton. #561.734.8866.

She's a magazine model, a porn star, a writer, a director, a producer, a comic book superhero, a music video star, a "B" movie star, a radio talk show host, and a business woman. Whew. She's Taylor Wane.

Xcitement: Hi Taylor. Nice to hear your voice in person! I heard your voice in your movies, and it is hot! I thought you were hot, but I didn't know you had a hot voice too! Love that English accent!

Taylor: (Laughs) Thanks.

X: Who do people tell you that you look like?

T: Uhhmm. They say I look like a Barbie Doll. And I say no I'm so not like a Barbie Doll.

Because I am not fragile, or any of the things you perceive a Barbie Doll to be. I am an aggressive strong woman.

X: They say that because you look so perfect you don't look real; you look like a porcelain doll!

T: Well thank you. The advice I can give is to drink a lot of water.

X: Is that your health secret?

T: It is. I drink as much water as possible. It makes your skin nice. I've always drank it and I don't think I have had a pimple in my life. I have always been very conscious of what I eat and have been very healthy. I don't eat fried food...

X: Aren't you supposed to eat fish and chips in London?

T: You are supposed to eat fish and chips. But I never ate it.

X: Do you eat steak?

T: I've never had a steak in my whole life. I don't drink soda. So many things that people do, I just don't do.

X: Well it certainly works for you! You went from small town girl in England to a model then to a porn star/director/ writer/producer.

T: It's been quite a journey. I was originally planning on being a kindergarten teacher. I was always an over achiever. I am still an over achiever.

X: I can vouch for that when I see the promo package you sent me. Movies, comic books, bio, magazine covers, pictures, articles. Amazing! I usually have to do all the research myself on the Internet. You sent me everything! Thank you!

T: You are welcome! When I was in school I was really thin, my legs were skinny, people made fun of me. I was a huge eater. I would eat enough for a three hundred pound guy. But I weighted like sixty pounds. It was awkward at school. I didn't feel I was very attractive. Because all I cared about was doing the best I could in class. I didn't care about how I looked physically. So I didn't have a fancy hairdo. I didn't wear makeup. Where the other girls in school wore makeup and went to the hairdresser and dyed and colored. I didn't do any of that. I had a hard time getting boys.

X: Can you imagine now what those guys are thinking that were in your high school class?

T: What is kind of interesting is every once in a blue moon I will get an e-mail from somebody that was from my home town who realizes, because porn only became legal in England in the last two years. oh my god, that's a girl that I went to school with me. It's kinda weird because a couple of them say I would watch you all the time on the bus on the way home but I was too scared to ask you out. I always fancied you. And I think, huh? I couldn't get a date. I never had a date. Nobody was interested in me. It was kinda weird that the e-mail says I always wanted to go out with you. And I can't imagine who this guy was because nobody wanted to go out with me.

X: Obviously you grew out of your awkward stage!

T: As I grew up and when I was about seventeen, things started to develop. The boobs got bigger. I went to the gym and worked out everyday.

Somewhere along the line my Mom entered me into a contest and it changed my whole life from wanting to be a schoolteacher. I started modeling.

X: I read your bio and saw that you are friends with Glenn Danzig.

T: Yep. I did two video shoots for him.

X: I love his stuff. His music is all about women and devils.

T: In one of the shots it's really cool because my face is painted like a devil. I'm dead in the video too by the way. At one point my face turns into a skull, and then I cut his wrists with a knife and pull the blood out of his wrists. I said to Glenn, this isn't like Devil worship is it? Cause I don't do that. I did another one where he has horns on his head and I crawl up him. I've seen quite a few of his concerts because he has called me up and invited me to come see him play live.

X: We also have a mutual friend, Glorianne.

T: I love Glorianne. She's so sweet. I got to know her over the years because of Glamorcon, I did two movies with Glorianne for Cinemax, Breastford Wives and Sexy Will.

X: Cool. I watched Voluptuous Vixens 2 and big boobs are out Taylor. (Laughs)

T: They are not! Big boobs are in!

X: I was just being funny, that's a line from your movie.

T: This is nothing against girls with itty-bitty titties. I love all titties. I love women. I don't care if you have an "A" cup or a "C" cup, I will squeeze em if you let me. But I have to admit that I like them when they get to D and double D, then I get into a frenzy. I get obsessive, I love em. So for a while there, like four or five years it seemed like every movie I saw in a magazine that was being advertised, the girls had no boobs. They weighted ninety pounds and had no boobs. I said enough is enough. This is ridiculous. Where are all the voluptuous women? Where have all the big ass, big titty women gone? J.Lo brought the asses back and I brought the titties back and we're happy for it.

X: Do you have a preference of real boobs or enhanced boobs?

T: I love them all. To be perfectly honest, if they are nice, they're nice. Whether they are fake or real. If a chick has a natural set of boobs that are gorgeous I love em. If a girl has a set of enhanced boobs that are gorgeous I love em. I can't really say that I prefer one or the other. I love em all.

Voluptuous Vixens started out with all the girls being enhanced, but lately I am finding a lot of girls with natural triple D cups. And they have really beautiful boobies, and they're natural so I said vixens isn't just girls with enhanced boobs, they can be girls with real boobs, I don't care as long as they are nice big jiggly boobies that when they get fucked their titties are all over the place.

X: I watched number two it was really good. Are you doing number three?

T: I just started shooting number three. I just finished a scene with Brandy Taylor. She has gorgeous natural boobs. They are huge. She's a little hottie. And then I brought in Lisa Lipps because she is one of the classic big boob girls. So I am two scenes into it.

X: I watched two of your interactive videos, the French maid and the nurse. They were really cool. I got to make you come over and over again! I really liked

the speculum and the enema options. I've never seen that before.

T: I thought it would be a good idea to add some of the apparatus because that is part of the whole nurse fantasy to use that stuff. It was fun. I told the guy that was putting it in to be really careful. They are steel. Guys could get excited, so I told him to be careful. No jabbing here. The nurse was the first interactive I have ever shot and probably the hardest thing I have ever done. You have no idea how difficult it is to shoot an interactive.

X: Tell me!

T: It's really, really tough. And I shot another two and the girls were dying and I didn't even make them do as much as I did in mine. Because I felt almost like I was being cruel. Because you have to hold these positions for three minutes. Three minutes doesn't sound like a long time, but it is. Just say you are in the missionary and your legs are pulled back and you have to keep your legs wide open. You can't move because you can't get out of the camera's frame. So you have to stay in that position, and it really gets your lower back and your hips. So you do the nice, then you do the nasty, then you do the pop, so you are actually holding that position for eight minutes continuously. Most people think well I could fuck for twenty minutes, yeah but you move around, you don't stay locked in a position. It's really hard on the guys too; cause the guys have to lean back, get their head out of the way, and they can't look at the girl so they can't look at her to stay aroused, they just have to imagine that she looks good. It took two whole days of nonstop shooting. If you can imagine being fucked non-stop for ten hours a day for two days straight. I think I had to have three chiropractic adjustments after the shoot. And my chiropractor was trying to give me a deep massage to loosen up the muscles and he said to me "you are being a baby. It can't hurt this much." I said, "You fuck for twenty hours and see if your back doesn't freaking hurt!"

X: I have to say that during these movies, you have sex talk down to perfection. You have such a sexy English accent and sexy voice and you know exactly what to say. I didn't even listen to the nice version. I went straight to the nasty. You have a dirty mouth little girl.

T: I do, I have a very dirty mouth! As it happens when I lived in England I did do phone sex for about a year. I used to do

night shifts, start at 10pm at night until 7am in the morning. It was fun. It is something that just comes naturally to me. I get into it. I'm not afraid to talk dirty.

X: When you do phone sex, did you masturbate?

T: Yeah, sometimes I do because it really helps you get into the mood and the breathing and sounding erotic. If you are really touching yourself it's convincing because it's real. So when people would call me, they would call me back again and again. I've had people stay on the phone with me for an hour, two hours before. They are paying four dollars a minute.

X: You do custom videos too?

T: Yes. I've been doing them for years since the

1990's. I

don't have as much time to do them now. But there was a time when I did

ten a week. It's funny too, I could do three or four masturbations in one day and then do my web cam show. My God my pussy got so sore. It's true. I spent the whole day doing something with my pussy.

X: What is the oddest request you've ever got?

T: The things that are the least sexual are the strangest because you go, hold on a minute.

I hope this guy doesn't read this, but I did two videos for this guy. It's a close up with my

face and I had to make noises and say words looking it. He can't see my body. It doesn't

thing. He's looking at the shape of my mouth

X: You have a beautiful mouth. Do you have

T: I guess I would say a clothing fetish because

high heels, fem-dom clothing. Fem-dom clothing

turns me on. It makes me feel very sexy when

X: What is the wildest sex you've ever had?

T: I'm trying to think of which one to tell you

a teenager I went to Spain and picked up two

of them spoke English and we went to a nightclub

both fucked me in the bathroom. And then

to their place and I fucked these two guys and

It was the most erotic experience getting fucked

two guys and they were gorgeous young men

is one of my hottest memories.

X: What is the kinkiest thing you have ever

done?

T: Kinky always throws me off because

everybody's idea of kinky is different.

One time back in England, all these

things happened before I got into

porn. I knew this guy that was the

drug dealer in town, and I knew

him, not because I bought drugs

from him, I have never done

drugs. I went home with him this

one night. He was a kind of tough

guy. And when I took his pants

down he had on a garter belt and

stockings. So this tough guy is wander-

ing around town selling drugs

and all the time he is wearing a

garter belt and stockings under his

pants. So I am blowing him and all of a

sudden I think he ejaculates in my

mouth. And I think to myself this is

strangest cum I have ever tasted. And that's

when I realized he was pissing in my mouth

thought it was kinda cool. I liked it. Guys say

oh that is so gross that he was wearing garter

belt and stockings. But you know what, it didn't

turn me off. He was a handsome guy. It was

totally different. I think that might be consid-

ered kinky.

X: It is!! What is your website?

T: TaylorWane.com. And BuyTaylorWane.com

shopping site where you can order custom

outfits I wore in a movie, I have all my favorite

and my magazines. I am new celebrity editor

Beauties.

X: I love that magazine.

T: I love them. They are all great people.

X: I know them also, actually Dan Davis (Ed)

me to say something to you.

T: What?

X: Pomegranates.

SHE'S A COMIC B

T: Oh no. Not pomegranates.

X: I don't have any idea why I am supposed to say that...

T: Oh God! I showed Dan a video of a young lady who had a prolapsed rectum.

X: Oh no.

T: Yes, scary, and when it comes out it looks like a pomegranate. He forced me to give him the clip of it. He said it was like the movie "The Ring", he keeps leaving the movie for people to see, and it keeps coming back to him. And it's like watching a horror movie. Ya know once you see "the Ring" you die. It scorches your cornea. Once you see the pomegranate you die. I saw the pomegranate but I only looked at it with my peripheral vision. I warned him ahead of time that he had to look at it with his peripheral vision; cause a full on eyeball was too much.

X: Dammit Taylor, Now I have to see that clip! What do you have coming out soon?

T: Nasstoys is doing a signature series of Taylor Wane sex toys. It has a vibrating pussy and ass.

X: Is it yours?

T: Well it's not exactly mine because my ass doesn't vibrate. The toys are sometimes better then the real thing. I've got a hand held vagina. I've got an assterbater starter kit. It is a little set of toys for anal play. It's a starter kit for people who aren't ready to put a fist up their butt. And they can ease into it. I want them to also do a pair of boobs for me with a mouth right above them so you can fuck the boobs and the mouth. So it's titty fucking but it goes right in my mouth. Oh and I just finished the Seven Year Bitch and Voluptuous Vixens three will be coming out. And also I will be having a booth at the AVN show in January. I'm working on VOD right now too. My KSEX radio show is every Monday at 6pm PST (9pm Florida time)

X: I see you were recently on the cover of Genesis, and you have two comic books out too! You are a busy girl!

T: Yes. I am.

X: Do you have a message for your fans?

T: Keep watching me. Go on my website and read the free diary. I have a very exciting life and you can see it for free. And thank you so much for watching my movies and being a fan. I REALLY appreciate it!

MISS NUDE USA PAGEANT

THE 2005 MISS NUDE USA PAGEANT

THE GALLERY

DESOTO, ILLINOIS

Photos and text by: Trace A. Grundstrom

July 3rd kicked off the summertime festivities in Illinois, with the 4TH of July weekend and the 2005 Miss Nude USA Pageant in full swing. This year's location for the show of shows was the fabulous Gallery Showbar in Desoto, IL. Which has been deemed one of the wildest strip clubs in the state. One of the largest pageants on the circuit today, the USA's usually attracts some pretty big name features from the stage and screen. This year was no exception, with entertainers from all over the U.S. converging on the great state of Illinois, for a shot at a very coveted title. The only other titles in this league are: Miss Nude Galaxy, Miss Nude World, Deja Vu's Showgirl of the Year, Miss Nude International and Miss Nude Universe. That's the ceiling. You can't get any higher than that in a performance pageant. Why are these carnal cavalcades of confusion, comedy and curvy contortionist's so important to feature entertainers in the adult business? The answer can be summed up in one word: "Credits." Credits are the claim to fame of every feature entertainer and porn star. Feature circuit entertainers need exposure to become a household word, whether it is magazine credits, pageant credits or (nowadays) television credits. (I.E. Springer, Geraldo, Jenny Jones etc.) Porn stars collect movie credits, box cover credits, stage, magazine and TV credits as well. It's all about "What you've won and what you've done." And as they say in the business: "You're only as good as your last picture," which invokes constantly accumulating new credits to stay in the industry spotlight. This is how the booking agents gauge your popularity, as well as your show price and movie prices. The more credits, the more cash, simple. Hardly so... titles, magazine covers and box cover's are sought out by all, and can take years to gather. But many performers work at it every day, and move up fast. Others are not so lucky. So the bottom line is obviously "Competitive." When you are competing for careers and cash, it is a serious business. But, the sweetest kittens usually have the sharpest claws, and nobody enters a pageant to be a runner-up. But, that drama and dedication is what feeds competition.

Meanwhile at the hotel, the early birds that drove, lazed around the pool discussing strategies, but never revealing what their last and biggest show would be. The trust factor is very low in the competitive ranks of stardom. It seems that one never boast's about an up coming performance. Not only is it bad luck, but also it is also like tipping your hand at poker... you must never give an opponent the edge, or you're fucked.

Night one produced a standing room only audience down at the Gallery, with a line of patrons milling about out the door. They knew why they were here. It was going to be a melee of mammaries and a barrage of buxom booty, and probably the biggest pageant of feature entertainers ever to hit town. Backstage, contestants ran amok getting ready for their shows. At least a dozen flavors of perfume clouded the air in the performer dressing room. Props were inspected, music was selected and high-fives were eagerly accepted. On stage, the competition heated up, with shows gaining more momentum throughout the entire week.

WIN

As the final evening rolled around, and the house lights dimmed, every judge and spectator scurried off to their seats. I gathered my change off the bar, slammed back a tequila shooter and flipped Danny my favorite bartender a fin. As I fought my way back to the land of the living ringside, the first contestant hit the stage to roaring applause. And as they say: "The crowd went wild." Show after stunning show perplexed the room, with all eyes front and center stage. Many astounding sets were witnessed at the USA's. But alas, it was time to drop the Chalupa's, and pick a wiener!

Miss Nude USA's host with the most, "Icepick Benny" jumped aboard the Gallery main stage and began to read off the list of winners. And those winners were: In the Newcomer Division USA:

Best Face: Ginger Taylor

Hottest Buns: Kaydance Jones

Hottest Legs: Sunny Sunshine

Hottest Body: Ginger Taylor

Best Bazookas: Deanna Devine

Most Original Show: Kaydance Jones

Hottest Stage Personality: Sunny Sunshine

In the Specialty Division, we saw the enticing Mobile bad girl, Damien Davidson take the Most Original Show USA, while the groovy Miss Bunny snagged the Most Luscious Lungs USA title for her machine gun jubbies. (How'd I miss those, baby.) Newcomer USA was passed on to Sunny Sunshine. Best Face USA (giving, or receiving?) went to the luscious Serenna Starr, during which the Hottest Stage Personality USA award went out to the Dynamic Duo.. The Hottest Body USA was grabbed by the shapely Azriel Messier, as was the Hottest Buns USA slot. Hottest Legs USA was scissored by the awesome Miss Bunny. The candy-coated Miss Bunny also captured Performer of the Year USA and Miss Nude petite USA. Whew!

In the Top Title Division, winner of the Miss Nude Brunette USA title was Deanna Devine. Azriel Messier bagged Miss Nude Redhead USA. Lauren Powers and Gayle Mother took down the Miss Nude Blonde USA title. (The Dynamic Duo.) In the Men's Division, Desoto's own Benny Spiky took the Mr. Nude USA title, hands down. (No pun intended.) The Top Three titles went to the ultra Miss Bunny, who hooked it in as 2nd runner up for the Miss Nude USA, the awe-inspiring Ginger Taylor took the runner-up Miss Nude USA spot. And the winner of the 2005 Miss Nude USA Pageant is: Janet Reno.... not really. (tcha!) And the winner of the **2005 Miss Nude USA Pageant is: the sexy, Serenna Starr!** Serenna accepted crown and bouquet of roses, and proceeded to do her winners walk. And man, could she walk and walk... Congratulations Serenna!

Excitement Magazine would like to thank Ryan at The Gallery for being such a gracious host of this year's event. Special thanks to Joe and Rio Rivers, for inviting us down to Illinois for the gig. We had a blast!

If you missed this year's Miss Nude USA Pageant we should use your ass for a piñata. You missed an incredible event. Next year the promoters are using the new and revamped USA title, as Miss Nude United States. The old one shall be retired forever. I guess the Donald finally pulled the plug, and it's time to update the USA grand tradition. It still has the same great taste that won't fill you up, but with a whole new look! So until the next show rolls into your town, see you on the circuit! -TAG

**BENJAMIN & AARONSON'S
LEGAL XPERTISE
NATIONAL NEWS**

Benjamin & Aaronson represent many adult businesses both locally and nationally. They can be reached at 954-779-1700 for consultation. If you are an attorney or business owner and would like to contribute information to this column please call.

From August 2004 through August 2005, Jamie Benjamin had the pleasure to serve as President of the First Amendment Lawyers' Association (FALA). FALA is a national bar association with approximately 200 members who are lawyers from across the country and Canada that predominately practice in the area of First Amendment and adult entertainment law. For the last fifty years almost every case dealing with adult entertainment issues that has been argued before the Supreme Court of the United States has had a member of the First Amendment Lawyers Association arguing for the side fighting for freedom of expression. FALA holds two meetings per year where lecturers share with the membership the cutting edge of representing adult entertainment clients.

In the past year, Benjamin has hosted two meetings. The first in February 2005 was in San Jose, Costa Rica and the second was held in Santa Fe, New Mexico in August of 2005. It has been an absolute pleasure to work with some of the finest lawyers in the country and an honor to lead such a group of dedicated individuals loyal to First Amendment freedoms.

At the meeting that just passed, the topics ranged from defending an obscenity case to handling allegations of

money laundering and asset forfeiture. One of our members, Robert Corn-Revere of the Washington, D.C. firm of Davis, Wright, Tremaine, LLP told us a little bit about his former partner, John Roberts, the current nominee for the Supreme Court of the United States to replace Sandra Day O'Connor upon her retirement. Bob shared with us his optimism that John Roberts will make a fine Supreme Court Justice. Some of us are still very skeptical!

We have had several crisis during the past year. The Federal government passed new regulations concerning the 2257 record keeping and labeling requirements for sexually explicit material. These draconian changes to the regulations are next to impossible for producers to deal with and many of our members have participated in litigation going on simultaneously in Ohio and in Denver, Colorado which led to an injunction restraining the Federal government from enforcing these new regulations. Our membership has argued before these Courts that the regulations are unconstitutional and over burdensome. We are confident that many of these provisions will be thrown out by the Court.

The Justice Department has been threatening to prosecute mainstream pornography dealers, both on the inter-

net and nationally. They have hired hundreds of prosecutors and support staff in order to do so. The First Amendment Lawyers Association has prepared themembers across the country for any upcoming allegations of obscenity in Federal obscenity prosecutions and we are ready to defend the First Amendment constitutional rights of our clients against the right-wing fundamentalist Federal government push.

Jennifer Kinsley and Lou Sirkin of Ohio have successfully defended Extreme Associates in Pittsburgh, Pennsylvania. Judge Lancaster found the Federal obscenity law to be unconstitutional as applied to internet disseminated material. This was a huge win that we are hoping will be followed by numerous courts across the country and lead to vast overhauls of Federal obscenity laws.

The defense of the rights and constitutional protections of the adult entertainment industry as a whole are entrusted to the members of the First Amendment Lawyers Association. We all should sleep a little more soundly knowing that such a group of qualified individuals are there to fight to ensure that we can continue to prosper in the adult entertainment business and to receive and disseminate constitutionally protected material.

Mayhem <http://www.mayhemxxx.com>

Starring: Aurora Snow, Missy Monroe, Jayna Oso, Trina Michaels, Kelly Fuck 'n Wells

Sometimes white meat just isn't enough to satisfy sweet horny sluts who hang out with Aurora. In such times they have to call in the "Big guns," throbbing black thrusters built to bust holes. Missy is tired of waiting for her man to get out of the bathroom, so she invites the black motel attendant in to fill the time, and her sweet ass. Next Jana finishes telling her boyfriend what a stud he is over the phone, as she has a double dark duo waiting to give her the real spice of life. Aurora's boyfriend is caught up watching

basketball, so she figures he can watch a B. Ball player black ball her. Kelly Wells finds a rubber in her boyfriend's jacket, so she has her revenge by fucking a black man. Now that she had black, she won't go back. Lastly, Aurora joins Trina in a trio of toys and a black boy. Aurora directs, and produces this gem. It's one of the best interracial anal movies out there. Don't forget the special features; which include talent interviews, and behind the scenes.

First I'd like to thank Xcitement for bending me over and putting me in the position to write this review. Second I'd like to assure everyone, NO tissues were wasted on this movie. However, I did manage to soil a barf bag when I witnessed some of the "fruit" salad tossing which goes on during the film. Mercedes has the urge to take a walk on the bi side, and join our first two butt pirates in a jolly roger joy ride with her strap on. Next, Jen Padova meats a pair of sissy boys after she gets an explosive orgasm from one of them. I must say I was surprised he could fuck a girl after having a cock in his mouth. Trista Post fields the last scene with her rainbow bro's Giving them a strapping good time.

Starring: Jasmine, Jazmin, Lauren Phoenix, Katja Kassin, Sandra Romain, Lain Oi

John Dough Gathers up some snicka lickas in this interracial fuck-a-thon. First off we have the two Jisms, oops, I mean the two Jasmynes. I know they spell them both different, but who cares when their both sucking cock out of each other's ass. You'll forget who's who too. Next we have Lain Oi, dressed up like the "head" nurse there to give a little care to three black men. God I love them natural titties on this girl. You'll see why

she's the head nurse when she swallows those black swords down her throat. Katja takes on the team, dressed like a cheerleader. They give her an "A" alright, right up the ol' rectal highway in some awesome pooper pounding sex. We all know Lauren is not timid when it cums to taking black cock in the ass, but she does squirm a bit when she takes her helping of dark meat. Sandra puts the finishing touches on this one.

Decadent Divas XXVI

Feline Films Inc. <http://www.pussyman.com>

Starring: Jessie Capelli, Sarah Blake, Charlie Laine, Taylor St. Claire, Joelean, Katie Gold, Avena Lee, Sofia Sandobar, Trina Michaels

These divas are delicious, and as decadent as ever, dressed, or is it undressed?, in some awesome fetish wear.

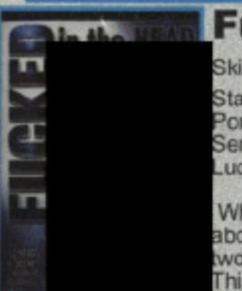

It's alright, those clothes don't stay on long when these dirty dikes get together. Four fabulous scenes which include female worship of their Dom's, followed by pussy eating the way obedient sluts suck. To end each scene, the toys come out in a lesbo-rama of tool ramming. In the first scene Taylor pairs up with Sara Blake, who proves to be a sweet little slave. Next is a triple taste of twat with Jessie, Trina, and Sophia. In my opinion, this is the best scene in the movie, but don't underestimate, the rest of the film which feature a scene with Katie Gold and her love toy.

The chicks are hot and horny, but the movie in a whole, is a bit repetitive, so enjoy it as eye candy for what it's worth.

Fucked In the Head

Skin Tight- <http://www.skintightpictures.com>

Starring: Nadia Sin, Gen Padova, Renee Romero, Joelean, Ashley Haze, Celestia Star, Serena Marcus, Desire Moore, Christy Lee, Lucki Chatsworth, Cherry Popins, Lisa Sparxxx

When I read the title, I thought it was a movie about my ex-wife. Boy was I surprised. This is two hours of twelve heads being skull fucked. This movie goes a bit further than your usual dick licking blow job film. This is the hardest of hardcore sluts literally choking on massive members. Each scene starts with two pole smoking sluts, who state their name, then get fucked right down their throats. All these girls suck and swap

spit like you've never seen. When the scene is over, you're left with two scum soaked whores heads, Skull - fucked well beyond recognition. This is one of those films for the fetish. You have to be into rapping faces to really enjoy it. Personally, I like to see more pussy in my porn. Too much sausage is not a healthy movie to me. You do see a lot of fine titties which might be worth the rental alone.

Girls Interrupted 3

DVSX <http://www.dvsx.com>

Starring: Jennifer Luv, Hillary Scott, Luiza Magnon, Erica Campos, Jennifer Siguer, Genesis Skye, Angela Stone, Finesse, McKenzie Lee, Scottie, Patience, Suzie, Paola Alves, Vanessa, Jasmin Castelli

When girls get together they have a tendency to play with each other. What could be better than that? ...Joining in of course! That's just what happens when these girls get interrupted by studs locking for some three-way, four some, or more some. Each scene starts with a seductive strip from the girls. Then after a little playtime with each other, in cums the cock. First we have Finesse, Genesis, and squirt sensation Angela. On a bed with glass toys, you can imagine these girls getting off. They're not done until the real thing shows up. That's when it really heats up. McKenzie, and Scottie are another one of the pairs who share. The final scene with Leah, and Hillary is just fantastic. Six scenes, fifteen girls, three guys on the side. Do the math, that's a lot of pussy to satisfy any shlong. Fun for girls too, check it out.

I Dig 'Em In Pigtails

Acid Rain <http://www.acidrainvideo.com>

Starring: Kat, Tianna Lynn, Jasmine, Jessica Sweet, Leah Luv, Avy Lee Roth

They just turned 18 and can't wait to try every heinous sex act they've heard about. Dress 'em up cute, bend them over, and away we go. This is as dirty as it gets. Quite amazing to see Lee Stone plug these little pigtailed hotties with his mighty member. Then to see Kat get corholed till her ass drips and gapes. This one is chock full of cock in ass and ATM's galore. Tianna Lynn performs her usual super squirting, in her scene with Leah Luv. Jessica has her sweet ass rimmed and reamed. Avy Lee gets more

than a mouthful of cock with two studs plugging away at her. Not to forget Jasmine, this chocolate cherry pie is the icing on the cake when she sports her facial. You get over two hours of young pigtail poon. Plus bonus footage, behind the scenes, photo gallery, and coming attractions to other fine Acid Rain productions. There's something for everyone in this gonzo, a great rental.

A Good Source Of Iron #4

Platinum X Pictures- <http://www.platnumxpictures.com>

Starring: Faith, Astrid, Peachez, Krysta-Lynn Lovely, Railee Dean, Heaven Tylor

Let's hear it for the "Iron Man", Brandon Iron Gathers up 101 sperm donors for these new cummers, or should I say: new cum swallows. First we meet the lovely Astrid. There she sits holding a martini glass, as the guys fill it up. She doesn't stop talking about her love for cum almost to the point where it's annoying. She does manage to stop talking long enough to drink every last drop. Next we have 19 year old Faith from North Carolina. This hottie gets plastered

with loads of cum, then is spoon fed the goo right from her face. After another scene with Astrid, and Railee, Faith cums back for a second helping, and for some ass fucking. Damn, this girl doesn't stop. If you like oral, this film is loaded with it. If you like girls who swallow, you'll have over two hours of pure enjoyment. This is a great rental, but don't forget to drink before you watch it.

Cum Swapping Sluts #8

Red Light District- <http://www.clubredlight.com>

Starring: Kat, Persia, Tianna Lynn, Stacey Cash, Piper Austin, Avy Lee Roth, Angelica Stone, Chanel Chaves, Nicole Brazzle

These girls are learning at a young age to share and share alike, well, like loads of cum. You get your fill of watching prime poon tang passing pop shots from mouth to mouth. It's like a sperm swap tennis match, which both girls win the cup. What a way to start a cum swap movie, with a couple of squirters. Tianna and Angela crave cock and get their fill of it with Joel Lawrence. I wonder who dried the couch after they were done. Persia and Nicole go at it next, sucking and swapping like it's candy. The rest is pretty much the same, two girls, one guy, all holes drilled, and thirsty mouths filled.

Lot's of super hardcore throughout the movie. With the DVD you get great boner footage, behind the scenes, and trailers.

Teen Power! 12

Kick Ass <http://www.kickasspictures.com>

Starring: Kinzie Kenner, Anna, Nadia Styles, Kat, Poppy Morgan

Five new 18-year olds with attitude. Teen Power is all about advice given to teens from slut teens. Poppy Morgan receives a letter on how to get out of a reality show. The advice is easy, fuck the camera guy, which she acts out with Lee Stone. I guess you can say "Poppy is well popped". She takes his massive meat in both holes, then sucks him dry. Next, Nadia Styles shows a student radio DJ how to fuck with the FCC literally. Anna fields the next letter showing seduction over a karate instructor. She shows the true meaning of "wax off". Of course

there has to be a letter from a bible toting Jesus freak against lesbians. Kinzie gives her advice, and shows that bitch how to fuck off. In our final scene, Kat shows how to deal with a secret service chaprons. This little asian girl looks so innocent with her pigtails and braces, you won't believe how well she ass fucks, and squirts like a fountain. A true Kick Ass rental.

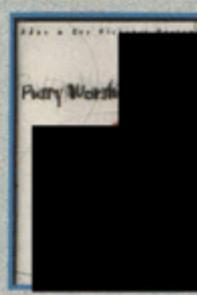

Pussy Worship

Adam & Eve Productions-<http://www.adameve.com>

Starring: Jane Darling, Angel Dark, Claudia Rossi, Sarah Blue, Veronica, Nelly, Niki Dark, Paloma, Lucy Lee, Nikki Sun, Claudia Adams, Sinitia Stone, Peach, Lea DeMae, Sunny

Adam & Eve gives you a hell of a lot of pussy to worship in this no holes barred lesbian lick-a-thon. You get twat teasing twosomes, tit tasty threesomes, finger fucking foursomes, and more. We start out with a true paradise, or is that pair-o-dikes, either way this clit diddling duo will be sure to drain your pipes. If you make it to the next scene, you're in for a five-way female feast. More taco than the Bell if you know what I mean. Toys and wats cum together in this shrine of snatch. A real treat for pussy loving perverts like myself.

You even receive two bonus scenes, behind the scenes footage, outtakes, and a photo gallery. That's enough porn to pleasure even the horniest of horn dogs. I suggest you stop off for an extra box of handy wipes before viewing this.

BENJAMIN & AARONSON'S LEGAL XPERTISE LOCAL NEWS

Benjamin & Aaronson represent many adult businesses both locally and nationally. They can be reached at 954-779-1700 for consultation. If you are an attorney or business owner and would like to contribute information to this column please call

Last month the City of Boca Raton passed a new adult entertainment Ordinance along with a dancer licensing Ordinance. While the ordinances contain a hodge podge of provisions that we have seen in numerous other ordinances, the circumstances surrounding its passage were a little bit out of the ordinary.

For one thing, for three days after these ordinances were passed, the Palm Beach County media kept playing up this story. A day or two maybe, but three days may be just a little excessive, but maybe not for Boca.

The real story was not that the city of Boca Raton passed adult entertainment ordinances. The real story was the fact that the Boca Raton City Commission had the opportunity to choose from one of two ordinances and the reasons and ridiculous rationale that they used to chose the one that they did.

The ordinance that they chose, prohibits total nudity, prohibits alcohol where there is topless nudity, and requires forms of topless nudity in non-alcohol establishments to be relegated to the stage. The other ordinance that the City chose not to pass, would have allowed for topless nudity where alcohol was served as long as it was confined to an establishment of considerable size, that had a full restaurant that could serve up to 150 meals at a time, and would also require valet parking. The differences between these two ordinances were simple. The ordinance that was passed by the City of Boca Raton will foster the lower end

type of establishment, the ones that can survive without putting in hundreds of thousands if not millions of dollars in decor, upgrades, ambiance, and of course the kitchen. Rather, even after having it explained to them by the City Attorney and having one of the larger land owners in Boca Raton speak on behalf of the ordinance that was ultimately rejected, the City Commission in their wisdom voted the otherway.

It was obvious from anyone sitting there, that the City Commission did not vote for what was best for Boca Raton or for the constituents. Rather, the councilmen were grandstanding to the media. Some of them actually gave their little speeches while looking right into the camera. One of them went as far as to start his speech as to why he was going to vote the way he was, by starting off with he doesn't understand how prisoners in Guantanamo Bay can deserve constitutional rights. Then he along with all of the other city council people spoke to the press by beginning with that they were not in favor of adult entertainment in any way shape or form and are only voting the way they are because they don't understand it, but the Constitution requires them to have adult entertainment.

Not one of the commissioners cared about the net results of their vote. They all were just scared of appearing to favor or be in favor of some type of adult entertainment.

Well, sometimes you get what you wish for. In the future there will be some adult dancing

establishments in Boca Raton. However, because of the City's myopic and shortsighted decision, they won't be places of elegance and they won't be large financial investments. Rather, they are going to end up being places that ultimately the Boca Raton City Commission was trying to prevent from coming in to their town.

On another note, by the time you read this article, summary judgment motions are due before United States District Court Judge Alberto Jordan in the case of the three adult bookstores in Miami-Dade County that are suing the county over the doors off booths policy. The essence of this case, is whether or not Miami-Dade County had sufficient evidence to show that keeping doors on adult viewing booths in bookstores causes HIV and other sexually transmitted diseases.

Lastly, and although not exactly local news, we are still waiting for the decision in Daytona Grand d/b/a Lollipops v. City of Daytona Beach. As you recall this is a case involving challenges to Daytona Beach's Alcohol Nudity Ordinance and General Nudity Ordinance. A decision in this case, could have great impact on the adult dancing world in the Eleventh Circuit, which covers Georgia, Florida and Alabama.

As always, we encourage other attorneys or other people to inform us of any adult entertainment or First Amendment issues that they believe that we should pass on to our readers. Should you have any news, please let us know.

Thursday August 4th, 2005-Internext time! Porners and XXX webmasters have been flying in and checking in all day to the gorgeous Diplomat Hotel. And we are lucky enough this year to be taking over the whole place. Many out of towners have already complained about trying to breath the wonderfully humid air and bear the 95 degree temps. Sorry guys. Welcome to Fort Lauderdale! It's actually amazingly beautiful here on the beach and the views are breathtaking, so are the girls running around! Biggest party tonight is at the Solid Gold strip club. My friend from Virginia, video reviewer for ADT, Ace Cartier (aka AC Cream) is there right now. He says the VIP room is rocking. There are free drinks for everyone. Tera Patrick is there, being sweet and friendly and looking sexy in her little black dress. Ace says that Evan (Tera's husband/Oz Actor/Biohazard musician) is a kick ass dude, and was nice as hell.

Friday August 5th-I arrived at the hotel, waited for my luggage to get picked up, waited in line for my badge, checked into the hotel, went up to my room and had my luggage delivered by the bellman. Ace came down to meet me and walk me to my room. All that only took thirty minutes! I was on the convention floor by 12:30.

Saw one of my all time favorite male porn stars at the PinkTV booth, Dale Dabone. He is going to be playing a vampire in one of their shows. I also got to meet Brittany Andrews. She is SO gorgeous in person, even better then her pictures. And so real and nice and natural, and funny. I could have this girl over for dinner with my parents, as long as I could keep her from talking about fucking guys up the ass! Dale saw a girl in the crowd that he thought was hot, named Laura; he tried to get me to go over and tell her that he liked her. Brittany said I should go over and tell her that I was Dale's pimp! And that he needed a date because he works so hard that he deserves a bonus. Since Laura had an older guy standing next to her, I figured it was her husband and I preferred to remain UN-beat up at least on the first day of the convention. Finally Dale caught her glance and mouthed, "you are beautiful". Dale then asked if the left hand was the one that you put your wedding ring on, because she had one. So my suspicions were correct, Dale was trying to get me killed and Laura was married.

I saw Carmen Luvana who was DOING Carmen Hart. Billed as a live sex show. Carmen was on the computer at the booth in the convention moving a dildo around that was in the hotel room along with Carmen Hart. Much better then cyber sex!

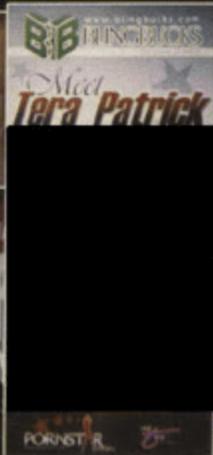

My bud Jen Worthington was looking extremely hot with her blonde on top brown underneath hair, super friendly smile and the happiest nipples on the planet. She was walking around with a bunch of website guys from Swank, lucky guys!

As this day's convention ended (I really don't like the reduced hours of 11am -3pm) I walked out by the pool and found a ton of cabanas operated as show booths giving away free drinks and items. Adam Barrish from Maxcash bought my very thirsty video reviewer Lenny a beer and gave us free DVDs.

Back at my hotel room (which is the base of operation) came Lenny, Ace, & Robert whom I feed chips, peanut butter and crackers that I brought from home. This keeps the free booze sopped up a bit.

After a few drinks at the hotel we decide to hit the Smoke & Mirrors party. Advertised as free food and drinks we arrive to some gourmet fare. After a trip through and eating a few munchies we ask for drinks to find that the DRINK available is a Mojito. Having never had one b4 I figured what the hell. My friend Nelson drinks them all the time and calls them liquid happiness. I took a big sip and swallow, and almost SPIT! This was really awful, but I figured after the first few sips it would get better, it didn't. That's just my opinion of course, because everyone in the place was drinking them and I was the only one I heard complaining! I saw an old friend that I hadn't seen in a while, Joel Lawrence. He has started a talent agency called Gold Star Modeling. (GoldStarModeling.com) We chatted for a while and I really liked his business philosophy, and the fact that he really cares about the talent and takes good care of them.

After gagging down my second Mojito, I started to feel the effects. I was a little spacey-er then normal, lol. And that's when I ran into one of

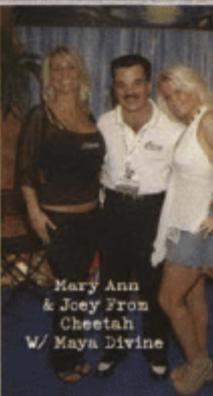

my idols, Ron Jeremy. He was nice enough to give me a few kisses while several people's cameras flashed. At that time I didn't care too much, but now... God I hope I can get THOSE pictures back before my husband sees them. Kissing Ron Jeremy? Yeah I think that's grounds for divorce. I crawled back to my room, vowing never again to drink a Mojito; those things really kicked my ass.

Saturday August 6th- Ace and I walked around the convention for a while. Jason at Pink TV was nice enough to secure VIP passes for Ace and my photogs for their huge party happening later tonight. So while the convention, wildness and parties continue, I headed home to start writing up my story... Ace will take it from here...

ACE: As Cindi was leaving Brittany Andrews came walking up. Brittany was wearing a sexy ass bright green outfit. The gentleman in me thought, wow, Brittany is pretty, but the perv in me was thinking Damn, I want to bend Brittany over this railing and fuck her brains out*. Brittany is one of the few Porn stars who are more impressive in person than they are on film. Brittany is hot on film, but she is breath taking in person. After Cindi's ride came and picked her up, Brittany and I spoke for a little while. Then I decided to checkout the cabana area. I saw Tera Patrick & Evan Seinfeld sitting with Joel Lawrence. I saw Carmen Luvana with her entourage. Later that evening, I headed to the Pink TV party. I was given a tour of their studios. The studios are still under construction, but from what I saw they are com-

ing together very nicely. Back at the party industry people had started to arrive. The Pink TV girls were there; hotties like Jenny Hendrix, Megan Jones, Veronika Raquel, Breanna Beach, Alicia Avery, and more. Also in attendance were Hailey Young, Evan Seinfeld, Joel Lawrence, Steve Javors, Nick Manning, and Dale Dabone. Once the sex shows started things got really crazy. The drinks flowed till midnight. Pink TV definitely threw one hell of a party. I hope this becomes an annual Internext event. I want to thank Pink TV for the invite and especially Jason at Pink TV who treated me very well. As if the party wasn't crazy enough my night only got crazier. To make a long story short I ended up in a hotel room with 2 hot ass naked chicks making out. Oh what a night, but that's another story...
