

that happen, ever. It really wasn't my fault, but I don't want to blame her either. She certainly didn't mean for it to happen. Let's just say that I came up with the concept that drunk people and fires don't mix that well. I don't know if I will ever do a fire show again. And if I do it won't be for a while. My burns are healing very nicely and I went to the doctor who gave me cream and she said it should be fine and it's not going to scar.

X: When did this all happen?

T: About four weeks.

X: I'm sorry. I was told you had this great story about your ass catching on fire, and I thought it was supposed to be funny. That isn't funny.

T: It's not too funny. But I probably made it sound funny, because people really freak out when they hear it. So I tell it in a humorous sort of way. I say, "I looked down and all of a sudden, Holy Shit, my ass is on fire!" It's not funny, but it is kind of

funny.

X: Well after you are all better, you will probably tell it funny.

T: And afterward everyone was saying here have a shot of tequila, have a shot, to try and forget the pain. By the end of the night I was shaking, I kind of went into a little bit of shock. I was lucky; it could have been my face or my hair. All those girls out there, be careful with your fire shows!

X: What is the funniest thing that ever happened to you when you were featuring?

T: Oh God. My girlfriend hates to travel with me. She used to call my Grace, because I used to be anything but graceful. A lot of people tell me I am graceful on stage but really I am a total klutz. Probably the funniest thing that ever happened to me was I was doing a kick and my shoe flew off and hit a guy in the face. He was laughing about it and I was embarrassed but it was funny at the same time.

X: What is the weirdest thing a fan ever

said to you?

T: A guy asked me if I would piss in a cup so he could drink it.

X: You should have said how much money do you have in your bank account?

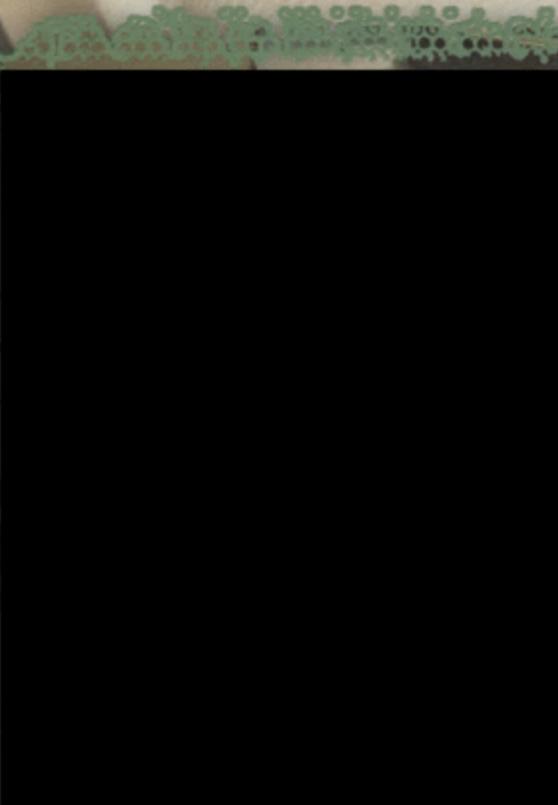

T: I didn't do it. It's a little out there for me. I don't put you down for it though if you are into that, that's great. Whatever gets you off.

X: What does your ideal man look like?

T: I've dated every type of archetype, they say there are 21 archetypes of humans, and I've probably dated one of each. From completely nerdy, the artist, the rocker, the athletic person. I'm very into fitness. I like a guy, he doesn't have to be huge or a body builder, but a nice looking guy that I can tell takes care of himself, that has a nice head of hair because I love to run my fingers through a man's hair. Beautiful eyes, piercing eyes are always a good thing. And teeth, ya gotta have a nice smile.

X: Yeah, it wouldn't be fun dating a guy with no teeth! (Laughs)

T: I've gotta tell you and I'm not going to tell you where, but I was just at a club where a lot of people were missing teeth. And I have to tell you I don't know how they walk around thinking that it's okay. It's NOT OKAY! I don't care if you get fake teeth; get something to fill those spaces! Oh my God, you don't have the nicest body, or nicest face, but if you have nice teeth I'll take

another look at you.

X: So to be Tanya's date, you do have to have teeth.

T: Yes, you have to have teeth.

X: Where would be your dream date?

T: I'm adventurous. I'd want to go on a safari or something. I love animals. Go experience something like that. There are so many places in Africa that are beautiful. I'd love to go there. That would be the place I would like to go on safari.

X: How often are you naked in public?

T: Most of my life. I try to be naked as much as I can because I love being naked.

think is beautiful about him, is his teeth. His teeth! Back to the teeth again.

X: Are you a porn star?

T: There's a big lie out there that I was going to go hardcore. That was put out by someone who tried to push me down that avenue. I love porn, I love to watch it. But it's just not for me to do. I did do some spice kind of movies. It's soft porn really. I only did that twice. One was a movie with Marilyn Chambers. Then I did one on my own that I actually directed and produced. I hired my own crew to come in and film it. I kept it very tasteful and it was all from my

X: Are you into any of this season's TV programs? Because they are all wrapping up this week.

T: I am a Desperate Housewives whore. I absolutely love that show. I also like Grey's Anatomy. And Lost, I love Lost. I don't get a lot of time to watch TV, but I try to tune in on my shows.

X: I like Lost. All the guys on that show are hot. They did a really good job casting it.

T: God bless them. I know I enjoy looking at them.

X: Is there anything else that we should mention to your fans?

lot of humanitarian things for the world. And Brad Pitt is just hot, and nice to look at. And one other guy that I think is gorgeous is The Rock. And you know what I

thinking it was me. I had to do a lot of explaining with that. My movie is "Tanya Taylor Raw" and it is done in a soft porn fashion.

near them. And thank the fans for supporting me and coming to see me and supporting me.

DR JOHNNY SAYS: Ok kids, this month I looked far and wide to try to get the PERFECT person to interview for you. I wanted to get someone special. I wanted to get someone sexy. I wanted to get someone red hot. I wanted to get someone that you would be so interested in that you just HAD to read this month's column! Over the last two years I have interviewed the biggest porn stars and magazine models but this time I thought about doing someone really special. So this month I chose...ME! That's right, fresh off of my appearance on the cover of the NEW TIMES magazine (along with the Smut Drs 8 page article) it's pretty evident: NO ONE is hotter than me right now! I know what you are thinking; "How can you interview yourself?" I guess this is one time when that bi-polar disorder comes in handy! Ha ha...For this interview, I separated myself into two different personalities. The good Dr Johnny (the interviewer) and the bad

Dr Johnny (the interviewee). We've all got good and bad inside us, I just let them out! Read on in amazement fuckers!

Good Dr Johnny: Hey you are getting a lot of main stream attention right now, has anything changed in your life?

Bad Dr Johnny: No nothing has really changed. I mean its pretty funny all the people that want to talk to you again after they see you on the cover of a magazine. I had 3 ex-girl-friends "suddenly" have the urge to get in touch. Where were you bitches 2 months ago?

Good Dr J: What do you say when they call?

Bad Dr J: I don't say anything. I just don't answer the phone. Fuck em!

Good Dr J: I heard a sex story about you and three girls one night in a limo on South Beach. Is it true?

Bad Dr J: You know the answer you dumb fuck...you were there. Although at this time I can not answer this question on the grounds

that it may incriminate me...I always wanted to say that!

Good Dr J: Ok, then any truth to the rumor that you were seen partying with a certain debutant at the MTV movie awards?

Bad Dr J: I was there. I was partying. I don't remember much after that. I heard I had fun though.

Good Dr J: I am starting to get annoyed with these answers

Bad Dr J: Yea well I am starting to get annoyed with you. I can hear you in my head all the time when I am doing shit. Its either; "Take your vitamins in the morning" or "Maybe you should wait for her to wake up before you fuck her". I am sick of your shit. Take a nap and let me have some fun!

You can see and hear a lot more from Dr Johnny on his radio show at www.smut-drs.com and you can e-mail him at drjohnny@smutdrs.com

DR. JOHNNY was "Examined" for this feature by "The King of Internet Radio", Dr Johnny of the Smut Drs. Now you can listen AND watch the SMUT DRS radio show 7 days a week. Just log onto www.smutdrs.com

**BENJAMIN & AARONSON'S
LEGAL XPERTISE
LOCAL NEWS**

Benjamin & Aaronson represent many adult businesses both locally and nationally. They can be reached at 954-779-1700 for consultation. If you are an attorney or business owner and would like to contribute information to this column please call.

Last month the City of Fort Lauderdale hosted one of those international gatherings that goes under some acronym none of us really care about. To get prepared for this meeting, police officers were summoned from other agencies to help bolster the Fort Lauderdale police who were expecting disorderly protesters. Yet, with all of its planning less protesters than were expected showed and these protesters showed no civil disobedience whatsoever. We are very fortunate, not to have a replay of what happened during the Miami Free Trade of America's conference where countless innocent people were arrested, injured and had their civil liberties taken away.

In other news although not exactly local news, the case is now in the hands of Judge Antoon of the United States District Court for the Middle District of Florida in the case of Lollipops vs. The City of Daytona Beach. Last month, oral argument was held in Orlando on this matter with Daniel Aaronson representing Lollipops. The reason why we speak about this case is that this might just be the first case that has gone to trial in the Eleventh Circuit which encompasses Alabama, Florida and Georgia based upon new standards of the law set down in Alameda Books and Peek-A-Boo Lounge.

Most of these cases usually get settled at summary judgment or at the preliminary injunction stage. However, this case went to a full trial along with written closing argument and oral argument as mentioned. The fact that Lollipops survived summary judgment in and of itself is a victory. However, based upon the facts elicited at trial, Lollipops does have a fair shot of showing that the Daytona Beach Ordinances did not further a substantial Government interest. Victory in Daytona Beach would not just be a victory for Lollipops, but would be a victory for all adult entertainment establishments in the Eleventh Circuit if not county wide.

Also, the case of the three adult book stores who sued Miami-Dade County to allow doors on adult viewing booths, is still going on. Interrogatories

and requests for production have been complied with by the stores upon the County's request. Depositions have been taken of some of the County's witnesses with depositions of the store's witnesses scheduled for the month of July. As this case progresses we will continue to inform you about the results.

LONG TIME MONEY AND LOTS OF COCAINE

Drugs and Murder- My buddy, Rodger Jacobs put out a new book on the *Wonderland Murders*, using actual court transcripts. Here's a quick Q & A with Rodg-

What made you want to put this book out?

There's a huge, cult-like audience hungry for information on the Wonderland killings. Like many unsolved murder cases, a lot of myth and conjecture has arisen over the years. With this book, those looking to devour more information on one of L.A.'s most gruesome slayings

are provided with an opportunity to hear what happened on that fateful night in July of 1981 through the exact words of those who survived: Susan Launius, the sole survivor of the attack; David Lind, the smooth-talking felon who was one of the trigger men in the robbery of reputed mobster Eddie Nash that preceded and instigated the slayings; and Tracy McCourt, the getaway driver for the Nash heist.

Why would people want to read your book? It's a compelling read because it's testimony in the words of those who were there. There's some interesting drama on the witness stand, for instance, between Lind and McCourt. Tracy McCourt is petulant and pouting over the fact that Lind was introduced into the robbery at the last minute and McCourt's gun was confiscated and given to Lind, hence McCourt's relegation to getaway driver and a smaller cut of the loot taken from Nash.

How did you get ahold of these documents? I have boxes upon boxes of documents that I acquired during production of "Wadd: The Life and Times of John C. Holmes" in 1999.

How does the actual transcript compare to the movie that they made about the Wonderland murders? A great deal of the screenplay for "Wonderland" was based on the court transcripts. More info at <http://www.lulu.com/content/130126>

Wanna go to REHAB? They said it would never happen! Actually, they said it should never happen. But, SkinTight Pictures has shot its 50th film, *Army of Ass #9!* To commemorate the occasion, SkinTight Pictures will give 50 lucky porn fans the opportunity to hobnob with the stars of *Army of Ass #9* during an all expense paid weekend at the exclusive and luxurious Oceans Rehab Treatment Center! "Most fans only get to see their favorite porn stars at conventions and store signings," explains Grip Johnson. "You have to stand in long lines and buy some shitty flick for 30 bucks. It's so impersonal. We wanted to give our fans the opportunity to hang out with porn stars in their natural habitat. So, rehab seemed like the ideal place to celebrate our 50th movie release." Sexy scratcher tickets featuring the likes of porn super vixens Victoria Sin, Keeani Lei, Annie Cruz, Celestia

Star, and Steven French will be included in random dvd copies of SkinTight Pictures' *Army of Ass #9*. To win, fans simply scratch and look for the word 'SkinTight'. 50 winners will be flown out to Oceans in beautiful Malibu for a weekend of coffee, cigarettes, and group hugs with the entire cast of *Army of Ass #9*. "It seems like just last month we were doing our 49th film," reflects Grip proudly. "Now, look at us. 50!

FROM THE TRENCHES

by Dave Cummings

What's up with the choking, slapping, spitting, and rough sex in some porn releases? And, those oral sex gagging! What's sensuous about it? What's sexy about it? What message might some viewers, especially guys, possibly/wrongly assume from seeing such aberrations in adult films and mistakenly rationalize it as normal or

OK, and later try to copycat it into their own sexual relationships? Now, I admit that I've heard lots of women on sets and in the swinging world comment about the joy and pleasure they get from being "taken", or "dominated", or made to "subordinate" themselves to the pleasures of their guy; I respect their choices and right to participate in such sexual practices, but I sometimes wonder if perhaps some of these ladies think (or were pushed to think?) that they truly enjoy handing over sexual control, when unfortunately some of them might possibly suffer from low self-esteem or some other disorder, or from a persistence from a husband/boyfriend who's seen such acts in some adult films and has pushed them into it. I think such women in society are in an extremely low percentage relative to females who might want just a good hard pounding during sex, or a good old-fashion sweat filled sex-fun time; or, women who want sex and love-making to be intermingled within their intimate and behind-closed-doors sessions with their mate. I'm worried, though, that companies highlighting such "rough" behaviors see enough patronage sales that they will continue putting out such content, possibly "raising" new viewers to expect their future sexual partners to welcome the fantasy depicted on film. Male teens growing into manhood and viewing such acts possibly don't easily realize that what they view on their screens are actors/actresses and consenting adults "acting" and depicting fantasy, not normal reality! I hope such releases aren't inviting, indeed pushing, future government intervention into our First Amendment rights. And, I certainly hope we don't have a terrible accident someday on a set and end up with a choking "act" mistakenly ending in an injury or death. If I personally could wave a magic wand, it would be for all adult video producers to cease depicting the aforementioned. As a viewer, I want to see sexy couplings that sexually turn me on, not unrealistic physical acts of an almost-violent nature that disgusts me, as it probably also does to many other viewers and potential customers.

What I opined above has been on my mind for a long time. I've anguished over it, and I hope that things significantly improve. What's been released in the past hasn't been unlawful, but I also worry that some of it hasn't been very responsible either, or good counsel for some impressionable viewers. I think our right to free speech also encompasses a responsibility on our part to foster good, respectful, and proper behaviors. Just like it's wrong to falsely scream "fire" in a crowded theater, I feel that it's wrong to portray sexually aberrant depictions as anything but abnormal fantasy---NOT reality!

Speaking of our right to make and view adult films, the recent Free Speech Coalition's annual lobbying seminar and appointments with legislators and staff personnel at the California Legislature in Sacramento was another resounding success. The Free Speech Coalition officials are super-smart folks, dedicated to head off potential problems before they become law. The four Industry folks on my team, including actress Inari Vachs, found that we were truly welcome in the legislator's offices, not just tolerated. Heck, it seems that even Government people have the natural, normal, and healthy sexual needs that the citizenry has! Along with a plethora of Industry personnel, the other actresses on teams addressing issues with legislators included Nina Hartley, Stormy, Sunny Leone, and Brittany Andrews.

Lots of shoots this past month! I especially enjoyed Wildlife's "Screw My Wife, Please, Vol 48" in which I got oral sex from each and every wife in the film. Yup, I'm a pervert! I'm hearing that Vol 50, which will be filmed the month after next, will be especially sex-filled and special. I think getting to 50 volumes is quite an accomplishment, and a special salute to Director Bobby Rinaldi; I look forward to working towards 100 volumes of it!

I wish a super-nice summer for everyone, one filled with happiness, good health, and great SEX!!!!

THE PIPELINE

by Rog Pipe

Hey everyone. Is it as hot where you are as it is in So Cal?

May brought us the adult expo in New York City and June features the three-day Erotica L.A. With more and more of these industry events popping up throughout the year, fans should be able to see their favorite

cock suckers....errrr adult film stars without having to come to Vegas in January. Since the XRCO Awards has actually been moved back to spring we can officially close the book on the 2004 awards season before we officially enter the second half of 2005. It would be nice to get these things done before it's time to start compiling lists for the New Year.

It was a very good month for Seymore Butts. As his successful show "Family Business" wrapped up season three, Showtime announced that they would pick up the reality-based program for a fourth season. The good news comes at a time when the ratings for "Family Business" have never been higher.

Thomas Zupko didn't need to be a free agent for long before landing a big time job. The award-winning director has been chosen to direct flicks for Hustler. He will be back doing what he does best, shooting features for the first time since his ground-breaking "Opera" was released by Elegant Angel. Working under the VCA label for Hustler, Zupko will release his first movie "Butt BIASSted" later this summer. In addition to the features, Zupko plans to shoot gonzo for Hustler's other lines to spread his talents around. In a related story, the award-winning director has coaxed one of porn's hottest babes back in front of the camera. Filming in early June "The Obsessions of Avy Scott" will star the busty babe with the killer butt in a number of scenes. Zupko was mum on the details, but knowing these two, it is bound to be something magically Ass-licious.

If the last story and history mean anything at all, Kami Andrews may have a future at Hustler. Like Zupko she worked for Extreme, though her tenure there was brief. Unlike Zupko, Kami looks good in a thong, but that's another story. Now she has signed on to be the newest director for Elegant Angel. Known for her high-energy scenes Kami is the kind of girl who can get the most out of female talent. Not one to take the easy way out, Kami plans to do the hard work required to produce a high quality stroke flick. "A lot of companies take a porn starlet and slap her name on it as director to move product," says Kami. "Elegant Angel is not one of those companies. They have met with me to try to understand my vision and even requested a sample scene to make sure I wasn't just talking the talk!"

Vivid just keeps adding names to their roster. Their latest contract girl is brunette model and Penthouse Pet Sunny Leone. The twenty-three year old beauty was born in Canada and is the first Vivid Girl of Indian decent. Though Sunny has been doing adult modeling since she turned eighteen, this will be her first foray into hard-core sex on camera. After five years as a very popular model Sunny wanted something more. "I wanted to sign with a company that would really help me advance, so I chose Vivid to help me take this big step in my life because you only get one chance to make a debut," says Ms. Leone.

Finally friends I leave you with the two most compelling questions in Porn Valley this month. Where are the Kerkoves? Is Teagan Pregnant? The first is a somewhat disturbing situation that has blossomed over the past few weeks. It seems that no one had heard from either Skeeter or Bridgette in a few months. Their usually active web site and Yahoo group have gone quiet and no one can explain it. Hopefully they are just taking a well-deserved break from the busy schedule and enjoying the family life. As for Teagan's possible pregnancy, there isn't much word there either. No one will confirm or deny the existence of a child so we're left with all sorts of wild rumors about who the father might be. I hate to speculate, so we can just let the silence speak for itself for now.

Late breaking news: I just got word that Sin City and Aurora have parted ways. Sin City announced the end of the two-year relationship in a press release that also indicated that Shay Sweet's contract has not been renewed. The move puts both women on the market and leaves Aurora free to work for anyone she pleases. Shay will still work with Sin City on a project by project basis, but there is no indication that we will see Aurora in any Sin City or Mayhem movies again. (Until the comps start coming out anyway.)

Dave Pounder Hard at Work

Dave Pounder Productions <http://www.dave-pounder.com>

Starring: Alexis Malone, Crissy Pureheart, Joselyn Pink, Cherry Lane, Joelean

The cover says: "Crazy, fun, college, sex, that will make your girlfriend want to screw you". 0% anal... OK Dave, What can I say?, It works! Within minutes of watching this, I was face down in a damn sandwich, licking the boat captain. Then, she fucked my brains out (which didn't take long). The fact that she was screaming "Give it to me DAVE", just made me spank her ass a little harder.

This movie picks up where Dave's first movie left off. Dave is looking for a job, and finds interest in the pizza delivery business. Dave ends up fucking the delivery girl, customers, the manager, then the health inspector. Like the first one, this movie is a trip. I never went to college, but this film makes me wish I had.

The DVD extras have sound bytes of Dave's radio show, talent interviews, and out takes.

Chloe & Rose: Fucked up Adventure

Chloe Jones- <http://www.chloejones.com>

Starring: Chloe Jones, Rose, Paula Rio, Katrina Beach, Anita Keys

More like Chloe & Rose fucked up and made a movie. The box says: "Chloe Jones travels the world with Rose". They go to Rio, that's it! I hate a misleading cover. Especially one which turns out to be more reality shit.

The lesbian scene is good, at the very least. The rest is your typical reality fuck flick. I do wish this reality kick will be over soon, so we can get back to fantasy movies where secretary's are fucking their bosses, and the paper boy fucks the neighbor's wife. Until then we have to put up with shit like this.

A la mode... more like "A la LOAD", especially with Cythera, squirting so many times I lost count. I could only view from her gaping ass. You also get your choice of silver, or gold. Julie Silver takes two helpings of cock, and Katie Gold delivers an ass pounding performance. Let's not leave out Jane Darling, who has her double dose of dong. I guess Jane's addiction is cock.

Just the right amount of hardcore, and the perfect cast of sluts make this a must rent.

Aftermath - DVD

Vivid DVD- <http://www.vivid.com>

Starring: Briana Banks, Evan Stone, Nicole Sheridan, Kimberly Kane, Lezley Zen, Randy Spe

This one is about as far from reality as you can get, and I fucking love it!

Debra (Briana), and Mitch (Evan Stone), are a couple who have been together for a long time without having sex (No reality there). After viewing cheesy, outerspace porn, Mitch breaks out the old space helmet and gives Debra a taste of his light saber. Debra, feeling upset for giving it up, leaves to stay with the neighbors, who turn out to be aliens. They lock her in their laundry room, where she is aroused by the vibrations of the washing machine. Before long she gets a real taste of space from the couple. ...Meanwhile, Mitch has to resort to a hooker to replace his lost love. When Debra goes back home they live happily ever aftermath.

Off the wall, and off the hook, Briana, herself says: "I haven't been in a more bizarre feature". Hardcore sex, a storyline. I was in heaven viewing this, after the reality hell this month had to offer. I'm back to the tissue box for this.

Looks like Dave is bringing nymphos to their knees in this super suckfest. Oh, it's not just oral, Dave makes sure he pops in a few money pots while he's at it. When I grow up... well... older I want to be just like Dave. He sets up mirrors, in all angles so you get the feeling you're right there in the action. You also get to hear Dave's comments during the sex, which is a trip. This is as raw as you can get with fresh new talent that Dave rounds up in his harem of whores. Out of the ten I think

Dalny was my favorite, her skinny waist and huge tits made me shoot my spunk before Dave did. It's Ok, I was still erect for the following scene, which was just as hot. This movie gets right to the thick of it, no extras, just play, or scene select. Good stuff.

Forgetting The Girl

Team Legend - <http://www.legenddirect.com>

Starring: Jenaveve, Isabella Supprano, Tory Hailey Paige, Missy Monroe

This is the story of a man who is possessed by the memory of his ex lover. He confides in his priest, who shares stories of similar situations in order to help him. It kills me to rip into this one being a huge fan of Nelson X, and Jerome T. but I must speak my mind. First, if you're cat feature, in which the star has a thick accent, overdub the voice or use subtitles, I couldn't stand a fucking word he said, I had to watch the god damn movie three times, it's a good thing the women are fucking hot or else this would have been a nightmare. Second, it seems this plot is old hat, which I can't believe was written by Nelson. I know it's difficult to write a blockbuster every time, but this was not even in the same league as his other stuff. The way to watch it is: Turn off the sound, skip straight to the sex, and make sure you return it on time, cause it's not worth the late charge.

Finally, a reality porn worth the rental. This is a road trip every pervert has dreamed about. You are sure they are not the first to accomplish such a daring display of monumental sex, but you are sure as hell are the first to get it on the shelves of the video store. Director Dave Road's vision was to find two willing participants, and camera people, who did not know each other, take a road trip from the South Western United states, to the furthest North Eastern state, fucking at the most popular landmarks on the way.

Katrina is a little slut from Clearwater Florida, and Jack is a construction worker from Philly. They are the two chosen ones. Their first exhibition is at the famous Hollywood sign. Security cameras, and tourists can view these two at any moment. What a rush! I'm not gonna bore you by writing each landmark they stop at, but I will tell you to check it out for yourself. I must say "Congratulations to Dave" for bringing his vision to life, and for accomplishing one of my dreams of a real sex road trip.

Next, Jessica Dee proves to be a true turdhole trooper by inserting a big black simulated shlong in her ripped open rectum. Brandy Lyons is one of the queens of anal gape, which is seen in great "de-tail" in her scene with Michael Stefano. Watching her little body get so much cock is absolutely amazing. Bishop, as a host he's very entertaining, but no originality what so ever. I'll tell you about the dates. Our first couple goes to the beach, then

to dinner (More originality!). The second couple take Karate lessons, then a body rub, and end up in an oriental hot tub. The last date is horseback riding, hula lessons and dinner. A quick chat with the director Latinas Sabrosas, Drew Rose.

By Cindi Loftus

*How did you chose the actors/tresses?
(good job,they are hot)*

These are actors I've used or seen in previous productions. We wanted them to look good and speak the part.

Will there be an LS #3?

Should be out soon. However I only directed a few scenes before leaving the company.

What is the funniest thing that happened while making the movie?

There was a scene with actor Jana Oso and Otto Bauer. Otto was smoking a cigar playing the role of a wealthy Mexican playboy of-a-guy. He was fucking Jana from behind and got carried away with his passion and put the cigar out on Jana's butt.

This is basically a gonzo movie wrapped in a little story line. I enjoyed that. Where did you come up with the idea of a wealthy tilla factory owner?

Very last minute. We wanted it to resemble perhaps a cross between a mexican soap and a saturday night live skit.

In my opinion, Jana Oso has a perfect toned body, and her scene with was the hottest one in the movie. Do you agree?

Jana Oso is so hot that I got wood watching it from a monitor. Her partner - otto Bauer also knows how to deliver. I knew casting them together would be my hero scene. Jana's just as beautiful in person too.

The dual language movie is so perfect for my market in South Florida where we have a large latino base.

That's exactly what we were targeting when we made these movies. I've seen other movies where they have tried to do the same but maybe used unattractive people with little production value. We felt that there is a huge market for this kind of movie and wanted to put our best foot forward. It's been successful.

I've asked some of my Spanish friends what "sabrosas" means, and I have heard, delicious,flavorful.. What is your definition?

We came up with the title by asking the Dane production shipping staff (all mexican) to give us some sample titles. "sabrosas", I'm told means - juicy!

PRISONER

Best Feature (so far) of 2005

CalVista

Directed by DCypher

Starring- Britney Skye, Justine Joli,
Nina Hartley, Hailey, Violet Blue,
Randy Spears, Barrett Blade, Tommy
Gunn, Steve St Croix, Steven Austin

I have this horrible habit of putting off my required movie watching until the last minute, which often results with my feature film viewings taking place when I first wake up in the afternoon, oops, I mean morning, before breakfast even. Sometimes it's tough to pay attention when your eyes are barely open, and your stomach is growling but that was NOT the case when I pushed in Prisoner and hit play. From start to finish, it's simply a great flick. This is the kind of movie, (and I don't remember EVER saying this before), that if there was NO sex in the movie, it would still be worth watching. AND the sex scenes are hot enough to stand alone, if this was a gonzo without a plot. These two instances don't happen often enough in x-rated films. But everything cums together perfectly in Prisoner...

Ya gotta love a porn movie that starts off with a disclaimer stating that they do not support the use or sale of illegal drugs. All drugs are only props. Well the actors certainly LOOKED like they knew what they were doing with the heroin, pot, pills, coke etc..., that was some GREAT acting!

Brittney Skye is so perfectly cast as Charlene, the trashy misunderstood delusional drug addicted hooker, (and I mean that in a good way!) I actually

Story By C

believe her when she says in a letter to her daughter "Your father was killed in an accident." Of course Britt fails to mention that she was robbing the father and it was her boyfriend that held the gun. The fact that she was screaming, "Kill the motherfucker! Shoot him!" had NOTHING to do with his ACCIDENTAL death by bullet to the head. When we first hear Brittney's prison letter to her daughter shown against the actual deeds, the difference is subtle, as the movie moves on though, we become more and more aware that this self-centered guest of the state is totally clueless as to what really went on in her own life.

This movie is filled with drugs, sex, violence and crime. I LOVED IT! Director DCypher holds nothing back, and he worries not about offending, or pissing off the establishment when he shows us raw images- Brittney pimping herself out to pay for her boyfriend's and her drugs; Brittney taking an over dose and slitting her wrists; Brittney declaring the unfairness of the system and that her black public defender is a racist. And did I mention that there is a totally non-PC catfight between two girls wearing white wife beaters and no bras? This movie is an original. Everything about it is good. The writing, acting, directing, camera work and editing, even the freakin' sound effects are top notch.

Sorry I got carried away; I don't want to give away the whole plot! I'll tell you just a little about the amazing sex scenes. Picture this- Nina Hartley naked in a prison shower dominating Justine Joli. Sound hot? It was. DCypher says, "Nina has a huge fan base and I thought she would make an excellent prison dike." And she did! How about Brittney making it with a prison guard played by Barrett Blade and

PRISONER

then killing him a little while later by slitting his throat? Sick? Twisted? Shit yeah! And then at the end of the movie we finally get to meet Brittney's daughter and you know what she's doing? I'm not gonna tell ya! Get Prisoner. It's one of the best feature flicks this year, "bar" none. (Bars, jail, get it? Yeah corry ending, I know but I couldn't resist)

I talked to Director DCypher about his flick, which will have just hit your store shelves when this story comes out.

Why did you want to make this movie? I wanted to make something sad but very good. I tend to go for the darker element. I wanted to do a movie the way I wrote it. I wanted to make the story the way I saw it in my mind.

Were you or Metro worried about the crime and drugs and violence portrayed? Metro wasn't concerned about it until they were edit-

ing. But I shot three or four versions so we would have no trouble putting it on cable. The "coke" that was snorted was actually B12 powder.

What was the funniest thing that happened? We were filming Hailey and Tommy doing a reverse cowgirl on a table in the prison laundry. Hailey was going at it and then the legs of the table kicked out and Tommy landed on his back and Hailey was still fucking him. It was pretty funny.

Any crazy stuff happen while you were filming? Well when we did the scene with the broken bottle where Britney holds it to Barrett's neck, she stabbed him in the neck with the jagged edge. There was blood coming out. And I said this is some realistic footage, but we aren't trying to make a snuff movie here. Barrett deserves some hazardous duty

pay. I don't want people to start thinking that working for DCypher is dangerous! (Laughs)

I don't want to swell your head up D, but I have to say that this is the best feature film I have seen this year. You did a great job with Prisoner and I really think you are going to be up for a lot of awards. And I think Brittney should get a best actress nod. Well thank you. I have been in this business for eight years now and it's really nice to have people appreciate what I do. But this movie was a team effort. We all worked on it together, and it wouldn't have come out as well without every single person who contributed. They deserve a lot of the credit.

Wow, a great movie, written and directed by a humble guy. You gotta see Prisoner. I watched it twice!

ADIEU, MES CHERS ESCLAVES

By The Supreme Mistress Goddess Erica

I watched you silently the other day while you diligently applied a bright crimson polish to My toenails. Your head was bent over and your breath caressed My toes as you painted each one so carefully. Your hand trembled, as it did the very first time you served at My beautiful feet. Do you remember how you worshipped them so lovingly? You kissed and sucked and licked each individual toe as though it were a tiny cock. You licked the length of each sole and worshipped the arches and ankles for an hour or more. You were so enthralled with your fetish.

Do you recall that I placed a collar around your neck and attached a leash? I led you on a crawl around My dungeon and out into the dirt of My patio. You were naked and the stones were merciless to your knees. You followed Me, regardless of your pain, your eyes riveted on the dance of My gorgeous Goddess butt. Inside again I had you lick the dirt from My feet. You were so grateful for each particle of earth swept by your tongue. You washed My feet gently with soap and water, applied a lotion and gave them a long leisurely massage.

You were such a good slave. You played your role so well. You always made Me feel like a Queen. And now I bid you adieu, mes chers esclaves. Adieu.

I had a number of boys like you who devoted their lives to making Me comfortable and happy. You washed My car and landscaped My property. You went shopping at Publix each week and fetched all My groceries. You chauffeured for Me and cleaned My toilets. You took Me to the movies and to dinner. I humiliated you at public restaurants. You dressed in high heels and a tight dress over your masculine body. You were so obvious despite the long dark wig and face makeup. You served Me and knelt at My feet beneath the table kissing My shoes while I ate slowly. The other diners craned their necks to see our little show and they giggled at your public degradation. But you didn't care because you loved Me and you tolerated anything to be with Me.

You were such a good slave. You played your role so well. You always made Me feel like a Queen. And now I bid you adieu, mes chers esclaves. Adieu.

After dinner we stopped in for a few drinks and some fun at Cowboy Jack's BuddyHole Shack. You were quite the attraction when you strutted precariously on your heels to the ladies room to freshen your lipstick. One of the boys at the bar yelled, "Hey, that ain't no lady!" and every one laughed. Then I pimped you out as a whore to the rough trade. One by one, then two and three at a time, the dock workers and construction guys, black and white, took you back into the ladies room where you got down on your knees to suck their cocks. They showered your face with cum. Your stockings were quickly ripped at the knees and your lipstick smeared around your mouth. I made you put on more and more whore lipstick. Between blowjobs you knelt and kissed My shoes, thanked Me out loud and begged for more cock. You were an insatiable cum slut.

The boys wanted to fuck your ass but I protected you. I saved your ass cunt for the ravages of My dildo later that night and well into the morning back in My dungeon where I

raped your sissy asshole repeatedly. I fucked you on the floor. I fucked you over the bondage table. I fucked you on the bed. Your ass was sore and bleeding. But you never cried. You loved it too much. You were a magnificent sissy slut.

You were such a good slave. You played your role so well. You always made Me feel like a Queen. And now I bid you adieu, mes chers esclaves. Adieu.

Often I had the urge to punish you. You were aware of it before I was. You would catch a fleeting glimpse of evil in My eyes and you would shudder from the coldness of My desire to hurt you. But you would submit, willing to bear any pain for your beloved Goddess. I cuffed your wrists in front and pulled your balls through your thighs and clamped them in the Humbler. You were forced to shuffle about in a bent forward position because the polished wood frame held your testicles and pressed tightly against the backs of your thighs beneath your buttocks. I clamped your nipples with cruel clothes pins and attached a chain and leash so I could lead you around the dungeon.

What a parade we made - I, serenely naked with My whip and leash in hand and you defenseless naked and hobbled by the Humbler.

You were such a good slave. You played your role so well. You always made Me feel like a Queen. And now I bid you adieu, mes chers esclaves. Adieu.

I tied you to the punishment frame. Your arms high above your head and your body bent forward. Your poor balls were exposed between the backs of your thighs.

You begged for mercy and you screamed when I struck your balls with My whip. Did I ever tell you how wet My pussy became when I punished you? Your pain made Me so very, very hot. I hit your balls repeatedly. You cried and begged. Tears ran like rivers down over your cheeks. The mascara smeared and you stumbled on your high heels. As usual, I had no mercy. I relented only when your balls turned black, blue and purple from the bruises.

Then I fetched a thick, inflexible cane and laid it soundly across your defenseless ass. Your head jerked up and you screamed again from the shock. I laughed and felt warm moisture between My thighs. I cracked you ass again with the thick cane. And then again. No mercy for My prisoner. I felt like a predator jungle cat as I paced behind your quivering ass and aimed another strike with the cane. A carefully measured blow. And then another! I rested and listened happily to your sobbing. I ran My fingers over your ears, down the muscles of your back and across the welts and cuts on your ass. You shivered at the sensuous caress of My hands. I stuck My tongue into your ear and blew into it. Your cock was so hard. Your passion for Me betrayed you again. You were so addicted to Me. I finished you off with a thin, stinging cane. I criss crossed the thicker stripes with thin welts. You danced unsteadily in your heels at each bite of the cane.

You were so helpless and so much in love with your Goddess. They were almost unbearable - your pain and your love, both.

You were such a good slave. You played your role so well. You always made Me feel

like a Queen. And now I bid you adieu, mes chers esclaves. Adieu.

I released you from the punishment frame and removed the Humbler. You were so grateful for the relief from pain you fell to your knees and rained kisses upon My feet.

I attached the leash again to your neck collar and lead you into the shower stall. On your back against the cold tiles you looked up as I squatted over your face and let loose a stream of golden piss. "Suck it all in, bitch!" I commanded and you gulped desperately as My juice hit your mouth. Sometimes a river runs through Me and the stream seems endless. It was more than you could handle, of course. The yellow nectar splashed over your face and chest, down your heaving belly and bathed your groin. "Let Me see you jerk your cock, bitch. Jerk off for your goddess." You gripped your dick and yanked it feverishly, anxious, desperate to cum. The fountain of pee slowed to a trickle as you were about to ejaculate. Cruelly, I stopped you, and told you to shower. You were terribly disappointed, but you stopped. Your engorged cock trembled and remained rigid all the while you showered obediently.

You were such a good slave. You played your role so well. You always made Me feel like a Queen. And now I bid you adieu, mes chers esclaves. Adieu.

When we were both dry, you lay on your back on the rug and once again I squatted above your face. This time I lowered My beautiful naked ass onto your mouth.

For a long while you kissed and sucked My delicious ass hole. Your tongue licked and probed into My sphincter. I held your cock, caressed it, rubbed My hand up and down the hot shaft and felt it throb in My fist. So big and hot. You moaned and then screamed deep into the megaphone of My ass cheeks as your cock erupted smoking hot white cum.

Then you fell back spent and contented as My butt engulfed your face.

You were such a good slave. You played your role so well. You always made Me feel like a Queen. And now I bid you adieu, mes chers esclaves. Adieu.

Now I am off to a new life with my family and my lover. I am retiring after fifteen years or so as a dominatrix. I will no longer take appointments for live sessions. And this is my last column for Xcitement Magazine.

Thank you for all the lovely memories and the good times we had together. I will miss you. I hope you will miss Me as well.

You were such a good slave. You played your role so well. You always made Me feel like a Queen. And now I bid you adieu, mes chers esclaves. Adieu. I bid you farewell, my dear slaves. Farewell. Du fond de mon cuer, merci beaucoup. Thanks from the bottom of My heart.

(I have carefully selected a beautiful and talented Mistress to take over My dungeon. You will find your new Mistress quite experienced and capable of satisfying your fetish. I have seen Her in Session. She is really excellent. Give her a try. I'm sure you will come to worship Her. You can reach Her at the same phone number: 561.305.5305 Her name is Mistress Selene. Her photo is available on My website www.goddesserica.com)
