Subject: Re: numbers follow-up

I take your point. We accept the deal on your terms if we can close right away.

Best,
Dan

silly response. Lesson 1 = why risk no deal for such a small difference in a big win. ?=C2

better but too complex, for ex, 400k. first everyone gets their money back, and the split is . 50 50 until 20 million 60 .40 up until 40 . 70 30 above 50. the larger amounts in your favor of course

Dear Jeffrey - Regarding our conversation yesterday, we'd propose the following for a \$1M investment:

=/div>

Any sale at or above \$50M, the investor gets 20%

Any sale between \$30M and \$50M, the investor gets 22%

Any sale at or below \$30M, and the investor's share as a percentage is calculated as $.09X^2 - 4.6X + 80$, where X is the sale price in millions.

This will guarantee a return on the investment for sales as low as \$1.5M (which would produce a 10% return). A \$4M sale would return the investor \$2.5M, a \$10M sale would return \$4.3M, etc.

Would welcome your thoughts and your investment.

Regards,
Dan=</div>
