Good evening Jeffrey.

We received white oak flitches today from two (2) different vendors – nice logs.

As you may be aware, “white oak” is actually a blonde wood, very light (see top photo below).

We will be washing the wood to provide that white / silvery color to at least bring the coloration into the range.

Planning my schedule for this coming week, do have an “idea” as to what time you think you may want to meet?

Warm regards,

Eric
