sneaky my phone is broken again! i think I still receive messages and calls but can't pick them up as my screen is just turned dark and not reacting on any bottom and i can't turn it off or on .... I went to apple store now at night but there is 3 hrs long wait list so I booked an appt for 7:30 am but not sure if I can wak dup without alarm... would you be able to try to call me a few times? I don't know other anyone else who wakes up at 6 am ))) I think i should be able to hear a call as my sound turned on,... Thank you
