I have mentioned before the issues I am having with this lady - who I have known for many years - actually from when I had my hotel in Scottsdale and she and her friends would hang around. It has now gotten to the point where I am very concerned that I can't get her out of my life - it's not that I want to be with her - but it's that she won't stop. She is always coming to ny to see her friends where I'm always dodging her not to mention how she has been holding me up in taking care of her - can't tell you the amount of money I have loaned her. Both [REDACTED] were away last week and I can't tell you how much I missed them - I would never want to be with out them- ever. I'm so distraught- I have been concerned for a while now but it's starting to really effect me I can't have it ruin my life or my children's. I love them so much - as I have told you often my family means everything to me. You have always been there for me - always been able to help me figure things out - I need your help. Let's discuss the next time I see you. Jeffrey - I never want to be with out my family -- as a family
