my suggestion is to become the Financial Confidant to the Prince /court / Ks.a whatever entity suits you

I would welcome the opportunity to be a, if not the , major contributor to the financial structuring of the vision. I am neither political. or military or spooky. I am happy to represent KSA interests. period. I know how wall street will try to play.and I am happy and privileged to act as his financial bodyguard.

I would need to review all financial components MYSELF. ministers consultants etc . the vision is in definite need of a financial architect otherwise instead of a beautiful palace it will look like a Bedouin village. It will take a few months to make myself aware of the needs and current conditions.

I would request a 30 minute skype or meeting every two weeks with the Prince. .

Raafat I have no intention of having to be someplace at a set time. I no longer work for anyone who believes they can require me to be someplace of their choosing I cherish my freedom and my friends. It is my ideas that are valuable , not the location of my body. :)

I know it is strange , but I do not want any money at all for the first year. zero. if agreed my firm could be reimbursed only for direct expenses travel etc. I of course would agree to never take commission fees , compensation in any form from any third party or participant. I want the understanding between you , your boss and I to be pure. my guidance will make a great deal of money for many people. At the end of the first year , the prince can decide whether to pay any amount to my firm that he sees fit . no negotiation he chooses the amount .

i will need to see the org chart for the pif. . a detailed summary of the financial operations. central bank, royal purse. ? ( the queen had the keeper of the privy purse ) . the legal structures for the university that Khalid spoke about , and a list of the best 6 people with an overall working knowledge of KSA finance.
