Tes

i spoke with her regarding the future
currently Tes and her husband live in PA
her husband who is american spent 22.5 years in the air force as a recruiter
he traveled the world from Japan to Italy to Germany and was tired of traveling so he retired and
took a job in PA in a post office
about 1 year ago he took a job in Virginia working in the State Department in their Diplomatic
Mail Unit - it appears he is involved with embassy mail around the world
he was promoted to supervisor and signed on with them for another year - he is currently staying
in a hotel in Virginia and returns home on the weekend to be with Tes
they were planning on doing work on their house and getting to ready to be sold so that Tes can
move to Virginia
Tes said that her plan was not to move for another 6-12 months

i suggested that Tes move to 71st and have her husband do the same
she did not appear 100% onboard with idea as she did not think her husband would want that
i asked her to think about and discuss with her husband over the weekend and that we could talk
again next week
